DIRECTORS' REPORT - YEAR ENDED DECEMBER 31, 2013

The Directors are pleased to submit their report on Seychelles Petroleum Company Limited together with the audited financial statements of the Group and the Company for the year ended December 31, 2013.

PRINCIPAL ACTIVITIES

The main activities of Seychelles Petroleum Company Limited (SEYPEC) comprise the following:

- (a) Supply of petroleum products in Seychelles;
- (b) Marine bunkering;
- (c) Aviation refuelling; and
- (d) Transshipment and transportation of petroleum and chemical products by tankers.

The activities of the subsidiaries are tanker rental and ship management.

FINANCIAL PERFORMANCE

Net loss for the year amounted to USD 10.4M (2012: USD 13.9M) for the Group and USD 10.9M (2012: USD 12.9) for the Company.

The Directors did not recommend the payment of any dividend for the year under review (2012: Nil).

DIRECTORS

The Directors of Seychelles Petroleum Company Limited and of those of its subsidiaries from the date of the last report to-date are as follows:

DIRECTORS' REPORT - YEAR ENDED DECEMBER 31, 2013

PROPERTY AND EQUIPMENT

The Group and the Company acquired property and equipment amounting to USD 2.5M during the year (2012: USD 6.6M) comprising mainly work-in-progress on buildings and plant and equipment. Buildings, tanks, pumps and petrol stations were last revalued in the prior year to USD 296.5M (Note 5).

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for the overall management of the affairs of the Company including operations and investment decisions.

The Board is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and in compliance with the Seychelles Companies Act, 1972. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies that fall within the accounting policies adopted by the Group; and making accounting estimates that are reasonable in the circumstances. The Directors have the general responsibility of safeguarding the assets, both owned by the Company and those that are held in trust and used by the Company.

The Directors consider they have met their aforesaid responsibilities.

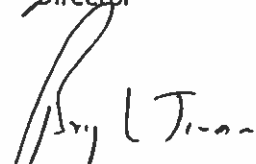

AUDITORS

The auditors, Messrs. BDO Associates, retire and being eligible offer themselves for reappointment.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

This report is made solely to the members of Seychelles Petroleum Company Limited ('the Company'), as a body, in accordance with the Companies Act, 1972. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Report on the Financial Statements

We have audited the financial statements of Seychelles Petroleum Company Limited and its subsidiaries (the "Group") and the Company's separate financial statements set out on pages 4 to 42, which comprise the statements of financial position as at December 31, 2013, statements of profit or loss, statements of other comprehensive income, statements of changes in equity and statements of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Directors' Responsibility for the Financial Statements

As stated on page 2(a) of the Directors' Report, the Board of Directors are responsible for the preparation of the financial statements.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

SEYCHELLES PETROLEUM COMPANY LIMITED

3(a)

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

Opinion

In our opinion, the financial statements on pages 4 to 42 give a true and fair view of the financial position of the Group and of the Company at December 31, 2013, and of their financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards and comply with the Companies Act, 1972.

Emphasis of matters

Going concern

The Group and the Company had net current liabilities of USD 23.5M (2012: USD 47.4M) and USD 17.5M (2012: USD 35.6M) respectively. The main shareholder has confirmed its continuous financial support to the Group and the Company and consequently the financial statements have been prepared on a going concern basis.

Financial statement of Vicnav Limited, a subsidiary company

We draw attention to the fact that for the year ended December 31, 2013, the financial statements of Vicnav Limited, one of the Company's subsidiaries was not available for consolidation purposes. We have obtained representations from the Directors in respect of the following:-

- that the fair value of the investment in Vicnav Limited approximate its cost at Company's level and no impairment is required as at December 31, 2013.
- at Group level, since Vicnav Limited reported a net loss of USD 14.6k and shareholders' deficit of USD 266k in 2012 and no material activities were reported in 2013, the Directors are of the opinion that the non-consolidation of this subsidiary would not have a material impact on the Group's performance for the current period under review.

