Mon ti annan zis en kestyon zot pe zis *register*, zot pa pe *licence* sa *coin* li menm, be si sa lakonpanyen ki pe *issue* sa *coin offering*, i pe lans en *token* ki *closed* e ki vin en lakonpanyen *on a blockchain* dan li menm. I pa parti sa lakonpanyen, sa *coin* ki li i pe lanse be sa *token* ki i pe lanse i pa form parti son lakonpanyen i vin endepandan e i vin en lakonpanyen dan li menm *on the blockchain*.

Zis *registered* e i *unlicensed* prezan mon pe gete si zot annan en provizyon pou sa. Mersi Mr Speaker.

Prezan *once* ki i anrezistre sa *coin* avek sa *NFT*, i pou bezwen al kot en *licensee* ki anba sa Lalwa i pou en *VASP* li menm li or en *licensee* anba *Securities Act* ki pou kapab *market* e promot sa *NFT or coin*. Sa *coin* avek *NFT* orizinalman i pou ganny kree atraver en *blockchain* son prosedir normal.

So sa lakonpanyen li menm li i pou kre ou byen i pou *issue* i pou vin kot FSA pou anrezistre. Nou, nou pou kit zis sa rezis pou konnen lekel ki'n fer, kote e tou bann lenformasyon neserer. Mersi Mr Speaker.

MR SPEAKER

Mersi. Onorab Hoareau nou a kontinyen. Ou ti'n ariv lo paz 12 mon krwar.

HON JOHN HOAREAU

Yes Mr Speaker, nou lo paz 12 anba *subsection (o)*.

Parey mon'n dir nou retir sa mo “a” apre sa mo “where” dan dezyenm laliny e lo trwazyenm laliny nou retir “s” avek “arises” so i lir koman “arise”. (p) sivre sa i vin (p), nou retir sa mo “the” apre “with” lo premye laliny e osi “authorities” dan plas “authority”, so nou pe met “ies” e nou pe retir “y”.

Nou *proceed to (q)* kot komansman fraz nou pe met ‘to’.

Nou al aprezan lo menm paz menm anba ‘licensing’ Speaker Onorab Georges i annan en pti keksoz pou dir.

MR SPEAKER

Onorab wi, mon war ou lanmen prezan. Wi, Onorab Georges.

HON BERNARD GEORGES

Mersi Mr Chair. Bonzour Mr Chair, bonzour tou dimoun. Mr Chair, eskiz mwan, mon retourn en pti kou lo paragraf (o) lo paz 12, eskiz mwan mon pe sey regarde si vreman sa “s” dan “arise” i devret tire.

“Where a reasonable suspicion of criminal activities arises” sa mon konpran akoz i enn, me ler nou met “where is reasonable suspicion of

criminal activities arise” eski i fer...

MR SPEAKER

Ou pe dir *subject “is suspicion of criminal activities.”*

HON BERNARD GEORGES

That’s right, that’s exactly right, swa fodre si nou tir sa “s” mon krwar nou bezwen met “suspicions’ in the plural “where reasonable suspicion or criminal activities arise”. Ou konpran mwan?

MR SPEAKER

Wi, mon ti a sizere ki mannyer pli fasil se retourn lo *wording original*, i zis en pti koreksyon *grammar* Onorab Hoareau e si napa okenn obzeksyon lo Manm oubyen *panel* ki nou retourn lo *original “suspicion arises”*, akoz “suspicion” i en *singular*.

HON JOHN HOAREAU

Ok, so nou met sa “a” apre “where a reasonable suspicion of criminal activity arises”.

MR SPEAKER

Thank you, mon krwar nou dakor lo la. Ou kapab kontinyen.

HON JOHN HOAREAU

Ok, nou kontinyen avek anba *licensing 5(1)* dezyenm laliny apre sa mo “herself” nou'n azout “or itself”.

Apré lo trwazyenm laliny apre sa mo “*from*” nou retir “*the Seychelles*” nou kit li “*from Seychelles*”.

MR SPEAKER

Un instant, wi, Onorab Loze?

HON JOHAN LOZE

Yes, Mr Speaker. Sorry, mon'n zis en pti pe pli devan sa ki mon ti pe demann ou, aköz mon ti pe lev lanmen boner pou ou ganny letan war mwan, mon kestyon pou FSA i lo 6(3) “*for the purpose of the following Act, persons are eligible for a licence as virtual...*”

E sa 2 kategori “*a*” ek “*b*” ki ganny cited se a company incorporated anba Companies Act apre an international business, mon oule zis fer kler la en Seselwa e letan mon pe koz lo Seselwa, en Seselwa, en endividi ki pa hold licence pou either, en lakonpanyen registered anba en international business, ouswa 1972 Companies Act, ou pa liable pou ki anrezistre en VASP avek FSA unless ou hold enn ant sa 2 licences. Mersi Mr Speaker.

MR SPEAKER

Mersi. Nou a pran komanter panel lo la si i annan. Mr Samson. question mark

CEO FSA RANDOLPH SAMSON

Onorab, merci pou ou kestyon. *So the requirements pou ou kapab apply pou en licence, you need to be registered either as a Domestic Company 1972 or as an IBC, so koman en endividi en natural person you would not be able to, so that is...*

MR SPEAKER

Thank you. Merci pou ou leksplikasyon. Onorab Hoareau nou...

HON JOHN HOAREAU

Nou retourn lo paz 12 5(2) anba licensing, ankor 5(2) “*no person shall be*” - “*shall*” sorry, “*no person shall in or any form*”, sorry mon a relir sa; -

“*no person shall in or from*” nou retir “*the Seychelles*” nou kit li koman “*Seychelles*” apre nou retir apre sa mo ‘*Seychelles*’, “*be permitted to*”.

Nou al aprezan lo paz 13 anba 6(1) dezyenm laliny apre sa mo “*licence*” nou retir “*can*” e nou met “*may*”.

Nou al aprezan lo paz 14 anba subsection 4(d) nou retir, sorry, nou'n azout “*satisfies the authority that it*” lo komansman e apre i kontinyen avek son wording “*will be able*”.

Prezan nou al lo *(h)* anba *subsection (h)* satisfies the authority that an approval is in the public interest having regards” nou retir sa “s” avek “regards”.

Nou al aprezan lo paz 15 anba *subsection (7)*, trwazyenm laliny nou retir sa mo “reasonably” apre sa mo “or”, apre i kontinyen “should” la aprezan nou remet sa mo “reasonably” apre “should” ki fer li lir en pti pe pli byen.

E answit lo dernyen laliny sa *clause* apre sa mo “fine as” nou'n met “is”, so “fine as is specified under section 33”.

Prezan nou al lo anba *conditions attaching to licensee, to licence* sorry anba paz 15 menm 8(2), 8(2) nou'n retir en *whole paragraph* e i pou lir koumsa; -

“a licensee shall at all times its licence on display at it's principal place of business in the Seychelles, in Seychelles and the licence...”.

MR SPEAKER

Mon war Minis in lev lanmen, *Minister*, nou a les li fini oubyen ou komanter i vin avan?

MINISTER NAADIR HASSAN

Mersi Mr Chair. Non, mon ti oule *go back to* en seksyon, i annan en mo ki pe fatig mwan en pe, ki mon pa war e mon pa

tro krwar i *the right wording*, lo seksyon 7(4)(b) kot nou pe dir “satisfy the authority that will be able if licenced to comply with any financial resources”.

Mon krwar *the proper wording here should be* “with any financial obligation,” sa mo “financial resources” pa pe antre byen la. *It should be* “financial obligation”.

MR SPEAKER

So, Onorab Georges?

HON BERNARD GEORGES

Etandonnen ki Minis pa kapab - mersi Mr Chair - etandonnen ki Minis pa kapab propoz en lamannman, eski mon kapab demann ou permisyon pou propoz en *simple amendment* pou sanz *resources to* “obligations” dan sa paragraf? Mersi.

MR SPEAKER

Wi. So, Minis in - ou pe propoz sa? Okenn obzeksyon ouswa komanter *from other members?* So sa i annord nou a pran li koman en *simple amendment*. Ok, Onorab Hoareau ou kapab retourn kot ou ti'n arive.

HON JOHN HOAREAU

Mersi Mr Chair. Wi, nou pe kontinyen lo paz 15.

MR SPEAKER

Wi, ou a rekomans sa seksyon 2.

HON JOHN HOAREAU

Wi, 2 wi, mon ava lir sa seksyon ki manner i devret ganny lir.

MR SPEAKER

Un instant. Onorab Gill, ou pwen i vin, *go ahead.*

HON CHURCHILL GILL

Bonzour Mr Speaker. Bonzour tou dimoun. Mon ti lo 8(a) menm i ti zis en klarifikasyon, konmsi rezondet akoz ki (a) ou bezwen limit *number of clients* ki pou ganny *licence*, apre (c) ou limit maksimonm *value* pour sa *individual clients*. Zis rezondet.

MR SPEAKER

8(1)(a) ou pe dir en? Yes. Mr Elizabeth?

HON CHURCHILL GILL

Relasyon avek (c) - 8(1)(c)(2).

MR SPEAKER

Yes, mon konpran ou. Mr Elizabeth, mon krwar. Wi?

**MANAGER PRODUCT
DEVELOPMENT &
RESEARCH UNIT FSA
MARCUS ELIZABETH**

Mersi Mr Speaker. Si pou reponn kekyon Onorab, *limiting the number of clients*, normalman en VASP son

loperasyon manner i *operate* nenport kliyan, kantite kliyan ki kapab *subscribe* pou servi son servis, i annan lenstans kot i annan VASP zot pran bokou kliyan zis *for the purpose of* pou zot pa ganny *commission*.

Laminizman sa bann *asset* laminizman *funds* ki i annan, zot pa pe kapab - i tro an kontrol lo zot. Sanmenm sa ki nou'n met serten paramet ki pou regulariz kantite kliyan ki en *licensing* pou kapab *operate*.

Akoz i annan ki oule fer bokou larzan pou *commission* e zot pratik i pa neserman anliny avek standar en *requirements*. So sa i pou permet nou kapab etabli kantite kliyan son maksimonm ki i pou kapab servi.

Kot i konsern son *value*, son kalite servis osi ki i kapab ofer, akoz VASP li menm li son servis i kapab fer i dinamik i kapab sanze preski toulezour, alors i devret pe kapab *operate* fer servis pour ki i ganny otorize anba son *licence* ki i pou gannyen.

So nou pe spesifye ki nou kapab fer sa servis, lakantite kliyan e si ou al an deor sa la ki nou kapab antre pou prezan bann aksyon *reinforcement* avek zot. Sa i vin koman en kondisyon zot *licence*. Si zot santi ki zot kapab al plis zot

demontre avek lotorite kot zot kapab servi plis kliyan pou fer plis servis e la nou, nou konsidere pou donn zot sa permisyon. Mersi Mr Speaker.

MR SPEAKER

Thank you. Wi, Mr Samson, i oule azoute?

CEO FSA RANDOLPH SAMSON

Mersi Mr Speaker. Apre pou konplimant larepons mon koleg, sa seksyon la i osi tou i *provide* pou en eleman *consumer protection*. Parey nou konnen dan lenvestisman i annan diferan kalite lenvestiser. I annan lenvestiser lenstitisyonnel avek bann ki *retail*.

So lo kote sa bann konstitisyon, Lotorite i annan sa diskresyon pou regarde si sa lakonpanyen petet i pe *serve* bann lenvestiser *retail* ki zot, zot napa *as much* ledikasyon *as* bann *institutional investors of clients, then* i kapab annan serten kondisyon pou limit en pe aktivite ki sa bann VASP pe *carry out*. Mersi.

MR SPEAKER

Mersi. Mersi pou ou lesplikasyon. Onorab Hoareau.

HON JOHN HOAREAU

Mersi Mr Chair. Mr Chair, mon ava relir sa bout ki mon'n komans lir taler - mon'n arete.

Annefe nou'n bezwen met li an *listed format* akoz i menm keksoz ki'n ganny mete dan sa paragraf ki nou'n retire, me selman nou'n bezwen met li an *listed format* an vi ki i annan bokou bann diferan eleman ki i bezwen ganny *listed*.

"A licensee shall at all times keep its licence on display at its principal place of business in Seychelles and the licence shall include the following licensing information;

-

(a) The date upon which the licence was issued

(b) The associated licence number

(c) Any other business or trade name by which the licensee is known

(d) The conditions attached to the licence

Kontinyen lo lot paz 16.

(e) The activities for which the licence has been issued

(f) Activities which are unlicensed by the authority

(g) The address of the principal place of business or in Seychelles.

MR SPEAKER

Nou ava aret la pou le moman, Minis in lev lanmen mon'n

prefere les Onorab Hoareau fini lir son paragraf pou pa retourn lo la. Minis ou premye?

MINISTER NAADIR HASSAN

Mersi Mr Chair. Mon pe zis lir premye bout sa *clause*, mon krwar i annan en bout ki nou kapab tire; -

“A licensee shall at all times keep its licence on display at the principal place of business in Seychelles and the licence shall include the following..”

Mon pa war li neser pou met *“licensing information”* akoz nou konnen nou pe koz lo *“licensing information”* la i vin ne repetisyon ki pa neser, mon ti ava kekfwa mazine nou ti kapab fini sa fraz *“shall include the following”*. Mersi.

MR SPEAKER

Mon krwar nou kapab war li koman en senp *amendment*, Manm i oule adres lo sa pwen spesifik premye? Onorab Georges?

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, non, mon pa pe adres lo sa pwen, me mon annan enn de lezot propozisyon lamannman pou fer. Mersi.

MR SPEAKER

Ok, be les nou a fini dil avek sa pwen Minis pe sizere ki nou *delete “licensing information.”* Oule fer sa lamannman Onorab Georges lo lapar Minis?

HON BERNARD GEORGES

Wi, les nou fini sa enn Mr Chair mon dakor avek ou. Mon propoze ki sa 2 mo *“licensing information”* well, first of all permet mwan pou *move* en *amendment to the amendment* pou *delete* sa mo - sa 2 mo *“licensing information”* dan *chapeau of the proposed new subclause 2*. Mersi.

MR SPEAKER

Thank you. Okenn komanter *other members*, napa lobzeksyon ki nou tret sa koman, Onorab Pillay, ou lo sa pwen?

HON SEBASTIEN PILLAY

Wi, wi Mr Chairman. Mon konpran rezondet akoz ki nou oule *delete* sa mo *“licensing information”* akoz sa bann keksoz ki pe liste i deza bann lenformasyon.

Me selman mon ti a kontan *panel* i klarifye en keksoz anler nou'n dir poudir sa *licence* pou ganny *display* dan *its principal place of business* and then nou ranforsi poudir *the licensee shall display such information*

on its website in an permanent manner.

Prenon kont ki Onorab pe propoz *delete "licensing information"* mon ti a zis demann FSA pou klarifye *how practical* i pou ete e ki kalite dokiman ki pou kapab *display* tou sa bann keksoz *prominently physically*?

Par egzanp en *retailer* ozordi i *display* son *retail licence* - i zis en senp dokiman, mon pwen i se ki i pou difisil pou en dimoun *display* tousala dan en sel dokiman e dan ki *format* i pou ganny fer?

MR SPEAKER

Mersi. So mon *assume* ki nou'n aksepte sa lamannman, Manm pa'n obzekte, Minis, *panel* nou a pran pwen Onorab Pillay?

CEO FSA RANDOLPH SAMSON

Mersi Mr Speaker. Mersi Onorab Pillay. So ordinerman nou bann *licence certificate* i pou *include* tou sa bann lenformasyon ki'n ganny liste la e petet lo kote *website* osi tou, nou pou bezwen fer sir ki sa bann lenformasyon in ganny reflekte, aköz *again* zis pou montre sa bann lenvestiser *the public* poudir *actually* sa antite i *licenced*. E apre i annan *website* FSA osi tou ki dimoun i kapab al lo la pou gete.

MR SPEAKER

Wi, Onorab Pillay?

HON SEBASTIEN PILLAY

Zis mon pe demande Mr Speaker avek Minis.

But then isn't 3 surplus to requirements, aköz ou pa zis dir anler dan 2 al *its increased per place of business and on its website in Seychelles and on its website* - konmsi ou ti'n kapab met tousala dan sa *chapeau* ou *rather* ki ou bezwen dir poudir ki ou bezwen *display* dan son *permanent place of business* e dan son *website*.

Mon pe zis dir be si in ekrire koumsa nou pou al sanz sa *then* i pou bezwen re inanim li pou vin en problem pou nou. Plito nou kit li parey i ete,

MR SPEAKER

Wi, mon krwar al *reword* sa i vini en problem e *it can turn into a major amendment*, so si ou'n aksepte lesplikasyon Mr Samson nou a kapab... Wi, Onorab Hoareau?

HON JOHN HOAREAU

Mon pe realize poudir anba (g) i annan en "*or*" ki pa sipoze la, so "*the address of the principal place of business*" i annan "*or in Seychelles*" sa "*or*" i sipoze retire mon mazin.

MR SPEAKER

Ok so it's a licence address to the place of business, korek sa? Panel i ale avek lentansyon. Minis.

MINISTER NAADIR HASSAN

Mersi Mr Chair. Mr Chair, mon dakor sa "or" i kapab sorti. Mon mazine sa i en *mistake* sa.

MR SPEAKER

Ok, Manm i aksepté? Good. Onorab Georges.

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, mon annan detruwa pti *amendments to amendment*, me zot vreman *minor* ou ava eskiz mwan.

Dan sanmenm sa *clause* ki nou pe regarde dan paragraf (b) i mank en *semi column at the end* alor mon pe *move* ki nou met enn.

Dan dernyen fraz wi sa mo "or" in sorti me mon ti ava propoze ki nou repet "*the address of the principal place of business of the licensee in Seychelles*" aköz *just to* pou nou pa annan okenn konfizyon *which principal place of business it is*.

E "*at the end of Seychelles*", nou bezwen en *full stop* e non pa en *comma* parey i ete la.

E pandan sa ki mon annan laparol avek ou

permisyon mon ava sot lo *subclause 3* e la osi propoze ki i annan en *full stop at the end* apre "*manner*". Mersi.

MR SPEAKER

Ok, so sa 2 full stop mon krwar i *straight forward*, eski nou annan okenn pwen oule azout *place of*, oule azout "*the licensee*" after "*place of business*"? Eski panel i war okenn konplikasyon la?

Yes, Legal Draftsperson mon krwar, wi. *Madam*.

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON OF LEGAL AFFAIRS DONNA MUGANHIRI

Thank you Mr Speaker. I would just like to note that under subsection 3 we might need to add "referred to" in subsection before the identification of subsection 2 so that it reads "the licensee shall display such information referred to in subsection 2 on its website in a permanent manner".

MR SPEAKER

Onorab Georges?

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, permet mwan fer sa 2 propozisyon swivan. Annefe mon premye lentansyon sete

dan (g) pa pou repet “the licensee” me pou dir “the address of its principal place of business” e sa pou fer sir ki se sa *business the principal place of that business* ki nou ti pou mete.

So mon pe propoz sa koman en alternativ pou konsiderasyon panel. E avek ou permisyon swiv sa ki *Legal Draftspersons* in dir, mon propoze ki mon *move en amendment to an amendment* dan *subclause 3* pou lir; -

“The licensee shall display such information as is provided in subsection 2 on its website in a permanent manner.” (full stop)

MR SPEAKER

Permet mwan, ou krwar “provided” is the right word there or “as is required in?” Ki ou mazin en Onorab Georges?

HON BERNARD GEORGES

I’m happy with “required”, what about the *Legal Draftsperson* I think she used the word, what was the word you proposed?

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON OF LEGAL AFFAIRS DONNA MUGANHIRI

Through you Chair. I had proposed provided in “information referred to”...

HON BERNARD GEORGES

“Referred to”? Thank you.

MR SPEAKER

Thank you. Ok Manm i annan okenn lot komantr lo la, nou aprouve? Ok, this is approved. I don’t see any objections from other members, any comments. So Onorab Hoareau ou kapab rebran?

HON JOHN HOAREAU

So (3) pou lir koumsa Mr Speaker koriz mwan si mon mal; -

“A licensee shall display such information as is referred to in subsection (2) on its website in a prominent manner.” (full stop)

MR SPEAKER

Thank you.

HON JOHN HOAREAU

Ok, nou al lo *clause 4* dan plas 3, so aköz nou'n annan en *new 3* so nou *renumbered as 4* nou komans avek; -

“Notwithstanding subsection (1) apre nou al avek en nou komans “It” avek en small “i”.

Nou al aprezan lo *subsection b(2)* furnishing nou retir “adequate” nou met “necessary and reasonable”. Apre dan *trwazyenm laliny* nou retir “work” nou met “regulatory functions”.

Dan sa ka nou retir sa *original* 4 ki ti la e i vin 5 e nou retir sa premye laliny sa premye 2 laliny prezan nouvo 5 pou lir koumsa; -

“The Authority may by written notice to the holder of the licence amend or revoke any of the conditions imposed under section (1) or attached new conditions provided that the authority shall not impose them without first giving the licensee an opportunity to be heard”.

Aprè nou al lo 6 dan plas 5.

MR SPEAKER

En moman mon annan en lanmen. Onorab Georges?

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, eski mon kapab retourn enn pti kou avan ki mon vin lo 5. Mon kapab retourn enn pti kou lo, *with your permission let me do this in English so that, because I’m seeking the advice of the Legal Draftsperson.*

In subclause (4)(b)(ii) – “furnishing necessary and reasonable facilities to enable the Authority to carry out their regulatory functions”, if it’s the Authority, then I think it should be, its rather than “their” – “to carry out its regulatory functions and take any corrective action” etcetera.

MR SPEAKER

Mersi. Ok ou'n pran sa *panel*. Its *“in place of “their”*.

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

I’m agreeing to it Mr Speaker.

MR SPEAKER

Thank you. Manm, ok? Good. Nou kapab rebran. Onorab Georges, next one?

HON BERNARD GEORGES

E lo *subclause* (5) ki fek ganny amande, dan trwazyenm laliny, *“provided that the Authority shall not impose them”*. *These are conditions. Should it be “them” or should it be “these”?*

MR SPEAKER

Legal Draftsperson on annan en lopinyon?

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

Thank you Mr Speaker. I would like to propose, “shall not impose such conditions them without first giving the licensee an opportunity to be heard.”

HON BERNARD GEORGES

In that case Mr Chair, may I move an amendment to the amendment by replacing the word “them” with “such conditions” in subclause(5).

MR SPEAKER

Mersi. Okenn komanter from Members? Ok, agreed. We can move on. Onorab Hoareau?

HON JOHN HOAREAU

Mersi Mr Chair. Mr Chair, aprezan instead of 5 nou annan nouvo 6. Renumbering. Apre nou al 9(1) clause 9(1). Dan dezyenm laliny after the word, “revoking”, nou retir “the” - (sorry) - nou retir “a” nou'n met, “the”.

Nou al lo paz 17. Dezyenm laliny dan subclause (2) “publish in a newspaper” - “publish in a newspaper published daily in Seychelles and on its website”.

So nou'n retir sa mo “the” avan apre “in” e nou'n retir, “national newspaper” apre “Seychelles” e nou'n retir, “upon” after the word, “and”.

MR SPEAKER

Wi, en moman. Onorab Pillay - mon annan en lanmen.

HON SEBASTIEN PILLAY

Mersi Mr Chairman. Zis enn pti pwen vitman. Revocation of a licence is not subject to any

appeal apre? There is no appeal process apre ki zot in revoked en licence?

MR SPEAKER

Wi, Onorab. Mersi. Mr Elizabeth i le adrese.

MANAGER PRODUCT DEVELOPMENT & RESEARCH UNIT FSA
MARCUS ELIZABETH

Mersi Mr Speaker. Si en licence i ganny revoked, sa licensee i kapab fer son appeal anba FSA Appeals Board Regulation.

MR SPEAKER

Thank you.

CEO FSA RANDOLPH SAMSON

When "a person is aggrieved any of the following decisions by the Authority".

MR SPEAKER

Mersi. Onorab Hoareau?

HON JOHN HOAREAU

Mersi Mr Chair. Mon aprezan al anba subclause (3)(a). komansman nou'n met, "remove, vary - remove", comma, "vary or" apre i kontinyen, "impose additional."

Apre nou'n retir sa, mo "remove or vary", apre sa mo, "additional". Nou al lo...

MR SPEAKER

En enstan. Onorab Georges?

HON BERNARD GEORGES

Sorry Mr Chair, pour bother zot avek. Be i annan en comma la ki'n find its way back apre mon, "additional" i pa devret la. "remove, vary or impose additional, remove or vary licence conditions;". I pa ti devret annan en comma la alor, I beg your indulgence pour move en minor

amendment pou tir sa comma. Mersi.

MR SPEAKER

Ok, panel? Manm? Ok, we can continue.

HON JOHN HOAREAU

Nou al aprezan Mr Chair, lo menm paz menm. Anba 10(b), "a plan depicting the winding up process, if applicable;" nou'n met sa mo, "if applicable". Nou'n met comma, "if applicable".

Apre (c) nou'n retir, "vis a vis" apre the word, "made" nou'n met li, "in respect of".

Nou al lo paz 18 clause 11(1)(b)(c) – sorry - (c) "date of issuance of the licence;" nou'n met sa mo, "the".

Apre "(d) status of the licence" ankor nou'n met sa mo "the".

11(2) "The Authority shall publish an updated copy of the register referred to in subsection (1)" nou'n retir sa mo "upon" nou met, "on its website".

Apre nou'n met en full stop after "website" e nou'n retir, "duly maintained by the Authority."

Kontinyen lo paz 19, subclause (2) dezyenm laliny after the word, "allow" nou'n met, "any of".

E subclause 4(b) after the word, "fulfil" lo dezyenm laliny nou'n retir, "those" nou'n met,

Nou al lo 5, trwazyenm laliny. *“for the determination.”* So nou'n retir, *“it”* a lafen e nou'n met *full stop*.

HON BERNARD GEORGES

Yes, Mr Chair, dan *subclause* (5) *it shall inform the applicant or licensee*”, swa nou tir sa *comma*, e nou kontinyen manner i ete. Oubyen si nou gard sa *comma* nou bezwen azout enn apre, *“in writing”*. Mersi.

MR SPEAKER

Thank you. Okenn komanter *panel?* Manm? Nou aksepte sa lamannman? *Ok thank you*. Konmsi mon'n war Minis sakouy latet. Mersi.

E nou al lo 18(1) trwazyenm laliny, dernyen mon nou met “that” apre sa mo, “believe”.

E nou al lo paz 2 -. (f) – so 18(1)(f). Nou retir sa mo, “that” komans avek. E nou komans avek, “one or more civil suits are pending against”.

Apre son dezyenm laliny, after the word “licensee” nou retir, “is being sued civilly”. Nou al aprezan...

MR SPEAKER

En moman. Mon war Onorab Georges i annan en lanmen.