Our opinion is not qualified in these respect.

Report on Other Legal and Regulatory Requirements

Companies Act, 1972

We have no relationship with, or interests in, the Company, other than in our capacity as auditors, tax and business advisers and dealings in the ordinary course of business.

We have obtained all information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

SEYCHELLES PETROLEUM COMPANY LIMITED

3(b)

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

Report on Other Legal and Regulatory Requirements

Public Enterprise Monitoring Commission Act, 2013

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

We have obtained all the information necessary for the purpose of our audit and are satisfied with the information received.

1. GENERAL INFORMATION

Seychelles Petroleum Company Limited is a limited liability Company incorporated and domiciled in Seychelles. The main activities of the Company is the supply of petroleum products, marine bunkering, aviation refueling and transshipment services and transportation of petroleum and chemical products by tankers. Its registered office is situated at New Port, Victoria, Mahé, Seychelles.

These financial statements will be submitted for consideration and approval at the forthcoming Annual General Meeting of Shareholders of the Company.

2. PRINCIPAL ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below.

(a) Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and comply with the Companies Act 1972. Where necessary comparative figures have been amended to conform with change in presentation in the current year. The financial statements of the Group have been prepared under the historical cost convention, except that:

- (i) certain property and equipment are carried at revalued amounts/deemed costs;
- (ii) available-for-sale financial assets are stated at their fair value; and
- (iii) relevant financial assets and financial liabilities are measured at fair value/amortised cost.

Standards, Amendments to published Standards and Interpretations effective in the reporting period

Amendments to IAS 1, 'Financial statement presentation' regarding other comprehensive income. The main change resulting from these amendments is a requirement for entities to group items presented in 'other comprehensive income' (OCI) on the basis of whether they are potentially reclassifiable to profit or loss subsequently (reclassification adjustments).

IFRS 10, 'Consolidated financial statements' builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess. *The standard is not expected to have any impact on the Group's/Company's financial statements.*

IAS 27, 'Separate Financial Statements' deals solely with separate financial statements. *The standard has no impact on the Group's/Company's financial statements.*

IFRS 11, 'Joint arrangements' focuses on the rights and obligations of the parties to the arrangement rather than its legal form. There are two types of joint arrangements: joint operations and joint ventures. Joint operations arise where the investors have rights to the assets and obligations for the liabilities of an arrangement. A joint operator accounts for its share of the assets, liabilities, revenue and expenses. Joint ventures arise where the investors have rights to the net assets of the arrangement; joint ventures are accounted for under the equity method. Proportional consolidation of joint arrangements is no longer permitted. *The standard is not expected to have any impact on the Group's/Company's financial statements.*

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(a) Basis of preparation (Cont'd)

Standards, Amendments to published Standards and Interpretations effective in the reporting period (Cont'd)

IAS 28, 'Investments in Associates and Joint Ventures'. The scope of the revised standard covers investments in joint ventures as well. IFRS 11 requires investments in joint ventures to be accounted for using the equity method of accounting. *The standard has no impact on the Group's/Company's financial statements.*

IFRS 12, 'Disclosures of interests in other entities' includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, structured entities and other off balance sheet vehicles. *The standard has no impact on the Group's/Company's financial statements.*

IFRS 13, 'Fair value measurement', aims to improve consistency and reduce complexity by providing a precise definition of fair value and single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs.

IAS 19, 'Employee benefits' was revised in June 2011. The changes on the group's accounting policies has been as follows: to immediately recognise all past service costs; and to replace interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability (asset).