HON BERNARD GEORGES

Mersi Mr Chair. Eskiz mwan Mr Chair mwan – i annan – akoz nou'n azout sa, “that” at the end of the chapeau, nou pour bezwen retir li dan (e) dan dezyenm laliny premye mo.

Akoz sansan i pour en double that. So that it would read, “that where the licensee is an international business company, the registered agent” etcetera.

Mon move pour en simple amendment avek ou permisyon.

MR SPEAKER

Thank you. Panel okenn komanter? Manm? Ok. Accepted. Yes.

HON JOHN HOAREAU

Mon al prezan Mr Chair, lo subsection (2), kot i met first laliny, first line kot i met, “within 5 days” nou'n met sa mo, “working days”.

Nou al aprezan lo paz 24 anba subclause (2)(e). Nou'n include, “the acquisition”. So nou'n include sa mo, “the”.

Nou al lo paz 25 anba clause 3 dezyenm laliny. After the word, “within” nou retir “the” nou met, “such” specified time.

MR SPEAKER

En moman. Wi, Onorab Georges?

HON BERNARD GEORGES

Not on this point Mr Chair. But Honorable Sandy Arissol has just pointed out to me that with your permission if we can go back to clause 18(2).

The second word is a figure 5. I think last week what we did, was we were told that in drafting we should remove figures and replaced them with letters between 1 and 10.

And he's just pointed to me whether we should do that, here as well. Thank you.

MR SPEAKER

Panel i annan lopinyon? Minis, i a thumbs up. Manm ok, accepted. Accepted there the change. Onorab Hoareau, ou kapab kontinyen.

HON JOHN HOAREAU

Ok, nou a kontinyen.

MR SPEAKER

En moman. Onorab Pillay, kot ou ete ? Dir mwan.

HON SEBASTIEN PILLAY

Lo sa clause ki nou'n sanze la poudir, "to assess the considerations outlined in subsection (4)" mon konsernen ki sa its not clear.

So i pe dir ou pe servi ou en notis e dan en form ki pour montre lenformasyon, ki pour akonpanyen par bann dokiman ki Lotorite i kapab required.

E Lotorite apre ki'n ganny sa notis i kapab pa notis an ekri, demann sa licensee pour donn li ankor lenformasyon adisyonnèl e dokiman dan en specified time. Ki Lotorite may reasonably require, to assess the considerations outlined in subsection (4).

Akfer ki nou bezwen met sa to assess the considerations

outlined in subsection (4)? Ou deza annan en subsection (4) kot ou dir li, after receipt of a notice, under subsection (1), ou bezwen fer tousala.

Prezan within sa timeframe la, why are you leaving it open? Ki ou pa pe donn en reasonable timeframe? Tou antite ki fonksyonnen i bezwen kapab donn en dimoun en reasonable timeframe within which pour donn en larepons.

Mersi - mon pe koz lo sa de konsiderasyon akoz yer Minis ti dir nou poudir nou annan en kantite, bann diferan akter dan sa sekter ki pe antre dan nou ziridiksyon.

Mon pa war rezon akoz nou pa pour donn en timeframe within which pour respond avek sa notis. Sa pti pwen Mr Chairman. Mersi.

MR SPEAKER

Panel?

MANAGER PRODUCT DEVELOPMENT & RESEARCH UNIT FSA
MARCUS ELIZABETH

Mersi Mr Speaker. Pour repran kestyon Onorab. Sa timeframe, nou pa'n met li en timeframe very specific. Akoz i annan diferan - ler nou fer bann diferan envestigasyon baze lo bann notifikasyon ki nou'n gannyen, bann sanzman ki materyal, FSA li

menm li i bezwen lyez ek bann diferan Lotorite, bann diferan akter ki i *involve* ki annan en lentere avek sa *licensee* kot i annan bann diferan sirkonstans ki arive.

Alors nou pa le anmar nou lanmen avek en *timeframe* spesifik. Me selman sa *timeframe* ki nou, nou santi kot nou kapab ganny tou lenformasyon, ler nou pe fer nou bann korespondans dan bann lenvestigasyon ki ase rezonnab.

Nou pa pour kapab neseraman bezwen kapab *drag*, sa *timeframe*. Me selman kot i pour permet nou Lotorite pour kapab ganny ase lenformasyon ler pour pran en determinasyon, baze lo notifikasyon ki nou'n gannyen anba seksyon (4).

MR SPEAKER

Thank you. Minis i le azoute.

MINISTER NAADIR HASSAN

Mersi Mr Chair. Mr Chair, kekfwa la mon pour depar en pe avek *FSA*. Mon krwar i bezwen annan en balans *between* lentere regilater e osi lentere biznes.

So pour mwan *inclusion of a timeframe* mon war i anmenn sa balans. Akoz annandler kekfwa ler ou regilater ou *act without* konpran lo lot kote biznes ki bann *challenge* ki zot *face*.

So, mwan mon ti ava ankouraz *FSA* pour konsider en *reasonable timeframe*. Mersi.

MR SPEAKER

Onorab Pillay.

HON SEBASTIEN PILLAY

Mersi Mr Chairman. Sa ki Minis in dir i al anliny avek bann serten keksoz ki pe ganny ekrir par egzanp dan bann tretman bann Lalwa.

Atraver *UNHCR* par egzanp, an relasyon avek serten keksoz ki annan pou fer avek bann repons, ki bann dimoun i gannyen lo bann aplikasyon par egzanp *asylum* bann keksoz koumsa.

Ou pa kapab kontinyen zis dir ek dimoun, poudir sa i pour depan lo ou pour ou deside. Mon konpran ou annan, ou pe protez ou lekor pour ou pa donn en *timeframe* akoz ou pa pour kapab. *But that's not* – ou pa pour zanmen *improve the ease of doing business* koumsa.

E oule, ou pe dir nou ou le atrakte dimoun pour vin fer sa kalite biznes isi i deza la. So ki mannyer ou kapab propoz en sityasyon kot ou – Kwa ki dir mwan poudir ou pa pour deside par egzanp si Wallace Cosgrow in deside komans enn sa konpanyen,

ou anvi anpes li fer son konpannyen ou pa donn li en larepons.

Ou les li ale vini, ale vini, son Avoka i kontinyen ganny bann *fees*, ganny peye pour li ekrir ou. So - zot pe konpran mwan be si zot le dir zot pe prokoniz li anba en preskripsyon.

Usually, de semenn dan bann sirkonstans. *Two weeks* i 14 zour dan tou bann antite Gouvernman, ki ou bezwen kapab donn en dimoun en larepons. Mersi Mr Chairman.

MR SPEAKER

Ok. Eski nou kapab ganny en propozisyon pour en *amendment* pour nou konsidere si i en senp *amendment* oubyen kwa? Pour rezourd sa. Mr Samson, wi?

CEO FSA RANDOLPH SAMSON

Mersi Mr Speaker, Onorab, e mon pour agree avek Minis avek Onorab ki petet i ava bon as petet en disiplin pour met en *timeframe*. So, *I would not have any issue having it let's say fourteen days*.

Akoz apre Lotorite ou annan - mon konnen sa i kapab enn pti gin kontroversyel Onorab, ki ou annan *the possibility also to extend pa indefinitely*.

But having extension dan en sirkonstans ki

administrativman ki petet ou pa pe kapab fer sa desizyon. Oubyen ou bezwen plis letan pour *focus* avek ou bann lezot koleg regilater.

So fourteen days in the first instance mon krwar i kapab, i rezonnab.

MR SPEAKER

Ok. So nou kapab ganny en *wording*?

HON SEBASTIEN PILLAY

Mersi Mr Chairman. *“Additional information or documents, within fourteen days or within fourteen days” or pour satisfere sa ki tou dimoun i oule, “or within such time as the Authority may reasonably require to assess the considerations outlined in subsection (4).”*

MR SPEAKER

Ok. So nou pe insert sa *“within fourteen days”*. Panel? I meet zot requirements sa?

CEO FSA RANDOLPH SAMSON

Yes, it does.

MR SPEAKER

Ok.

CEO FSA RANDOLPH SAMSON

Non nou ti pe – Mr Speaker sorry nou ti pe zis gete si nou pour met *working days or*

fourteen days. Selman nou panse fourteen days i meet requirement.

MR SPEAKER

Sorry, mon pa tro konpran kot nou etc.

HON SEBASTIEN PILLAY

I clause. Nou pe koz lo clause ...

MR SPEAKER

Yes, yes mon konpran kot clause. Sa ki mon pa konpran what is the final wording.

HON SEBASTIEN PILLAY

Final wording ki mon'n propoze. Vi ki nou bezwen rezwenn tou le de konsern dan sa clause. Ok. "Such additional information or documents, within fourteen days or such time as the Authority may reasonably require to assess the considerations outlined in subsection (4)".

I basically pa neserman sa ki mon anvi. Mon anvi en definite fourteen days. Me mon sey zwenn konsern ki FSA pe eksprimen pour li ganny larepons from lezot landrwa.

MR SPEAKER

Byen. So, mon konpran wi. So basically, nou pe insert sa fourteen days. Mon krwar panel in dakor. Manm i annan okenn komanter? Ok. It's

accepted. Onorab Hoareau nou a kontinyen.

HON JOHN HOAREAU

Mersi Mr Chair. nou ava kontinyen avek ...

Mersi Mr Chair. Nou pa ankor resolve whether it should be working days or not. En pe pli o, nou'n sanz days pour fer li vin working days. Should we do the same thing here? Mersi.

MR SPEAKER

Thank you. That’s very clear. Mersi Onorab Hoareau, nou a kontinyen. Ok nou ava move aprezan lo (4)(d) “reputation of Seychelles would or could be threatened”, nou'n retir sa mo “may”.

Anba (5) dezyenm laliny after the word “reasons in writing” nou'n mete, “for such objections.”

(6) “Where a person contravenes” nou'n retir “of” nou'n kontinyen avek “subsection (1)”. So, “Where a person contravenes subsection (1).”

E anba 20(2)(a) nou'n sanz sa mon “Authority” - “Authorities” pour fer li vin “Authority” dan dezyenm laliny.

E lo paz 27, nou komans subsection (4) – (sorry) – wi subsection (4) lo paz 26 - katriyenm laliny after the word “have”, nou'n met “been vested”.

So paz 27 nou kontinyen avek, “The shares have been vested”. So nou'n include the word, “the shares”, apre nou'n include, “been”.

MR SPEAKER

Sorry, lo mon versyon i sot en laliny la. Eski i neser pour remet li, pour swiv “whom”. “In whom the share has been vested.”

HON JOHN HOAREAU

I sivre “whom” li. I sivre “whom” i en sel fraz.

MR SPEAKER

En sel fraz ok.

HON JOHN HOAREAU

Wi. Paz 27 nou kontinyen, subclause (5). “A person who contravenes”. Ankor nou'n

retir “of *contravenes subsection (1)*”.

E nou al aprezan lo 21(1)(b) dezyenm laliny. Nou'n retir *after the word, “prescribed by the Authority”*.

E (c) dezyenm laliny *after the word “form”* nou'n met “specified” e nou'n retir “prescribed”.

(e) *after the word “submit”* nou'n include “to the Authority”.

22 anba “Cyber security” 22 (1) *after the word “have”* nou'n met “and maintain”.

Nou al lo paz 28” (3) *after subsection (1)* lo premye laliny nou'n retir “and” nou'n met “or”.

23(2) nou'n retir en “z” nou'n met en “s” dan “recognize” lo senkyenm laliny.

Nou al aprezan lo paz 29. Clause (6) - 24(6) “*where a person contravenes* ankor nou'n tir “of”, nou kontinyen avek *subsection (1), (2), (3)* nou retir “or” akoz i annan en “(4)” e *after* sa nou retir sa “and” nou met en “or”.

Nou al aprezan lo paz 30 anba “Promoter Registration” 27(1) nou'n retir sa mo “the” *after “from”* lo trwazyenm laliny.

E 27(2) “No person shall promote” nou'n retir “carry on” nou'n met sa mo “promote” or nou'n retir sa mo “to purport”.

So katriyenm laliny *after the word “from nou'n retir the Seychelles.”* So, i lir “from Seychelles”.

MR SPEAKER

MR SPEAKER

En enstan wi, mon annan en lanmen. *Legal Draftsperson, yes?*

**ASSISTANT PRINCIPAL
LEGISLATIVE
DRAFTSPERSON
DEPARTMENT OF LEGAL
AFFAIRS DONNA
MUGANHIRI**

Thank you, Mr Speaker. I would just like to make a proposal. If the copy you have is inverted commas for the removal of the inverted commas. In the proposal that you have made.

MR SPEAKER

Ok.

HON JOHN HOAREAU

Ok. Nou pe - 2013 nou pe retir sa inverted commas. E at the start also, nou pe retir sa inverted commas kot i met, “The Authority”. Right. So -

MR SPEAKER

Did you say there should be a full stop after 2013?

HON JOHN HOAREAU

Yes. There should be a full stop after 2013.

MR SPEAKER

Ok.

HON JOHN HOAREAU

Nou al lo clause 37(1), “the Authority” kot i mark “shall nou'n retire nou'n met “may”.

MR SPEAKER

Ou pe refer 30(1).

HON JOHN HOAREAU

30(1). Anba “General power to request for information”. Ok, nou al aprezan lo son trwazyenm laliny, after the word “conferred” nou retir “to” nou met “upon”.

30(2) lo premye laliny after the word “Authority” nou retir “to be desirable” nou'n met “that it is”.

Apré lo dezyenm laliny after the word, “so” nou'n include the Authority e nou'n retir “it”. E after the word “may”, nou'n retir “also”. So i pour lir koumsa, if it appears to the Authority that it is in the interests of the clients or potential clients of a licensee to do so, the Authority may exercise”.

Nou al aprezan lo (d) sub (d). After the word “meeting”, lo dernyen laliny, nou'n include “of the company”.

Prezan nou al lo (3). 30(3), “The Authority may by notice in writing” nou retir sa mo “served” sa fraz “served on any person who is to be a controller or officer of a licensee”.

Nou kontinyen ek sa mo “require”. Prezan nou'n retir “him or her” nou'n met “a controller or officer of a licensee so i pou lir koumsa “the Authority may by notice in writing require the controller or officer of the licensee to provide the Authority – Bla! Bla! Bla!

MR SPEAKER

Ok. Onorab Georges?

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, permet mwan fer sa Angle. I think in this amendment we lost the ability to request a person who is to be a controller, to provide the Authority.

So if the person has not become a controller officer licensee yet but intends to be so under the previous draft, the Authority could ask that person for fit and proper status.

But that is disappeared with the amendment and I wonder whether this was intended and if it isn't, if it was intended we could insert a controller or officer of a licensee or a potential or a putative

controller officer or licensee or something like that. Thank you.

MR SPEAKER

Panel this is a question addressed to you. Legal Draftsperson?

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

Thank you Chair. I would like to propose introduction of part of the deleted sentence. After “require” in the new phrasing so that it reads, “The Authority may by notice in writing, require a person who is or is to be a controller or officer of a licensee to provide the Authority” -

MR SPEAKER

Thank you. That seems much clearer. Onorab Hoareau ou anvi rebran sa wording?

HON JOHN HOAREAU

Mr Speaker, mon pa'n sezi tro byen sa ki sa madanm in lir.

MR SPEAKER

Ok.

HON JOHN HOAREAU

So...

MR SPEAKER

Madam, would you please repeat?

**ASSISTANT PRINCIPAL
LEGISLATIVE
DRAFTSPERSON
DEPARTMENT OF LEGAL
AFFAIRS DONNA
MUGANHIRI**

Thank you, Mr Chair. The proposal would read. "The Authority may by notice in writing require a person who is or is to be a controller or officer of a licensee". And then the reste remain as is.

MR SPEAKER

Ok. Is that clear Onorab Hoareau? So ok. Members approved? Ok, we can continue.

HON JOHN HOAREAU

Yes. Mr Speaker, nou satisfé avék. Nou ava kontinyen avék (6). "For the purposes of subsection (5) dan plas (4). So (4) i sorti (5) i reste.

Apré nou al lo (6)(a), "by his or her client or a representative of his or her client in connection with" nou retir "the giving" with "providing", nou retir "by the legal practitioner of" e nou kit "legal advice to the client;"

MR SPEAKER

Dan en enstan. Wi, Onorab Pillay?

HON SEBASTIEN PILLAY

*Mersi Mr Chairman. Nou annan zis en dimoun ki pratik Lalwa dan Lasanble. Eski Lotorite pe sey definir *Attorney-client privilege* la?*

*Enn pti pe - mon konsernen aköz nou pour ganny lopinyon zis Onorab Georges. Nou napa en lot Avoka. Be selman ler mon pe gete la ou pe defini ki lenformasyon pour ganny konsidere *privileged information* dan ki sirkonstans?*

*Are you going to define what is considered *privileged information* between a lawyer and his or her client in a law? But isn't that a supremacy that there's such a concept as *Attorney-client privilege*.*

So what exactly we want to achieve here?

MR SPEAKER

Panel, can you address?

**ASSISTANT PRINCIPAL
LEGISLATIVE
DRAFTSPERSON
DEPARTMENT OF LEGAL
AFFAIRS DONNA
MUGANHIRI**

Thank you, Chair. So in light of this provision, it was just trying to sort of create a scope in which legal privilege is being considered.

So it also extends. It's not only to the time but also

extends to a representative of the client, whether it is giving legal advice or during proceedings legal proceedings or for the purpose of ongoing legal proceedings.

So it's as two distinctions in terms of not only to the clients himself or herself but also to their representatives or agent.

MR SPEAKER

Ok, is that clear? Onorab Pillay?

HON SEBASTIEN PILLAY

Mr Chairman, it's not clear. My layman's understanding of attorney-client privilege is that, that privilege is not define unless I am corrected. I don't understand why you would want to define that privilege within this context.

To me this would make the law contrary to the practice of a profession that has already established. We already established that there is a doctor-patient confidentiality and attorney client privilege.

So why would you want to define the circumstances within which something would be considered as privileged information or not. question mark

So are you saying there are all the things that would be considered not privileged

information within that context? And why is this pertinent to you within the regulatory ambit of the law?

I can understand what you want to achieve but why would you want to go that far? Thank you, Mr Chair.

MR SPEAKER

Thank you. Onorab Georges?

HON BERNARD GEORGES

If I may Mr Chair, thank you. Honorable Pillay is absolutely right in terms of what constitutes———privileged communication and what doesn't.

And I'm looking at it, I think I see the reason here and it probably is a mispagination.

If we look here (a) is, as Honorable Pillay says, that's normal privileged communication.

(b) is normal privileged communication.

But I think there should be a (c) and that's probably where the Legal Draftsperson is coming from.

I think that in the second line of paragraph (b) after the word, "or" which follows the semicolon there should be a paragraph and (c) should start by "any person in contemplation of" etcetera.

And that, if that is the case - in any event, does not sit very nicely there, that you have

a semicolon halfway through a sentence and then it carries on.

So if we break it up after “or”, and (c) becomes “by any person in contemplation of” etcetera, that (c) 1 and 2 would not fall into the normal categorization of privileged communication.

And that was probably why it would be brought in. Because it would be an extension of the privilege to an area which is not normally privileged.

MR SPEAKER

Panel, eski sa i enn zot requirements? Draftsperson pou address? Yes, please.

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

Thank you, Chair. Also thank you Leader of Government Business. I was speaking to the panelist and there is a suggestion that if the interpretation might be complicated, we can forgo subsection (6) and it can be deleted.

MR SPEAKER

Madam, I have difficulty following you. So I’m not too sure where we are. Could you please repeat?

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

I’m sorry, Chair, I’m saying based on the input from Honorable Pillay and Honorable Georges, there seems to be a suggestion that, section (6) does not fall outside of the ordinary meaning of legal privilege subject to paragraph (b)(ii).

And so we are contemplating and we are offering it, that it ok for us to do away with subsection (6) if the interpretation is complicated.

Because legal privilege would still allow - would still apply whether or not we keep the provision or we remove the provision.

MR SPEAKER

Thank you. Onorab Georges, tan ki ou ki'n move – since you move the additional amendments, maybe you can read the proposed wording, so that we can put it on record.

HON BERNARD GEORGES

Mr Chair, what I was – in order to save this provision my proposal would be in (6)(b), to go up to the second line semicolon or and then have a

“c”, which would read “(c) by any person in contemplation of Roman (i) and Roman (ii)”.

Because that (c) would be outside the normal definition of lawyer-client privilege. “(a)” and “(b)” are definitely covered by the normal parlance, the normal definition of lawyer-client privilege. But “(c)” would not.

So if the FSA – (sorry) – if the Minister wishes to retain or to grant legal protection outside of “(a)” and “(b)”, then we would need the “(c)”. If not then we can get rid of all of it. Thank you.

MR SPEAKER

Thank you. Onorab Pillay.

HON SEBASTIEN PILLAY

Mr Speaker, i seldom right, but this time he is. What he is suggesting is that he is trying to save the clause. Because we as the Assembly we do not know what this – we’ve got FATF requirements, you’ve got regulations and whatnot.

And I think this is the concern which are also expressing in that, removing it entirely might move something that somewhere might have a problem for us. So what is suggesting is the best way to do it.

So that you have a “c” that you leave the legal privilege on top but the “c” will

not fall within the ambit of the legal privilege. Thank you.

MR SPEAKER

Tre byen. Mon krwar Onorab Pillay in segonn sa Mosyon. Yes, Legal Draftsperson you may add.

ASSISTANT PRINCIPAL LEGISLATIVE DRAFTSPERSON DEPARTMENT OF LEGAL AFFAIRS DONNA MUGANHIRI

Thank you, Mr Chair. The proposal is acceptable.

MR SPEAKER

Thank you. I think the proposal made by Onorab Georges is – was clearly stated.

So si Manm napa okenn lobzeksyon nou a kapab aksepte li. Ok? Onorab Hoareau ou a kapab kontinyen.

HON JOHN HOAREAU

Wi, Mr Speaker. So, (c) parey Onorab Georges in propoze pour lir, “by any person in contemplation of to (i) and (ii)”. Roman numerals.

Me ler nou pe get Romans “(i)” and “(ii)” in komans, “in contemplation of” so nou pour bezwen reaziste sa bann mo la. Mon panse. So nou ava – nou pour bezwen retir “in contemplation of”. Nou a kit li - (i pour ok) - nothing changes.

Ok. Alright so nou pe zis include en lot sub (c).

Right nou ava move aprezan lo paz 34, lo 31(b) katriyenm laliny after the word "documents" nou'n met "that".

E (c) after the word "questions". Lo dezyenm laliny nou'n met "as the Authority may require, relevant to the enquiry." I annan full stop apre sa. E nou retir "as the Authority may require."

Nou al lo (2) aprezan.

MR SPEAKER

Yes. Mersi Madanm Clerk. Onorab Georges.

HON BERNARD GEORGES

Mersi Mr Chair. Mr Chair, mon pa krwar ki nou bezwen sa - dan 31(1) (b) forth line, last word, "that" I don't think we need that actually. I think it was ok before.

"being documents that the production of which may be reasonably required for the investigation;"

So if I can move an amendment to the amendment to remove the "that" which is proposed to be inserted.

MR SPEAKER

Thank you. Understood. Is that accepted? Ok.

HON JOHN HOAREAU

Mon a kontinyen aprezan avek 31(2). So la i annan en re-

HON JOHN HOAREAU

E nou prezan al lo paz 54 *amendment of section 7*. I

section 7 lo trwazyenm clause 3 sorry la, so i annan en pti laranzman kot sa limero sa lettering i (j)(1) olye (j)(a) trwazyenm laliny.

Ok so, ankor i aparet komansman sa lot paragraf (j)(1) instead of (j)(a) e nou al lo paz 55 amendment of section 40 anba clause 7 Terrorism Act amended in met “in by” so nou retir sa “in” pou li lir byen. So sa i lo dezyenm laliny.

E ansuit nou al lo paz 56 anba 45(b)(1)(d) kot ankor dan utilize lo katriyenm laliny sa mo utilize nou'n tir “z” nou'n met “s”.

Paz 57 anba subclause (3) i lir koumsa; -

E anba 5 sub (5) trwazyenm laliny nou'n add en “s” avek “prevent”.

E osi 8 nou'n retir 2 laliny apre sa mo “provider” so i pou lir koumsa; -

“Where subsection 43(1) or (2) applies in relation to the required information under subsection (1) the virtual asset provider” apre “shall file a suspicious activity report under section 48 or make a disclosure”.

So sa in ganny added e kontinyen apre pou li under section 34 or 35 ensidswit.

Nou al lo paz 58(d), 45C(1)(d) kot ankor sa mo “utilized” nou'n tir son American English nou'n met li English proper so “s” dan plas “z”.

Nou al lo paz 63 ki dernyen paz e la anba subclause (iv) “carry on or” nou'n tir sa “to purport”, nou'n tir sa “to” devan “purport”.

E 1,2,3,4, senkyenm laliny after the word “from” nou'n retir “the Seychelles”, so i pou lir “from Seychelles”.

Right at the top Mr Speaker, after “Providers Act or” nou devret kit en lespas ant sa heading ek sa paragraf.

HON TERENCE MONDON

Mersi Mr Speaker. Mr Speaker, Mosyon ki mon pe al

Avek bi amelyor servis ki zot donnen, Lasanble Nasyonal i demann tou landrwa travay, prive e piblik pou asire ki zot annan prezans nimerik permanan e aktiv. Met an plas bann mekanizm pou permet piblik ganny akse fasil avek zot servis e asire ki zot fer bann program *outreach* efektiv. Mersi Mr Speaker.

MR SPEAKER

Mersi ou'n azout en pti mo, me mon sipoze sa pa sanz sans. Mon a ganny segonnman pou sa Mosyon? Onorab Romain.

HON GEORGES ROMAIN

Mers Mr Speaker. Mon segonn Mosyon.

MR SPEAKER

Mersi. Onorab Mondon ou kapab adres ou Mosyon.

HON TERENCE MONDON

Mersi Mr Speaker. Mr Speaker, sa Mosyon pe adres tou antite piblik e prive pou annan en prezans nimerik ki donn piblik loportinite akse avek zot lorganizasyon bann servis oubyen prodwi ki zot ofer.

Mosyon pe osi met lanfaz lo en prezans nimerik ki efektiv e enn ki zwenn lekspektasyon konsonmater. En prezans nimerik ki efektiv,

i annan bokou pou fer avek vizibilite, kredibilite e repitasyon.

Mr Speaker, dapre statistik lo adopsyon e lilizasyon nimerik dan Sesel ki'n ganny raporte dan en lorganizasyon apele *Data Reporter* an Zanvye 2024, ti annan 93.6 mil dimoun ki ti pe servi *internet* isi Sesel e ki reprezant en penetrasyon 86.7poursan.