IFRIC 20, 'Stripping costs in the production phase of a surface mine', *has no impact on the Group's/Company's financial statements.*

Amendment to IFRS 7, 'Financial instruments: Disclosures', on asset and liability offsetting. This amendment includes new disclosures and *is not expected to have any impact on the Group's/Company's financial statements.*

Amendment to IFRS 1 (Government Loans) *has no impact on the Group's/Company's financial statements.*

Annual Improvements to IFRSs 2009-2011 Cycle

IFRS 1 (Amendment), 'First time adoption of IFRS', *has no impact on the Group's/Company's operations.*

IAS 1 (Amendment), 'Presentation of financial statements', clarifies the disclosure requirements for comparative information when an entity provides a third balance sheet either as required by IAS 8, 'Accounting policies, changes in accounting estimates and errors' or voluntarily.

IAS 16 (Amendment), 'Property, plant and equipment', clarifies the spare parts and servicing equipment are classified as property, plant and equipment rather than inventory when they meet the definition of property, plant and equipment. *The amendment does not have an impact on the Group's/Company's operations.*

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)**(a) Basis of preparation (Cont'd)****Annual Improvements to IFRSs 2009-2011 Cycle (Cont'd)**

IAS 32 (Amendment), 'Financial instruments: Presentation', clarifies the treatment of income tax relating to distributions and transaction costs. *The amendment does not have an impact on the Group's/Company's operations.*

IAS 34 (Amendment), 'Interim financial reporting', clarifies the disclosure requirements for segment assets and liabilities in interim financial statements.

Standards, Amendments to published Standards and Interpretations issued but not yet effective (Cont'd)

Certain standards, amendments to published standards and interpretations have been issued that are mandatory for accounting periods beginning on or after 1 January 2014 or later periods, but which the Group/Company has not early adopted.

At the reporting date of these financial statements, the following were in issue but not yet effective:

IFRS 9 Financial Instruments**IAS 32 Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32)****Investment Entities (Amendments to IFRS 10, IFRS 12 and IAS 27)****IFRIC 21: Levies****Recoverable Amount Disclosures for Non-financial Assets (Amendments to IAS 36)****Notation of Derivatives and Continuation of Hedge Accounting (Amendments to IAS 39)****IFRS 9 Financial instruments (Hedge Accounting and amendments to IFRS 9, IFRS 7 and IAS 39)****Defined Benefit Plans: Employees Contributions (Amendments to IAS 19)****Annual Improvements to IFRSs 2010-2012 cycle****Annual Improvements to IFRSs 2011-2013 cycle**

Where relevant, the Group/Company is still evaluating the effect of these Standards, amendments to published Standards and Interpretations issued but not yet effective, on the presentation of its financial statements.

(b) Property and equipment

Buildings, tanks, pumps and petrol stations are carried at revalued amounts based on periodic triennial valuations by external independent valuers, less subsequent depreciation. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. All other property and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(b) Property and equipment (Cont'd)

Increases in the carrying amount arising on revaluation are credited to revaluation reserve in owners' interest. Decreases that offset previous increases of the same asset are charged against revaluation reserve directly in equity; all other decreases are charged to profit or loss.

Properties in the course of construction for operation purposes are carried at cost less any recognised impairment loss. Cost includes professional fees and for qualifying assets, borrowing costs capitalised. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is calculated on the straight line method to write off the cost or revalued of the assets, to their residual values over their estimated useful life as follows:

	Years
Leasehold land and buildings	Over the period of the lease
Double hull tankers	15 & 25 years
Furniture, fittings & other equipment	3 - 10 years
Plant and equipment	3 - 50 years
Tanks, pumps and petrol stations	2½ - 10 years
Vehicles and refuellers	4 - 7 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Gains and losses on disposals of property and equipment are determined by comparing proceeds with carrying amount and are included in the statement of profit or loss. On disposal of revalued assets, the amounts included in revaluation surplus are transferred to retained earnings.

(c) Intangible assets

Computer software

Acquired computer software licences are capitalised on the basis of costs incurred to acquire and bring to use the specific software and are amortised using the straight line method over their estimated useful lives.

Costs associated with developing or maintaining computer software are recognised as an expense as incurred.

(d) Investment in subsidiaries

Separate financial statements of the investor

In the separate financial statements of the investor, investment in subsidiary company is carried at cost. The carrying amount is reduced to recognise any impairment in the value of investment.

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(d) Investment in subsidiaries (Cont'd)

Consolidated financial statements

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group.

The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the statement of profit or loss.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Transactions and non-controlling interests

The Group treats transactions with non-controlling interests as transactions with equity owners of the Group. For purchases from non-controlling interests, the difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in statement of profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statement of profit or loss.

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(e) Financial instruments

Categories of financial assets

The Group classifies its financial assets in the following categories : financial assets through profit or loss, loans and receivables, held-to-maturity, and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired.

Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting. Management classifies its investments as available-for-sale financial assets.

Available-for-sale financial assets

Available for sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within twelve months to the end of the reporting period.

Initial measurement

Purchases and sales of available-for-sale financial assets are recognised on trade-date (or settlement date), the date on which the Group commits to purchase or sell the asset. They are initially measured at fair value plus transaction costs and subsequently carried at fair value.

Subsequent measurement

Available-for-sale financial assets are subsequently carried at their fair values.

Investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost.

Unrealised gains and losses arising from changes in the fair value of financial assets classified as available-for-sale are recognised in equity. When financial assets classified as available-for-sale are sold or impaired, the accumulated fair value adjustments are included in the statement of profit or loss as gains and losses on financial assets.

Derecognition

Available-for-sale financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered in determining whether the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss measured as the difference between acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in equity is removed from equity and recognised in the statement of profit or loss. Impairment losses for an investment in an equity instrument are not reversed through the statement of profit or loss.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)**(e) Financial instruments (Cont'd)****(i) Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

(ii) Trade receivables

Trade receivables are recognised initially at fair value less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. The amount of provision is recognised in the statement of profit or loss.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of provision is recognised in the statement of profit or loss.

(iii) Borrowings

Borrowings are recognised initially at fair value being their issue proceeds net of transaction costs incurred.

Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the date of the reporting period.

(iv) Trade payables

Trade payables are stated at fair value and subsequently measured at amortised cost using the effective interest method.

(vi) Cash and cash equivalents

Cash and cash equivalents include cash in hand, short term deposits held with banks and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

(v) Share capital

Ordinary shares are classified as equity.

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(f) Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, if the deferred tax arises from initial recognition of an asset or liability in a transaction, other than a business combination, that at the time of the transaction affects neither accounting nor taxable profit or loss, it is not accounted for.

Deferred tax is determined using tax rates that have been enacted by the end of the reporting period and are expected to apply in the period when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which deductible temporary differences can be utilised.

(g) Inventories

Inventories are stated at lower of cost and net realised value. Cost is determined by the first-in, first-out (FIFO) method. Net realisable value is the estimate of the selling price in the ordinary course of business less selling expenses.

(h) Retirement benefit obligations

Defined benefit plans

The Group provides for a payment of gratuity to permanent employees. Gratuities are paid every five years (except in the case of early retirement) as from January 2007, for continuous service. The amount provisioned every year is based on the number of years the employee has worked after the last payment date. This type of employee benefits has the characteristics of a defined benefit plan. The liability recognised in the statement of financial position in respect of the defined benefit plan is the present value of the defined obligation at the reporting date less fair value of plan assets together with adjustments for unrecognised actuarial gains and losses and past service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating the terms of the related pension liability.

The Company does not carry out any actuarial valuation since the Directors have based themselves on the method as prescribed by the Seychelles Employment Act and they have estimated that the amount of liability provided will not be materially different had it been computed by an external Actuary.

(i) Foreign currencies

(i) *Functional and presentation currency*

Items included in the financial statements are measured using US Dollars, the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements of the Group are presented in US Dollar, which is the Group's functional and presentation currency.

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(i) Foreign currencies (Cont'd)

(ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss.

(ii) *Transactions and balances (cont'd)*

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of profit or loss within 'finance income or cost'. All other foreign exchange gains and losses are presented in the statement of profit or loss within 'other (losses)/gains - net'.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date the fair value was determined.