Dapre sa rapor, lakantite dimoun ki pe servi *internet* in ogmant par 537 oubyen 0.6 poursan konpare avek Zanvye 2023. Lanaliz ki sa lorganizasyon i fer se ki sa 14.4 mil dimoun pa pe servi *internet* e sa i reprezant 13.3 poursan popilasyon total. I enportan pou note a sa pwen, ki bann travayer etranze i osi ganny enkli dan sa statistik.

Mr Speaker, pandan Zanvye 2024 67.4 mil dimoun ti pe servi medya sosyal ki reprezant 62.4 poursan popilasyon total. Medya sosyal in ogmant par 10 mil konsonmater oubyen 18.2 poursan ant Zanvye 2023 e Zanvye 2024.

177.9 mil telefonn mobil ti ganny rikorde lo komansman sa lannen e sa i reprezant 164.8 poursan popilasyon total. Lakantite dimoun ki servi *Facebook* i reprezant 62.4 poursan popilasyon total.

14.47poursan konsonmater *Facebook* i madanm e 54.3poursan i zom dapre sa rapor.

Sa bann sif i donn nou en bon lendikasyon lo nivo penetrasyon oubyen lilizasyon *internet* e lezot zouti nimerik dan Sesel. En tandans pozitiv ki pou kontinyen enpakte lo nou lavi toulezour.

Mr Speaker, dan Sesel ozordi lamazorite antite pe servi sitweb pou atrakte e konekte avek konsonmater dan mon prezantasyon mon pe adres sa bann pwen swivan; -

Performans sitweb dan bann Antite piblik e prive, lenportans platform medya sosyal pou garanti en prezans permanan e trwazyenmman evolisyon e transformasyon nimerik dan landrwa travay.

Mr Speaker, mon'n regard sitweb plizyer antite piblik e prive dan pei e sa ki mon'n regarde se ki laplipar antite piblik i annan en sitweb me plizyer parmi pa pe ganny *update* regilyerman. Plizyer i montre febles dan zot konteni; setadir serten limitasyon an term lenformasyon ouswa kalite bann portre ki ganny poste.

Sa koneksyon ant konteni avek vizyon sa antite pa neserman a kler. Par kont mon vwar ki *sit web* bann Antite prive i bokou pli

organize e zot konteni i pli enformativ e profesyonnel.

Lenpresyon zeneral se ki *sit web* bann antite pa pe ganny servi dan en fason stratezik; platform pa ase dinamik e pa neserman atrakte en bon lodyans.

Mr Speaker, Mosyon pe met lanfaz lo performans e lefikasite platform nimerik ki bann antite i servi, alor i enportan pou regard kriter ki pou ranforsi kalite konteni en sitweb.

Konteni lenformasyon i bezwen korek e relevan. Konteni i bezwen estil konfyans konsonmater. An plis ki sa lentansyon en sitweb i bezwen kler. Striktir e performans en sitweb i bezwen demontre en nivo retilizasyon. I bezwen vit, fasil pou navige atraver e i bezwen aksesib lo lezot lekipman nimerik e bann program laplikasyon.

Posibilite pou servi lezot zouti e sistenm kominikasyon *online* i en lot laspe enportan pou ranforsi enteraksyon avek konsonmater. Nivo sekirite i egalman enportan. E lenformasyon ki sansib i bezwen ganny proteze a tou pri.

Bann antite i devret servi profesyonnel. Bann dimoun ki annan sa konesans teknik pou optimizm performans zot sitweb En travay profesyonnel pou anmenn plis vizibilite e

permet akse avek en pli gran lodyans.

Mr Speaker, dapre letid lo konportman konsonmater lo medya sosyal, en konsonmater ou bezwen satisfè ki i kapab vwar ou lorganizasyon *online* e kapab fer ou konfyans atraver bann *reviews* e i osi regard ki kantite dimoun i apresye konteni ou *sit web*.

En konsonmater i fer sa analiz avan ki i pran okenn desizyon. Dan labsans en prezans nimerik, en antite pa egziste dan lizye konsonmater.

Dapre resers, ozordi en gran poursantaz plis ki 80 poursan konsonmater, i fer desizyon lo lenformasyon ki zot vwar *online*, ki fer ki en prezans nimerik i vreman enportan.

Mr Speaker, mon bezwen salye bann zefor ki'n ganny fer par departman e lezot lotorite konsernen dan lendistri tourizm pou konsyantiz e sensibiliz bann parti prenan lo lenportans en prezans nimerik e sirtou pou servi bann zouti nimerik dan zot stratezi *marketing*.

Ozordi, en gran mazorite letablisman touristik ki annan en gran prezans *online*, menm sa i annan ankor pou fer ki bann letablisman i servi zot prezans nimerik dan en fason stratezik e konpetitiv.

I osi enportan pou zot *monitor* e analiz bann performans *online*. Bann eletablisman dan lendistri i bezwen kapab servi endikater performans tel ki nivo trafik lo zot sitweb nivo langazman e lesanz avek lezot lodyans e *reviews* ki konsonmater i mete, pou kapab adres febles kot i merite e ranforsi zot stratezi kot i neserer. Sa bann endikater i devret fer zot konnen kwa ki pe marse e kwa ki pa pe marse.

Mr Speaker, prezans nimerik i vreman enportan aköz premyerman i donn plis vizibilite sa Antite e permet li konekte avek en pli gran lodyans.

Dezyenmman, i ranforsi konfyans lo medya sosyal dimoun i annan plis konfyans dan sa ki zot vwar *online*; an dot mo sa ki pli vizib. Konfyans en kliyan i osi ranforsi repitasyon en antite. E sa i ede atrakte nouvo kliyan.

Trwazyenmman, i ranforsi servis kliyantel, i donn en akse fasil konsonmater rantre an kontak avek en antite pou adres okenn kestyon pou donn en *feedback*.

Katriyenmman, i promouvwar sa antite en prezans nimerik i permet en Antite konn bokou plis dimoun e fer zot prodwi vin pli aksesib.

Mr Speaker, medya sosyal i osi en lespas konpetitiv avek de santenn akter ki enkli biznes, konsonmater e dimoun ki enfliyans konsonmater. Akoz tou sa bann akter pe rod vizibilite. Bann eksper lo medya sosyal i dir pou en Antite—reisir dan sa lanvironnman konpetitiv i bezwen kapab zwenn serten standar.

Premyerman, en antite i bezwen annan en stratezi medya sosyal ki kler. I bezwen konn sa lodyans ki i pe targete, ki platform ki son kliyan i servi e ki kalite konteni ki dimoun i oule vwar, ki kalite konteni i bezwen o nivo. I bezwen otantik e relevan. Legzanp se pour servi portre oubyen *video* ki vizyelman enteresan e ki pou atrakte lodyans.

I enportan ki *posting* i ganny fer regilyerman e dan en fason konsistan. En antite i bezwen inovativ e kreativ e lanfaz se pour kontinyen rod meyer fason fer. Pou kre en bon prezans nimerik i pran letan e i demann bokou zefor e resours. Me son benefis i vo lapenn. *Sit web* e medya sosyal i 2 platform enportan menm si zot deservi diferan *purpose*, zot osi kapab konplemant dan diferan fason.

Platform medya sosyal in ganny plis popilarite pandan

pandemik *COVID-19* e ozordi bokou plis biznes pe *venture* lo sa platform akoz i permet zot garanti en pli gran baz konsonmater.

Resers in montre ki sitweb in zwe en rol pli enportan e zwe en rol pli permanan. Menm si medya sosyal i en platform dinamik e ganny valorize, i annan serten diferans enportan avek en sitweb.

Premyerman son kou lenplimantasyon.

Lamazorite platform medya sosyal i pour naryen e pou en *startup* ki napa en biznes. *Marketing* medya sosyal i en bon platform pou komans avek. Dimoun ki domin sa size i dir ki medya sosyal i efektiv pou biznes ki depan lo konteni vizyel ki enkli *fashion* e *travel*. Par kont sitweb i koute pou devlope e pou *manage*.

Pouvwar kontrol en platform medya sosyal, i reste dan lanmen son kou propriyeter e bann akter lo sa platform i fonksyonnan anba serten lareg oubyen regilasyon.

Ler propriyeter en platform medya sosyal i sanze parey nou'n vwar resaman avek *Twitter*, sa i enpakte lo tou dimoun ki servi sa platform. Parfwa ou bezwen rekomans lo 0.

Par kont en sitweb i annan en prezans *online* kot sa Antite i annan tou kontrol lo son konteni e son striktir. Resers in montre ki *digital branding* i pli efektiv atraver sitweb.

Dimoun i tant pou konfyè biznes avek en *sit web* ki ganny byen *design* bokou plis ki en *account* medya sosyal. *Sit web* i ede etabli kredibilite e profesyonnalizm pou en biznes. I annan posibilite pou entegre profil medya sosyal avek en sitweb. I permet en biznes konekte avek en pli bon gran baz konsonmater. Sa lentegrasyon sitweb i osi posib avek lezot platform *online*.

Mr Speaker, i annan plizyer lezot platform ki en Antite i kapab servi depandan lo lodyans ki pe ganny targete. Sak platform i annan son prop karakter demokrafi an relasyon ek konsonmater e konteni. Par egzanp *Instagram* i en platform ki annan en gran baz konsonmater e tre popiler parmi lazenes.

En konponan kle dan nenport stratezi *marketing* nimerik, se lilizasyon zimaz vizyel tek ki portre, *video* e lezot ilustrasyon. Parey nou konnen *Instagram* ek *Pinterest* i 2 platform ki met bokou lanfaz lo zimaz vizyel.

Mr Speaker, nou pe viv dan en lepok revolisyon nimerik da sa revolisyon nou'n

vwar *internet*, *AI*, *smartphone* e plizyer lezot teknolozi avanse ki'n sanz lafason ki nou viv, travay e enterakte. Sa revolisyon i osi prezant nouvo loportinite pou nou tou.

I annan bokou legzanp, kot biznes in ganny transformen an servan lavantaz prezans nimerik e adopte nouvo fason pou enterakte avek kliyan.

Par egzanp *Airbnb* in transform lafason dimoun i boukte zot akomodasyon ler zot vwayaze. Sa lakonpanyen in servi *digital marketing* e devlop en stratezi konpreansiv enkli medya sosyal, pou konekte avek en pli gran lodyans konsonmater.

En lot legzanp se *Netflix*. *Netflix* i en lakonpanyen ki'n transform lendistri *video* ozordi *Netflix* pe servi *AI* pou analiz *data* lo son platform, ki ed zot konpran konportman preferans konsonmater.

Mr Speaker, transformasyon nimerik dan landrwa travay i en pilye enportan sa evolisyon e i reprezant lentegrasyon diferan zouti nimerik, teknolozi e platform ki permet travayer kolabor kominike e travay dan en fason efektiv e efikas.

Sa transformasyon, i osi neselit en sanzman dan nou kiltir travay e lanfaz i lo linovasyon e en kiltir aprantisaz kontinyel. Lemonn

pe bouz tre vit e dan sa letap kot nou été, tou dimoun i bezwen adapte pou reste relevan, adaptasyon i nepli en swa me plito en nesesite. Lafason ki travay i ganny fer pe sanze e keksoz ki posib avek teknolozi pe kontinyen evolye.

Transformasyon nimerik dan landrwa travay, i permet devlop en lanvironnman modern pou reste konpetitiv, ogmant prodiktivite, atrakte talan e promot en kiltir kolaborasyon e linovasyon.

Mr Speaker, isi Sesel devlopman dan enfrastruktir nimerik pe ganny tou latansyon nesese. Dan en dokiman ki Minister Finans Planifikasyon Nasyonal ek Komers in prepare lo stratezi devlopman nasyonal pou lannen 2024 a 2028, nou vwar ki Gouvernman in adopte bann priyorite stratezik ki pou kataliz sa transformasyon nimerik.

Gouvernman pe met bokou lanfaz lo azanda devlopman en lekonomi nimerik. Dapre sirkiler sorti kot Biro Servis Piblik e Departman Lenformasyon ek Kominikasyon Teknolozi pli boner sa lannen, tou MDAs in ganny demande pou devlop en plan nimerik pou zot lorganizasyon.

Nou kapab apresye ki bokou travay pe ganny fer pou

devlop en servis piblik modern, kot lenformasyon i pli aksesib e tou bann servis i ganny met a laporte tou sitwayen.

Sa azanda transformasyon pou lekonomi nimerik, i kouver 5 pilye stratezik, ki enkli lenfrastruktir nimerik ki adres devlopman sistenm *internet* pou ranforsi kalite e kou sa servis.

Dezyenmman, devlopman *skillset* lafors travayer Seselwa. Setadir stratezi pou devlop en lafors travayer, avek konesans abilite e *skills* nesese, pou kapab fonksyonn dan sa lanvironnman nimerik.

Trwazyenmman, trwazyenm pilye se platform nimerik, ki met lanfaz lo litalizasyon e prezans nimerik atraver bann platform, pou siport plis lesanz lenformasyon plis tranzaksyon e ranforsi akse avek bann servis *online*.

Sistenm finansyel ki katriyenm pilye, ki regard abilite pou fer tou tranzaksyon finansyel an servan bann mwayen nimerik.

E senkyenm, pilye se lantreprenarya nimerik i devlop sa lanvironnman nimerik pou permet biznes kre nouvo prodwi e servis nimerik.

Plizyer proze kle ki pou benefisyen nou sitwayen ensi ki Komite biznes, pe ganny

enplimante. Zis pou donn 2 legzanp nou konnen ki Labank Santral pe travay lo en plan modernizasyon dan servis finansyel, ki anliny avek azanda Gouvernman pou lekonomi nimerik.

Devlopman en nouvo sistenm peyman nasyonal, i parmi bann linisyativ dan sa plan modernizasyon.

Nou'n osi aprann ki *DICT* pe enplimant en platform idantite nimerik, an kolaborasyon avek en lakonpanyen *La Suisse* apele *WiSeKey International Holding*, linisyativ pou entegre diferan sistenm pou anmenn en nouvo leksperyans nimerik pou nou pep e fer nou lavi bokou pli fasil.

Mr Speaker, mon rekonnet ki dan sa parkour nimerik ki nou pe demann bann antite pou pran i annan defi. Dan landrwa travay i annan dimoun ki reziste sanzman senpleman akoz zot pa anvi aprann dan nouvo teknolozi, oubyen zot napa sa konesans nesese pou fer sa adaptasyon.

Dezyenmman, finansman pou met an plas sistenm sekirite pou protez lenformasyon personnel e konfidansyel, i reste en defi dan sa parkour transformasyon nimerik.

Pou konklir Mr Speaker, mon salye tou zefor ki pe

ganny fer pou sirmont bann defi e anmenn sa transformasyon nimerik dan landrwa travay. Mon demann tou bann travayer pou akeyir sa transformasyon e retir lavantaz sa revolisyon.

MR SPEAKER

Mersi Onorab. Onorab Romain, segonder Mosyon ou kapab adrese si ou pare.

HON GEORGES ROMAIN

Mersi Mr Speaker. Mr Speaker, sa Mosyon anmennen par Onorab Terence Mondon ki pe demann tou landrwa travay pou met plis lanfaz pou annan sistenm nimerik permanan e aktiv e sa pou mwan i enportan, akoz en tel sistenm pou definitivman amelyor lavi e servis ki nou bann sitwayen i resevwar.

Mr Speaker, si ou annan en biznes ozordi e i pa *online*

ou pe redwir ou kapasite pou ou ganny plis kliyan. Dan sa letan kot preski tou dimoun i servi *internet* pou rod lenformasyon e fer biznes, i enportan ki ou biznes i annan en prezans nimerik pou reste konpetitiv e kapab atir en marse pli gran, e biznes ki pa *online* i mank bokou loportinite pli agrandi son baz e pou gard son kliyan.

Mr Speaker, nou pe viv dan en lemond kot teknolozi i kontinyelman evolye e alor i enportan ki nou pa reste deryer. En sistenm nimerik i fer ki bann servis i vin pli aksesib pou piblik olye fer dimoun deplase pou debout dan bann gran laliny. En servis nimerik i donn posibilite pou piblik kapab ganny serten servis san menm ki zot kit zot lakour.

Ozordi nou vwar bokou biznes ki'n met an plas bann mekanizm, ki permet piblik ganny akse fasil avek sa bann servis. In annan kreasyon zot sitweb ki byen organize e kot dimoun i kapab fasilman trouv lenformasyon neser, anrezistre pou bann servis e menm fer peyman *online*.

Par egzamp, ozordi dimoun i kapab fer peyman *online* ou pey zot bil elektrik, delo, ou menm zot bil telefonn, menm ou lasirans pou lakaz, pou loto ek lezot ankor. Sa ou

kapab fer san ki ou bezwen kit lakour.

Ozordi par egzamp, *PUC* i annan li en portal – en *portal* kot si ou anrezistre avek zot, ou kapab vwar tou ou bil lefase fer en konparezon lakantite *unit* ki ou'n servi e i menm kapab anvoy ou bil lo ou *email* si ou demande.

Mr Speaker, sa mon asire i en servis ki bokou dimoun i pran lavantaz e i enn ki anmenn bokou lefikasite aköz i redwir bokou deplasman. Ozordi menm bann lakonpanyen Telekom, zot osi ofer fasilite pou pe ou bil *online* e swazir ou *package* ki ou, ou anvi.

En lot legzamp, nou vwar lakonpanyen taksi ki'n lans zot laplikasyon kot kliyan i kapab rezerv en taksi direkteman avek zot telefonn. Se sa direksyon ki nou merit pe ale. Se sa direksyon ki lezot lorganizasyon i devret osi pran pou kapab anmenn plis vizibilite pou zot servis. Me pli enportan fer lavi zot kliyan pli fasil.

Ozordi nou sistenm banker i osi ofer fasilite pou ou fer tranzaksyon *online* san bezwen al kot labank. Zis atraver ou telefonn ozordi ou kapab fer ou transfer ou larzan atraver dan en lot labank ; ou menm si i arive ki ou perdi ou kart labank - mon konnen sa nou tou ler i arive

nou panik - ou kapab kennsel ou kart san bezwen al labank, zis atraver sa bann aplikasyon ki ou gannyen atraver labank.

Ankor Mr Speaker, nou konnen i ankor annan bokou dimoun ki pa tro konfortab avek teknolozi e i plifere pou fizikman al dan labank pou ganny akse avek sa servis, e se la kot petet nou bezwen osi mazin fer nou bann servis *online* vin pli *user friendly* e fer li pli fasil pou dimoun menm bann ki aze pou vwar li konfortab pou akse sa bann servis.

En sipor par egzanp en *helpline*, kot dimoun i kapab telefonnen si zot bezwen led si pou enportan dan sa tranzisyon ki nou pe demande. Mr Speaker, sa i vedir nou bezwen al anver piblik eksplik zot ki mannyer sa bann nouvo sistenm i marse e ed zot aprann servi sa bann zouti nimerik.

Nou kapab organiz bann pti *workshop*, lantrennman e menm program lo televizyon pou edik nou dimoun.

Mr Speaker, la mon oule felisit Minister Lanplwa ki'n kapab organiz en legzibisyon nasyonal 2 semenn pase, lo prodiktivite ki'n met lanfaz lo teknolozi e sistenm nimerik atraver servis ki ganny donner e nou'n vwar bokou lorganizasyon ki'n partisipe.

Sa in montre ki lapros Gouvernman pe ganny mete lo teknolozi, pou amelyor servis ki ganny delivre ki pou zwe en rol enportan pou transform nou lekonomi.

Bann lorganizasyon ki'n partisipe, in byen demontre ki mannyer teknolozi i enfliyans zot prodiktivite dan zot bann domenn respektif e zot in montre lenportans adopte teknolozi avanse, pou *streamline* zot bann looperasyon e amelyor servis ki zot donner.

Sa Mr Speaker, i ankourazan aköz avek sistenm nimerik, nou pe ouver semen pou en lavenir pli efikas e soutenab. An terminan Mr Speaker, mon anvi soulinyen ki sa Mosyon i enportan, aköz i pou ed tou dimoun pou travay avek plis lefikasite e ganny servis pli vitman.

adapte ek bezwen ki pe evolye e preferans piblik ki zot servi.

Letan nou etabli en sistenm nimerik permanan e aktiv, landrwa travay i kapab moderniz son loperasyon, *computerize* son proses e fer lenformasyon fasilman disponib pou piblik.

Sa pa pou non selman amelyor efikasite dan lorganizasyon, me pou osi amelyor akse pou dimoun ki pe profit sa servis ouswa lenflasyon. Par fer servis aksesib fasilman pou piblik, landrwa travay i kapab ankouraz transparans e responsabilite dan loperasyon, akse ouver a lenformasyon e servis i ankouraz konfyans e kredibilite demontre en langazman pou servi lentere piblik e siport o standar dan gouvrenans.

Met an aplikasyon mekanizm pou akse fasil pou piblik dan servis pou annan en amelyorasyon enorm dan leksperyans kliyan an zeneral, ki se swa atraver sit enternet ki fasil pou servi *online portal* ou sa *channel* kominikasyon *digital*. Akse pratik dan servis pou ede batir konfyans satisfaksyon e lwayote parmi sa ki pe servi.

Pandan nou pe anbank lo sa vwayaz transformasyon dan direksyon pou amelyor livrezon servis e promouvwar langazman piblik, annou pa

perdi lenpak pli larz, sa linisyativ lo nou sosyete an antye.

Mr Speaker, mwan mon pou siport Mosyon anmennen par Onorab Mondon. Mersi.

MR SPEAKER

Mersi Onorab. Laparol pou Onorab Andy Labonte.

HON ANDY LABONTE

Mersi Mr Speaker. Bonzour Mr Speaker, tou koleg Onorab e tou dimoun ki a lekout.

Mr Speaker, mon pou komans mon lentervansyon par en pti vers, dan 1 Koretyen sapit 10 vers 31 a 32 mon site;
-

“Alor kwa ki ou manze, kwa ki ou bwat, nenport kwa ki ou fer, fer tou pou laglwar Bondye. Viv dan en fason ki ou pa ofans personn ni Zwif, ni non-Zwif, ni personn dan Legliz Bondye”

Teknolozi in ganny fabrike par zonn e zonn son lentelizans i sorti kot Bondye, me i enportan ki teknolozi i ganny servi dan en fason ki i bon i fer plezir nou kreater. Bokou de fwa, nou tann dir ki *advance* teknolozi parey *AI* pou anmenn nou destriksyon.

Me Mr Speaker, nou bezwen kontinyen rann glwar Bondye pou tou son lentelizans e servi li dan en fason ki byen.

Me Mosyon anmennen par Onorab Terrence Mondon, pe koz lo pozitivite ki nou kapab servi teknolozi pou amelyor servis dan landrwa travay prive e piblik e sa i avek bi pou annan e asire ki sistenm nimerik permanan e efektif pou permet piblik

ganny akse fasil avek zot servis. I osi pe demande ki i annan bann program kontak ki efektif.

Mr Speaker, petet i annan ki pou demande sa Mosyon pa'n mansyonn ni teknolozi e ni pozitivite. Me pour mwan ler nou pe koz lo sistenm nimerik i definitivman pe koz lo teknolozi e ler nou pe koz lo amelyorasyon i vedir vin pli pozitiv.

Pou mwan sa Mosyon in ganny drafte avek en lespri pozitiv e se la pozitivite kot nou anvi war dan sa pei ki bouz de lavan e nou isi lo sa kote latab nou touzour pe koze pratik la pozitivite, aköz Gouvernman *LDS* i en Parti ki krwar dan pozitivite enkliziv pou tou zanfan Sesel.

E ler nou dir zanfan Sesel i vedir tou Seselwa, zanfan koman adilt, trwazyenn az, ki ou pe viv Sesel ou aletranze, aköz teknolozi i osi ede pou fer ki nou koman en nasyon, koman en lemonn, nou tou nou reste kontak global.

Dan sa lespri transformasyon e pou kontinyen met Sesel avan tou, parey nou moto dan dernyen Konvansyon *LDS* le 28 Zilyet 2024, kot nou ti fer deborde *NSC Hall*, i enportan ki nou servi sistenm nimerik e kontinyen amelyor bann byennet nou piblik.

Mr Speaker, ler nou pe koz medya sosyal, i enportan ki medya sosyal i ganny servi dan fason ki i merite, akoz souvandfwa nou war ki medya sosyal i ganny servi plizoumwèn dan bann fason pou nou denigre nou prosen e sa i bann keksoz ki nou pa pe ankouraze, me nou ti a plizoumwèn war ki ganny servi dan son vre fason.

E sa i fer mon mazin mon menm mon Mr Speaker, ler ki mon ti antre dan Lendistri Tourizm premye sistenm ki nou ti servi pou rezervasyon resepsyon ti *Vista*, ler nou ti sorti o *Vista* apre nou ti al lo *Fidelio* apre in annan en amelyorasyon kot nou'n al lo *Micro Fidelio*.

E la i en sistenm ankor Mr Speaker, kot parey loter Mosyon in ganny dir ki *booking* en kliyan i kapab ganny fer aletranze e i en sistenm konplet kot ou menm kapab a lafen en zournen, ou zis *print* ou *audit* e si ou'n byen met tou lenformasyon, tou data e sa i en sistenm ki konplet tou ou rapor e finalman i mwens travay ki en endividi i bezwen fer.

E nou'n osi tann koz lo *PUC* Mr Speaker ; pou nou ki petet ou pa al pet nou pa al pey nou bil *online* me toudmenm nou war ki *PUC* in enstal menm en sistenm, kot ou kapab zis vini ou tap ou

customer number e ou ganny ou bil, so ou ale ou kapab pey ou bil.

E petet lo sa laliny Mr Speaker, mwan mon ti a swete war ler nou pe koz lo amelyor teknolozi sistenm nimerik petet ler nou war bann *meter readers* kot i vin lir, ou war poudir enn i vini i lir delo e detrwa zour apre ou war en lot i vini i lir elektrik.

Petet dan lespri pou vin en pe pli efikas, petet nou kapab revwar en sel dimoun avek sa pti *computer* ki i annan i kapab lir tou lede ou elektrik e ou delo. E finalman i mwens presyon e i koup lo depans ki en letablisman pe fer.

Mr Speaker, ler nou pe koz lo teknolozi ankor lo sistenm nimerik, nou war ki lontan ler ou *travel* ti annan en pti papye zonn ki ou bezwen pran letan ranpli e ler pou ou al pas ver Imigrasyon ankor ki pran sitan kantite letan.

E ankor enn fwa la mon pou felisit Gouvernman, ki finalman tousala in ganny eliminen ki tousala i ganny fer *online*, ki i bokou *facilitate* ou fason ki ler ou pe pas kot imigrasyon tou ou lenformasyon i la zis ou *passport* i ganny *scan* e ou pase ou ale.

E ankor enn fwa mon pou bezwen felisit Gouvernman, ki nou *passport* ankor in vin nimerik e nou

passport i en *passport* pli for si oule dan Lafrik li menm li e i montre ou kot ankor bann sistenm nimerik pe ganny servi pou amelyor lavi en nasyon e lemond an antye.