Translation differences on non-monetary items, such as equities held at fair value through profit or loss, are reported as part of the fair value gain or loss. Translation differences on non-monetary items, such as equities classified as available-for-sale financial assets, are included in the fair value reserve in equity.

(iii) *Group companies*

The results and financial position of all the Group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of the statement of financial position.
- (b) Income and expenses for each statement of profit or loss are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (c) All resulting exchange differences are recognised in other comprehensive income.

As at year end, the main exchange rates against US Dollar were as follows:

	<u>2013</u>	<u>2012</u>
	USD	USD
1 Seychelles Rupee	0.0816	0.0773
1 Euro	<u>1.3742</u>	<u>1.3141</u>

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

(j) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

(k) Operating leases

Assets leased out under operating leases are included in property and equipment in the statement of financial position. They are depreciated over their expected useful lives on a basis consistent with similar fixed assets. Rental income is recognised on a straight line basis over the lease term.

(l) Revenue recognition

Revenue comprises the fair value for the sale of goods and services, net of tax, rebates and discounts and after eliminating sales within the Group.

Sales and other revenues earned by the Company and its subsidiaries are recognised on the following bases:

Sales

- (i) Sales of products - when products are delivered and title has passed;
- (ii) Revenue from tankers on time charter - on a time-portion basis; and
- (iii) Revenue from tankers on voyage charter - upon delivery of the cargo at the port of discharge.

Other revenues

- (i) Interest income - on a time-proportion basis using the effective interest method. When a receivable is impaired, the company reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at original effective interest rate, and continues unwinding the discount as interest income. Interest income on impaired loans is recognised either as cash is collected or on a cost-recovery basis as conditions warrant.
- (ii) Dividend income - when the shareholder's right to receive payment is established.

(m) Provisions

Provisions are recognised when the company and its subsidiaries has a present or constructive obligation as a result of past events; it is probable that an outflow of resources that can be reliably estimated will be required to settle the obligation.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

3. FINANCIAL RISK MANAGEMENT

3.1 Financial Risk Factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk and fair value interest risk), credit risk and liquidity risk.

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effect of the company's financial performance.

A description of the significant risk factors is given below together with the risk management policies applicable.

(a) Market risk

(i) Currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to Seychelles Rupee and Euro.

If the US Dollar had weakened/strengthened against the above currencies by $\pm 5\%$ with all other variables remaining constant, the impact (increase/(decrease)) on the results for the year would have been mainly as a result of foreign exchange gains/(losses) as depicted in the table hereunder.

THE GROUP

	Seychelles Rupee		Euro	
	2013	2012	2013	2012
	USD'000	USD'000	USD'000	USD'000
Bank balances	322	25	-	2
Trade and other receivables	669	632	51	47
Trade and other payables	(341)	(357)	(102)	(38)
Borrowings	-	(234)	(1,135)	(612)

THE COMPANY

	Seychelles Rupee		Euro	
	2013	2012	2013	2012
	USD'000	USD'000	USD'000	USD'000
- Bank balances	322	25	-	-
- Trade and other receivables	669	632	51	47
- Trade and other payables	(341)	(357)	(95)	(11)
- Borrowings	-	(234)	-	-

(ii) Cash flow and fair value interest rate risk

The Group's income and operating cash flows are exposed to interest rate risk as it sometimes borrows at variable rates.

At December 31, 2013, if interest rates on floating rate borrowings had been $\pm 0.10\%$ higher/(lower) with all other variables held constant, results for the year would have been higher/(lower) by USD'000 102 (2012: USD'000 109) for the Group and USD'000 43 (2012: USD'000 46) for the Company due to impact on interest expense on loans.

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (Cont'd)

(a) Market risk

(iii) *Equity price risk*

The Group is susceptible to equity market price risk arising from uncertainties about future prices of the equity securities because of investments held by the Group and classified on the statement of financial position as available-for-sale financial assets.