E la petet mon ti a swete war Sesel, ki parey nou konnen ler bann pei parey *Londre* ler ou ale ou kapab zis vini avek ou bagaz ou *check in* tou ou keksoz lanmenm la, apre si ou pase ou ale ou larg ou bagaz, so ou pa bezwen ankor enn fwa al fer bann gran, gran laliny ki pou tard ou en pe plis.

So sa i bann fason kot i montre nou kot bann sistenm nimerik i kapab ganny servi pou amelyor lavi nou pep e nou nasyon. Mr Speaker, ankor enn fwa ki mon pou bezwen kontinyen remerci Gouvernman e felisit li.

Nou'n menm war poudir menm *SPTC*; *SPTC* in vin *cashless* ozordi e sa i ede dan diferan fason kot dan lepase i ti kre bokou lenkonvenyan dimoun i bezwen mars avek larzan e reveni i annan bann disparite e ankor enn fwa ler in bouz *cashless* nou'n vwar ki *SPTC* i pe fer bokou pli mye ki i ti fer oparavan.

Mr Speaker, i annan bokou ki pe ganny fer e la dernyen fwa ki nou ti fer vizit avek nou Komite Praslin *HIV and AIDS Committee*, kot ler nou ti al fer nou vizit nou'n

ganny en pe plis lenformasyon ki sa *Health Information System* ki pe komans ganny enplimante isi lo Mahe ki byento i pe bouz lo Praslin e sa ankor i ede i montre ou ki mannyer ki sistenm nimerik i kapab ede, amelyore.

E ler nou pe koz lo sa *Health Information System*, i en sistenm ki pou ed nou ki nenport ki klinik Sesel ki ou pou ale zis avek ou *ID* tou ou lenformasyon i *pop up*, zot pou konnen; ki ou pa bezwen neserman al dan ou distrik pou ou tir ou *file*, me zot pou kapab konnen ki kalite medikaman ki ale ek ou, ki kalite medikaman ki pa ale avek ou e ki kondisyon lasante ou annan.

So tousala i pou ede pou amelyor lavi nou koman en pep e koman en nasyon.

E lo menm aliny Mr Speaker, ankor nou'n war poudir menm *ASP*, *ASP* in fek fer louvertir en lofis *customer service* ki modern e osi *accessible* pou menm bann dimoun avek dezabilite e ankor enn fwa i montre ou ki bokou ki Gouvernman pe fer, Gouvernman dizour pe fer pou amelyor lavi nou pep e an servan bann sistenm mekanizm- bann sistenm nimerik.

Mr Speaker, menm avan ki nou'n pran sa Mosyon nou ti pe koz lo *virtual asset*, ankor

enn fwa i montre nou poudir i annan bokou ki pe ganny fer.

Alor Mr Speaker, pou mwan mon war neseseite, mon war lenportans lesansyel en tel Mosyon anmennen par Onorab Mondon.

E dan sa lespri mwan Mr Speaker, mon pou donn tou mon sipor sa Mosyon e mon pou demande ki Gouvernman i kontinyen lo sa bon larout, lo sa bon semen pour ki nou kapab kontinyen amelyor lavi nou sitwayen e nou pe osi lans en lapel avek menn bann sekter prive si oule, pou zot osi zwenn nou ansanm pou koumsa nou kapab bouz ansanm koman en nasyon koman en pei an zeneral.

So avek sa 2 mo Mr Speaker, mon pou donn mon *full* sipor sa Mosyon anmennen par Onorab Mondon. Mersi Mr Speaker.

MR SPEAKER

Mersi Onorab. Okenn lot Manm ki oule adres lo sa Mosyon? *Ok* si napa, mon ava apel loter - *sorry, yes*, mon annan - *ok*, Onorab Loze.

HON JOHAN LOZE

Mersi Mr Speaker. Mr Speaker, mon oule komanse par dir avek Onorab loter Mosyon ki mon pou siport son Mosyon mon pa pou long.

Me mon dir dabor ki mon pou siport Mosyon, aköz enn,

mon pa oule donn li sok pete pat lafason ki mon koze de fwa e dezyenm pou prepar sa dimoun ki ganny peye pou reponn mwan i ava *relax* prepar son *speech* koz pou li dan plas prepar li reponn mwan aköz mon pe al siport zot Mosyon. Mon konnen i pe tranpe aköz i napa naryen pou dir apard vey mwan.

Mr Speaker, annou konsider bann teknolozi transformasyonnel ki'n sanz lemonn. Ki swa ou pe koz ou *steam engine, internal combustion engine*, avyon, teknolozi nimerik li menm, in annan tou bann keksoz ki'n vini ki'n fer lemonn pli byen par zot kontribisyon dan teknolozi pou fer lavansman lavi imen.

Be si nou pou demande ozordi dan sa letan kot nou pe viv se kwa teknolozi transformativ ki pe domin lemonn? Lekel teknolozi ki pe gide e domin sa *monde* kot nou ete ozordi? E larepons pou okenn dimoun ki pe angaz li dan teknolozi lo en baz toulezour i tre senp sa se; -

Digital Intelligence ki nou pe apel *AI* ozordi, ouswa sa bann size ki nou ti pe diskite yer ki *blockchain technology* avek *digital currencies*. Sa i ou 2 morso teknolozi ki pou annan plis lenpak lo direksyon ki sosyete imen i ale.

Be Mr Speaker, akoz mon tous sa 2 keksoz? An 2014, an lannen 2014 en nonmen Gavin Wood ki enn bann fondater sa *blockchain* ki apel *Ethereum*, ti *coin* li en fraz *web 3.0*.

Web 3.0 i en versyon *internet* ki ganny plase lo *blockchain*. I esansyelman en *decentralized internet service supplied* par *blockchain* koman son *backbone* e i pa ganny kontrole par bann lakonpanyen parey *Meta*, *Google* ki an se moman i kontrol bann pli gro *servers*, *Microsoft* tou latrap.

E sa zot, zot in get li koman en form liberalizasyon *internet*. Rezon ki mon tou sa Mr Speaker, letan ou koz teknolozi letan nou pe koz nimerik nou bezwen sers en lavantaz teknolojik e non pa en dezavantaz dan teknolozi. Nou pa kapab al rod zouti nou granpapa teknolozi nou gran papa pou nou fer lavansman teknolojik demen - sa ki an Angle zot term koman *last generation technology* ki li i pa pe don nou en lavantaz.

E la kot nou trouv nou dan en sityasyon kot nou pri dan *web 2.0* nou pri dan *web 2.0* avek sa sistenm *Patient Information System* ki an se moman pe ganny enstale par Minister Lasante.

E sa i sa bann *statement* politik, akoz sa sistenm ti

ganny komanse letan mon Gouvernman ti la. Be selman i la ozordi i pe ganny *deployed* e i pa neseserman teknolozi le fitir an term nimerik.

Ozordi ou kapab annan ou *patient information deployed* lo en *blockchain* dan en fason pli *secure* posib, kot non selman ou pou al kot nenport ki klinik avek ou kart idantite parey nou'n ganny dir, ou pou al kot nenport ki klinik avek ou telefonn, ou telefonn sa ki lo la i *serve* koman ou idantite.

Akoz tou dimoun ki pou *access* en *blockchain* pou bezwen *access* li atraver en *electronic wallet* e ou *wallet* i servi koman ou idantite e ou a kapab ganny akse avek tou ou lenformasyon lo ou telefonn *or whatever device* teknolozi ki ou, ou servi, *secure*.

Akoz sa i lesansyel en *blockchain* i en *temper proof sequential ledger* e sa direksyon ki lemonn pou ale *I will bet The House* lo la. So letan nou dan konsiderasyon Mosyon Onorab, nou bezwen annan sa lanfaz pou teknolozi le fitir non pa teknolozi nou gran paran.

Nou bezwen itiliz zouti pli fite, pli apropiye pou nou fer sa lavans ki nou, nou pe serse koman, en pep koman en pei. Alors ki mannyer eski nou rol sa *technological edge* ki nou bezwen, posibleman nou pou

bezwen nou zenn, posibleman nou pou bezwen rakle zot, konsantre zot.

Posibleman nou pou bezwen letan nou osi koman pei be pou nou gannnen en lavans teknolojik nou pou bezwen *focus* nou bann dimoun dan en landrwa nou bann zenn dan en landrwa e letan keksoz ki bezwen letan i pran letan so nou pe koz nou ne lenvestisman posibleman 5 a 10 an ki pou bezwen zefor, i pou bezwen larzan e i pou bezwen konsantrasyon e i pou bezwen *political will* de nou par nou tou.

Akoz i byen sa travay ki nou pe fer depi yer e bokou referans ziske ozordi i ankor pe fer depi yer nou pe fer tel travay, tel travay. Be sa travay ki nou pe fer depi yer i pa *homegrown* li, i nou bann *colonial Masters* ki enpoz lo nou - *comme d'habitude* sorti kot *FATF* sa ki nou'n fer depi yer e mon'n siporte mwan, be selman i pa pou nou.

Now, eski nou koman en nasyon nou konfortab e nou *happy* pou *être en net recipient of technological crumbs* ki *fall of the western table*. Ankor silvouple mon bann *statement* i pa politik mwan, i refleksyon pou nou komans mansyonn e sirtou refleksyon pou nou la anndan koman Lasanble Nasyonal Sesel.

Eski nou komans atrap tou nou bann zenn ki pe leve, ki annan sa bann laptitid e nou sers fason pou met zot ansanm? Eski nou kre sa *incubator* teknoloji pou zot, pou donn zot sa lespas grandi? Pou *attend* bann bi ki Mosyon pe sey serse ozordi?

Akoz si nou kontinyen zis dir nou pou fer nimerik, nou pou al *online*, nou pou fer *website*, a en serten pwen sa bann keksoz pou'n depase li; a en serten pwen sa bann keksoz pou'n fini aryere e sa lavantaz teknolojik ki Onorab Mondon pe serse pou son pei i pa pou la.

Akoz nou, nou'n mank bato en keksoz lo komansman ler i pe komanse sa *web 3.0* ki mon pe dir zot ozordi la i lo son komansman la li, *the decentralized internet* i en *nascent project*.

Be mwan mon annan tou respe pou travay ki Onorab Mondon pe sey fer ozordi, comma be selman nide ki mwan mon'n pe avanse eski nou koman en pri nou kapab pous li en pe pli lwen? Eski nou kapab investir tou sa ki bezwen ganny investir pou nou kre sa Lavantaz teknoloji pou nou lekor?

Akoz ki nou annan pou ofer nou apard soley, lans ek lanmer, nou pli gran resours se Seselwa, nou pli gran resours se nou pep, se nou

dimoun be letan ou resours se ou pep, *then* ou bezwen *focus* li dan meyer ledikasyon ki ou kapab donn li.

Ou bezwen *focus* li lo tou lavantaz ki ou kapab donn li, e si ou pe koz teknolozi, *then* nou bezwen nou en nasyon ki *technologically savvy*.

E la mon pa konnen - mon pa pe donn solisyon mon pa pe dir ki mannyer nou fer li - si nou kre bann lakademi - si nou kre bann *think tank* - *whatever* metod ; i annan dimoun ki bokou pli ekipe ki mwan pou donn bann solisyon. Selman mwan sel keksoz ki mon pe dir, annou aret zis *focus* lo teknolozi nou gran paran, ki pou aport nou en dezavantaz teknolozik. Akoz nou bezwen bouz *further*.

Mr Speaker, boner mon'n tann koz lo *SPTC* in *go cashless*, ankor mon vin avek menm largiman, *SPTC* i *go cashless*, i *go cashless* ek kart, kart ki dimoun i bliye, i dir ou si son kart pa ek li i pa anbarke lo bis. I *go cashless* ek kart, kart ki sa dimoun i tyonbo sa kart ki i pa konnen konbyen i annan lo la li akoz sa kart pa dir li naryen.

Be dir mwan en keksoz konbyen dimoun ki bliy son telefonn Sesel? En Seselwa si in kit son telefonn ater, i a vir lakaz latet anba pou li trouve kot i été - nou al partou ek nou telefonn nou, be akoz sa

cashless pa ti kapab atraver telefonn?

Si i ti'n al atraver telefonn, son telefonn ti pou dir li konbyen i annan e posibleman atraver son telefonn si sa ti'n ganny byen enkorpo konplet, i pa ti pou ganny kit ater par bis li akoz ti a kapab *top up* son zafer zistwar lo son telefonn.

Mon pa pe kritike, mon pa pe dir i mal, me selman *there again* teknolozi nou gran papa, nou pe sey anmenn nou dan le fitir avek. Be *either we are all in or we're out!* Swa nou kontinyen vann tiket ek lanmen ouswa nou dir nou *go cashless properly*.

Nou pa kapab kontinyen ek sa menm kart ki ti la ler nou ti pe vann tiket ek lanmen prezan dir nou'n *go cashless*. Ozordi sa telefonn i pey tou keksoz li. Ou servi li pou fer tou keksoz zis *device* dan ou lanmen. Be akoz nou pa ti'n *go cashless* ek li?

Mon konpran bann limitasyon be prezan nou ozordi ki nou pe diskit sa size, eski nou pouse? Eski nou pouse, nou *convince* nou pei akoz nou bann dirizan dan sa pei - eski nou *convince* nou pei lo si nou pou fer ladopsyon teknolozik nou fer li a plen. Nou pa fer li lanmwatye semen, nou pa adopte en bout teknolozi. Nou pa adopte

teknoloji nou granpapa zis akoz nou pti zanfán.