Sensitivity analysis

The table below summarises the impact of increases/(decreases) in the fair value of the investments on equity. The analysis is based on the assumption that the fair value has increased/(decreased) by 5%.

	THE GROUP AND THE COMPANY	
	2013	2012
	USD'000	USD'000
Available-for-sale	537	627

(b) Credit risk

The Group's credit risk is primarily attributable to its trade receivables.

The Group has a significant concentration of credit risk, with a wide exposure spread over a small number of customers. However, the Group has policies in place to ensure that sales of products and services are made to customers with an appropriate credit history.

The table below shows the credit concentration of the company at the end of the reporting period.

	THE GROUP AND THE COMPANY	
	2013	2012
	%	%
10 major counterparties	70	69
Others (diversified risk)	30	31
	100	100

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and availability of funding through an adequate amount of committed credit facilities.

Management monitors rolling forecasts of the Group's liquidity reserve on the basis of expected cash flow.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.1 Financial Risk Factors (Cont'd)

(c) Liquidity risk (Cont'd)

The table below analyses the Group's financial exposure into relevant maturity groupings based on the remaining period at the date of the reporting period to the contractual maturity date.

THE GROUP	Less than 1 year USD'000	Between 1 & 2 years USD'000	Between 2 & 5 years USD'000	After 5 years USD'000	Total USD'000
At December 31, 2013					
Bank borrowings	39,972	14,368	25,541	22,171	102,052
Trade and other payables	61,552	-	-	-	61,552
	<u>101,524</u>	<u>14,368</u>	<u>25,541</u>	<u>22,171</u>	<u>163,604</u>
At December 31, 2012					
Bank borrowings	50,036	14,140	36,480	8,789	109,445
Trade and other payables	73,138	-	-	-	73,138
	<u>123,174</u>	<u>14,140</u>	<u>36,480</u>	<u>8,789</u>	<u>182,583</u>
THE COMPANY	Less than 1 year USD'000	Between 1 & 2 years USD'000	Between 2 & 5 years USD'000	Total USD'000	
At December 31, 2013					
Bank borrowings	34,067	8,864	-	42,931	
Trade and other payables	61,400	-	-	61,400	
	<u>95,467</u>	<u>8,864</u>	<u>-</u>	<u>104,331</u>	
At December 31, 2012					
Bank borrowings	38,696	2,800	4,172	45,668	
Trade and other payables	72,609	-	-	72,609	
	<u>111,305</u>	<u>2,800</u>	<u>4,172</u>	<u>118,277</u>	

3.2 Fair value estimation

The fair value of financial instruments traded in active market is based on quoted prices at the end of the reporting period. A market is regarded active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Instruments included in level 1 comprise primarily quoted equity investments classified as trading securities or available-for-sale.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

3. FINANCIAL RISK MANAGEMENT (CONT'D)

3.3 Capital risk management

The Group's objectives when managing capital are:

- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Group sets the amount of capital in proportion to risk. It manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Group monitors capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as net debt adjusted capital. Net debt is calculated as total debt less cash and cash equivalents. Adjusted capital comprises all components of equity (i.e. share capital, minority interest, retained earnings, revaluation reserve and capital reserves) other than amounts recognised in equity relating to cash flow hedges, and includes some forms of subordinated debt.

During 2013, the Group's strategy, which was unchanged from prior year, was to maintain the debt-to-adjusted capital ratio at an adequate level in order to secure access to finance at a reasonable cost.

The debt-to-adjusted capital ratios at December 31, 2013 and at December 31, 2012 were as follows:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD'000	USD'000	USD'000	USD'000
Total debt	102,052	109,445	42,931	45,668
Less: cash and cash equivalents	(9,464)	(7,579)	(9,418)	(7,532)
Net debt	<u>92,588</u>	<u>101,866</u>	<u>33,513</u>	<u>38,136</u>
Owner's interest	<u>327,971</u>	<u>331,181</u>	<u>350,517</u>	<u>353,250</u>
Debt-to-adjusted capital ratio	<u>0.28</u>	<u>0.31</u>	<u>0.10</u>	<u>0.11</u>

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) *Buildings, tanks, pumps and petrol stations*

Buildings, tanks, pumps and petrol stations are carried at fair value, representing their open-market value determined by external valuers.

(b) *Impairment of available-for-sale financial assets*

The Group follows the guidance of IAS 39 on determining when an investment is other-than-temporarily impaired. This determination requires significant judgement. In making this judgement, the Group evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost, and the financial health of and near-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flow.

(c) *impairment of other assets*

At the end of each reporting period, management reviews and assesses the carrying amounts of other assets and where relevant writes them down to their recoverable amounts based on best estimates.

(d) *Fair value estimation*

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at the end of the reporting period.

(e) *Depreciation policies*

Property, plant and equipment are depreciated to their residual values over their estimated useful lives. The residual value of an asset is the estimated net amount that the Company would currently obtain from the disposal of the asset, if the asset were already of the age and in condition expected at the end of its useful life.

The directors therefore make estimates based on historical experience and use best judgement to assess the useful lives of assets and to forecast the expected residual values of the asset at the end of their expected useful lives.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Critical accounting estimates and assumptions (Cont'd)

(f) *Pension benefits*

The present value of the pension obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost for pensions include the discount rate. Any changes in these assumptions will impact the carrying amount of pension obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the pension obligations. In determining the appropriate discount rate, the Company considers the interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related pension liability.

The Group has not carried out any actuarial valuation since the Directors have based themselves on the method as prescribed by the Seychelles Employment Act and they have estimated that the amount of liability provided will not be materially different had it been computed by an external Actuary.

(g) *Non consolidation of subsidiary*

The financial statements of Vicnav Limited, one of the subsidiaries was not made available for consolidation purposes. The fair value of the investment in Vicnav Limited has been assumed to approximate its cost at Company's level and no impairment is required as at December 31, 2013. At Group level, Vicnav Limited reported a net loss of USD 14.6k and shareholders' deficit of USD 266k in 2012 and since there were no material activities reported in 2013, the non-consolidation of this subsidiary has been assumed to have no material impact on the Group's performance for the current period under review.

(h) *Limitation of sensitivity analysis*

Sensitivity analysis in respect of market risk demonstrates the effect of a change in a key assumption while other assumptions remain unchanged. In reality, there is a correlation between the assumptions and other factors. It should also be noted that these sensitivities are non-linear and larger or smaller impacts should not be interpolated or extrapolated from these results.

Sensitivity analysis does not take into consideration that the Group's assets and liabilities are actively managed. Other limitations include the use of hypothetical market movements to demonstrate potential risk that only represent the Group's views of possible near-term market changes that cannot be predicted with any certainty.

13. BORROWINGS

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
<i>Bank borrowings</i>				
- Non-current	62,080,521	59,408,842	8,864,077	6,971,931
- Current	39,971,703	50,036,271	34,066,932	38,696,215
	<u>102,052,224</u>	<u>109,445,113</u>	<u>42,931,009</u>	<u>45,668,146</u>

- (a) The effective interest rates of bank borrowings currency-wise at the end of the reporting period were as follows:

	THE GROUP AND THE COMPANY	
	2013	2012
	%	%
- Euro	2.18% - 4.15%	3.76% - 4.15%
- US Dollar	2.18% - 8.09%	1.46% - 8.09%
- Seychelles Rupee	5%	5%

- (b) The maturity of non-current borrowings is as follows:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
After one year and before two years	14,368,332	14,139,626	8,864,077	2,799,513
After two years and before five years	25,541,392	36,479,964	-	4,172,418
After five years	22,170,797	8,789,252	-	-
	<u>62,080,521</u>	<u>59,408,842</u>	<u>8,864,077</u>	<u>6,971,931</u>

- (c) The exposure of the Group's and the Company's borrowings to interest rate changes are as follows:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
Less than six months	22,635,364	24,513,049	19,682,979	17,509,276
Between six and twelve months	16,358,108	22,266,712	13,405,723	15,425,943
Between one and five years	38,931,494	54,770,952	7,885,846	4,146,568
Over five years	22,170,797	1,551,909	-	-
	<u>100,095,763</u>	<u>103,102,622</u>	<u>40,974,548</u>	<u>37,081,787</u>
Borrowings with fixed interest rates	1,956,461	6,342,491	1,956,461	8,586,359
	<u>102,052,224</u>	<u>109,445,113</u>	<u>42,931,009</u>	<u>45,668,146</u>

- (d) The carrying amounts of the Group's and the Company's borrowings are denominated in the following currencies:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
US Dollar	79,345,678	92,529,745	42,931,009	40,994,714
Seychelles Rupee	-	4,673,432	-	4,673,432
Euro	22,706,546	12,241,936	-	-
	<u>102,052,224</u>	<u>109,445,113</u>	<u>42,931,009</u>	<u>45,668,146</u>

- (e) The carrying amounts of borrowings approximate their amortised costs.

- (f) Bank borrowings are secured on some of the assets of the Group, including property and equipment and trade receivables.

NOTES TO THE FINANCIAL STATEMENTS - YEAR ENDED DECEMBER 31, 2013

13. BORROWINGS (CONT'D)

- (g) Borrowings comprise bank loans from PTA Bank and KfW IPEX Bank GmbH. Instalments repayable for some of the loans from KfW IPEX Bank GmbH were re-negotiated and rescheduled in the current period.

14. DEFERRED TAXES

Deferred taxes are calculated on all temporary differences under the liability method at 30% (2012: 33%/4.25%) for the Group and 30% (2012: 33%) for the Company.

- (a) There is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets and liabilities when the deferred taxes relate to the same fiscal authority on the same entity. The following amounts are shown in the Statement of Financial Position:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
Deferred tax assets (note (c)(i))	(1,877,533)	(16,247,377)	(1,876,986)	(16,246,830)
Deferred tax liabilities (note (c)(ii))	48,799,317	65,731,496	48,799,304	65,731,483
	<u>46,921,784</u>	<u>49,484,119</u>	<u>46,922,318</u>	<u>49,484,653</u>

- (b) The movement on the deferred tax account is as follows:

	THE GROUP		THE COMPANY	
	2013	2012	2013	2012
	USD	USD	USD	USD
At January 1,	49,484,119	15,783,063	49,484,653	15,782,935
Charged/(credited) for the year	(5,306,590)	32,893,149	(5,306,590)	32,893,798
Exchange differences	2,744,255	807,907	2,744,255	807,920
At December 31,	<u>46,921,784</u>	<u>49,484,119</u>	<u>46,922,318</u>	<u>49,484,653</u>

Charge/(credit) for the year is analysed as follows:

- Statement of profit or loss (note 17)	6,201,850	181,888	6,201,850	182,537
- Other comprehensive (income)/ expense	(11,508,440)	32,711,261	(11,508,440)	32,711,261
	<u>(5,306,590)</u>	<u>32,893,149</u>	<u>(5,306,590)</u>	<u>32,893,798</u>

- (c) The movement in deferred tax assets and liabilities during the year, without taking into consideration the offsetting of balances within the same fiscal authority on the same entity, is as follows:

(i) *Deferred tax assets*

The Group	Accelerated tax	Tax	Impairment	Retirement	Total
	depreciation	losses	losses	benefit obligations	
	USD	USD	USD	USD	USD
At January 1, 2012	(1,056,765)	-	(1,152,665)	(327,161)	(2,536,591)
Credit for the year	1,110,338	(14,289,058)	(414,273)	12,078	(13,580,915)