Doesn't work like that. Annou aret sa bann *halfway measures* e ankor mon pe sipliy zot, i pa kritik sa ki mon pe fer. I pa kritik akoz i annan ankor sa bann keksoz parey mon dir zot in ariv dan letan mon Gouvernman, par egzanp sa sistenm lopital.

E ozordi nou komans annan nou bann *nascent* teknolozi dan nou pei, par egzanp mon war i annan en *electronic wallet* ki'n vini ibou, be annou konsider e eksplor posibilite tou keksoz ki kapab ganny fer avek en *electronic wallet* e i annan en ta.

En *electronic wallet* li menm li, li *especially* si i *rooted* lo en *blockchain*, i en *digital ID* li akoz i *unique*, i *unique* li e li ou kapab servi li pou *access* tou ou keksoz, depi ou lenformasyon medikal, ou larzan, akse avek bis.

Akoz si ou get bann pei azyatik, par egzanp Sid Kore, Zapon, zot pey tou keksoz, Lasin zot pey tou keksoz ek telefonn.

So mwan sa i mon kontribisyon se ki mon dakor avek Mosyon e mon pou siporte. Sa i mon pozisyon personnel. *By the way* akoz mon krwar zot konnen *by now* mon en *early technology adopter* - mon en fanatik teknolozi. Mon pa pe koz pou

mon *Caucus* mon pe koz pou mwan, mon pou siport Mosyon.

Be selman mon bann pwen ki mon'n sey fer, ki mon'n pas avek zot i tre senp, mon ti a kontan ki nou pou se pou nou ganny en lavantaz teknolojik koman en pei.

Mon ti a kontan letan nou koz lo teknolozi, nou aret konsider teknolozi nou gran papa angiz sa pou fer fitir nou pti zanfán pou nou. Mon ti a kontan si nou konsider en latitud adopsyon teknolojik a plen pa lanmwatye, si nou pou fer nou fer e si nou pa pou fer nou pa fer, nou donn en lape dan nou nanm.

Be si nou vin en pei ki pou pran teknolozi, nou konsidere ki tou nouvo keksoz i pran apepre 100 erdtan pou *master* li dan son *full* konprenezon.

So nou pran nou bann zenn nou donn zot *exposure*, nou donn zot loportinite, nou donn zot sa sans pou zot vin bann pti Sid Koreen, vin bann pti Zaponnen, nou donn zot sa lavantaz teknolojik ki sa lemond modern i demande zot annan. Mersi Mr Speaker.

MR SPEAKER

Mersi Onorab. Onorab Georges, pou adrese. E dan sa ka mon krwar nou ava anvoy kontinyasyon deba pou apre midi. Wi ou...

HON BERNARD GEORGES

Non Mr Speaker, mon pa ti anvi retard deba. Si zis mon ki pou koze, nou ti anvi fini deba la, mon pa *mind* les *mover* Mosyon konplete pour ki nou kapab pran en lot travay apre midi, akoz mon pa ti pe al dir naryen nef - mon ti pe al zis...

MR SPEAKER

Be dan sa ka petet mon a propoze ki ou fer en ladres ki kourt koumsa nou a permet - i pa en problem pou nou *extend*, selman mon pe mazine si ou pran ou *usual 20 minutes or 30 minutes* i pou soz -

Be dan sa ka nou a pran si napa lot dimoun ki pou koze nou a pran, mon pe gete Onorab Waven William osi. So...

HON WAVEN WILLIAM

Mr Speaker, zis mon ti anvi atir ou latansyon ki nou annan en *Committee Meeting 12:30* so mon pe zis met sa ou latansyon.

MR SPEAKER

Anr ou pa pe pran laparol ou, *ok*. Lekel sa Komite Onorab? *IAC ok*, konbyen Manm ou annan ki bezwen ale?

Ok, so Onorab Georges nou a rebran apre midi avek ou *speech* e avek kontinyasyon konklizyon si

napa lot dimoun ki pou koze. Mersi, nou a kapab pran poz la e nou a rebran 2 er. Mersi.

(BREAK)

MR SPEAKER

Bonn apre midi tou dimoun, Manm e sa ki pe swiv nou. Nou a rebran lo Mosyon, mon ti annan Onorab Georges, Onorab Henrie oule adrese? En moman.

Tre byen, mon ti'n dir mon annan Onorab Georges mon pa ti'n egzaktaman ferm lalis, so mon krwar 2 keksoz, nou pa pou pe fer zistis Onorab Mondon si nou pa donn plis Manm sans koze e nou pa pe fer zistis okenn lot travay ki nou ti pou pran la apre midi.

Onorab Uranie in lev lanmen, non, *ok*. Byen Onorab Georges ou premye lo lalis.

HON BERNARD GEORGES

Mersi Mr Speaker. Bonn apre midi Mr Speaker, bonn apre midi tou bann koleg Onorab e tou dimoun ki pe swiv nou.

Mr Speaker, efektivman nou pa ti pou fer zistis sa Mosyon Onorab Mondon si nou ti'n aret koz lo la parey i ti aparet ki nou ti pe al fer avan ki nou pran en kou *break* dezennen, set enn bann rezon ki'n fer mwan demann ou laparol pou adres sa Mosyon.

Avek bi re memoriz nou Mr Speaker, lo egzakteman ki sa Mosyon pe demande, annou regard son Mosyon li menm, Onorab Mondon pe viz amelyorasyon servis ki bann landrwa travay, prive e piblik i donnen e i pe demande pou zot asire ki zot annan bann sistenm nimerik, permanan e aktiv ki zot met an plas bann mekanizm pou permet piblik i ganny akse fasil avek zot servis e ki zot fer bann program *outreach* ki efektiv.

Sa set en Mosyon ki larz dan son lanpler. E parey bann Manm ki'n koz avan mwan, sa Mosyon i vin a en moman apropiye apre ki nou fek fini ek *Virtual Assets Service Providers Bill* bomaten.

Akoz depi yer nou'n antre dan en lankadremman kot nou vwar lo en kote nesesite pou *join* avek larestan lemond e al dan sa laliny nimerik e lo lot kote nou pe regard bann *steps* ki nou pe fer isi Sesel pou nou kapab antre dan sa lemond nimerik. E tou lede i al ansanm. Si nou regard kote nou'n arive ozordi...

(comments off-mic)

MR SPEAKER

Yes, Onorab Georges ou kapab kontinyen.

HON BERNARD GEORGES

... si nou regard kot nou'n arive ozordi Mr Speaker, nou a vwar ki'n nou'n al en bon zistans konpare ek kot nou ti ete detrwa lannen pase, me si nou regard pli lwen e nou regard sa ki pe arive dan lemond, nou ava rekonnet e aksepte ki nou ankor annan bokou semen pou nou fer.

E mon krwar sa lapel ki Onorab Mondon i anmenn, se pou re sitye nou - se pour dir nou sekwe nou en pe, annou tou Sesel an antye - i pa pe demann Gouvernman fer naryen li, i pa pe demann Gouvernman fer naryen li Mr Speaker, i pe demann tou biznes, tou dimoun ki donn en servis i pe demann zot *focus*. Annou sanz nou fason fer e annou vin pli performan dan en domenn e sa se dan domenn nimerik.

Sa Mosyon i parey mon'n dir o komansman, tre larz dan son lanpler e Onorab Mondon dan en prezantasyon ekstrememan detaye, in tous lo tou aspe ki a labaz son Mosyon.

Mon ti dir taler Mr Speaker, ki si nou regard kot nou ete ozordi nou ava vwar ki nou'n fer progres, me si nou konpar nou lekor avek lezot pei nou ava vwar ki nou ankor annan bokou progres pou fer. E se koumsa, e se koumsa ki nou devlope koman en pei. Nou pa swiv *blindly* sa ki arive

dan lezot pei e an menm tan nou pa ferm nou lekor avek lezot pei e krwar ki Sesel i pou sant lemonn e tou sa ki nou fer isi nou konnen ki nou pe fer.

Nou bezwen annan en *mix* ant sa 2 keksoz. E aköz Mr Speaker, aköz lemonn *digital* i en lemonn *the virtual world is the whole world* e i pa zis bann pei.

E nou'n rekonnet sa ler *the worldwide web* in arive. Ler *internet* in komanse nou'n realize ki anefe sa ti pou sanz lafason ki nou fer keksoz konpletman, aköz en sel kou komunikasyon in vin en enstantane. E ozordi avek nou telefonn nou al partou dan lemonn dan laplipar pei lemonn e nou kapab reste *accessible* avek bann dimoun ki nou kontan e bann landrwa ki nou bezwen *access* avek.

Me toulezour i annan devlopman ki pe arive. E nou isi Sesel nou pa kapab anpes sa arive. I annan 2 fason *proceed*, enn se pou fer *baby steps* e se en pti pe sa ki nou'n fer *up to now*, e en lot se pou al an gran. Mon pa sir lekel ki nou devret swiv e mon pa krwar i annan en bon model oubyen en move model, sa ki nou bezwen fer se asire ki nou fer, aköz si nou pa fer nou pou ganny kit deryer.

Depi ler ki nou'n les en dezyenm Lakonpanyen Telefonn antre dan pei, *Airtel*

epi en trwazyenm *Intelvision*, nou'n vwar e premyerman en operater *internet*, epi en dezyenm operater *internet*, epi en trwazyenm operater *internet*, nou'n vwar ki konpetisyon i favorab pou itilizater sa bann prodwi.

E sa i montre ki bann dimoun ki'n toultan dir ki konpetisyon i fer avanse devlopman en pei, zot pa ti annan tor aköz efektivman konpetisyon i fer avanse devlopman i fer li al pli vit aköz i vin en *race* enn kont lot e i fer pri desann aköz ankor enn fwa i vin en *race* pou *market share*, enn kont lot e konsonmater i benefisyè.

Me dan tousala sa pli gro anplwayer isi Sesel, sa lorganizasyon ki rann plis servis isi Sesel, Gouvernman kote i sitye son lekor ladan? Mon a donn ou en legzanp senp Mr Speaker e enn ki nou pe debat lo la dan en bann lorganizasyon ki mon afilye avek depi detrwa letan - *internet*.

Nou annan 3 *system providers* isi Sesel, 3 *internet providers* isi Sesel e mon krwar ki servis i plizoumwen alaoter, *bandwidth* pa ase gran, *speed* pa ase vit me *we can cope*.

Le moman ki ou kit Mahe, Praslin, La Digue e ou al dan enn bann lezot zil problenm i komanse. Nou

annan en teritwar ki *vast*. Ki ou fer ler ou ariv Desroches, oubyen Daroche, oubyen Alphonse, oubyen pli lwen ankor Farquhar, Coëtivy, Aldabra kot kou i enportan e *bandwidth* i limite e *speed* i limite akoz zistans e akoz pri.

Alor Gouvernman i annan li en desizyon pou li pran, eski i les sa 3 *system providers* akoz i pe ganny en kantite *tax* avek sa 3 sistenm *providers*? Oubyen eski i les *Starlink* antre e annan en katriyenm *provider* ki pou ed - ki pou ed sa bann zil annan plis konnektivite me ki pou afekte bann *providers* ki pe pey *tax*?

I pa en desizyon fasil. Ler ou konsonmater *obviously* ou anvi sa ki meyer, me ler ou dan Gouvernman ou bezwen osi protez sa bann ki pe donn ou *tax*. Avek *Starlink* ou pa pou annan otan akoz lafason ki son *corporate*, model i ete, me i pou donn en servis serten landrwa kot servis i pa alaoter.

Alor ou bezwen Mr Speaker, an mezir ki nou pe demann annan plis performans, nou bezwen osi realize me se la kot mon'n komanse ki Sesel i en pti pei lwen avek lemonn e ki i bezwen annan son prop spesifisite.

Nou kapab donk regard sa size ki devan nou ozordi dan 2 fason; enn se en fason e

mon pa dir sa dan en move fason, enn se dan en fason siperfisyel. E *superficially* ler nou regard sa problem ki devan nou, nou annan en kantite solisyon e bann Onorab ki'n koz avan mwan in donn en kantite sa bann solisyon en dakor avek zot.

E par egzanp - par egzanp nou vwar ki ozordi isi Sesel dan mon prop fanmir mon kapab dir, i annan dimoun ki ankor pe servi *cash*, i annan ki servi *bank card* e i annan ki servi telefonn. Donk ou vwar en progresyon - ou war en progresyon dan en sel fanmir dan plizyer zenerasyon kot ou pe ale.

Dan mon biro avoka - dan mon biro avoka mon kapab dir akoz mwan mon pli vye avoka dan sa biro, prensipalman se zis mon ki servi bann Liv Lalwa ; tou mon bann lezot zenn avoka zot al *online* lo zot telefonn, lo zot *internet*, lo zot *computer* e zot ganny tou sa ki mwan mon vwar. E *that's the future* Mr Speaker, nou'n dir sa yer e nou repet li ozordi.

So eski nou pran bann *baby steps* pou nou ariv la kot nou anvi arive, oubyen eski nou fer en revolisyon teknolojik, en revolisyon vertyel e nou *catch up* en sel kou e nou ariv Sengapor?

Par egzanp avek tou bann lavantaz ki sa pou

anmenn nou, me osi ou bann defayans ki sa pou anmenn nou. E annou pa krwar ki sa pou osi senp e Onorab Loze bomaten in dir ler ou perdi ou telefonn, ou pou fer tou keksoz pou ou reganny ou telefonn e i vre.

Ler mon ti Langleter, ler mon ti Lonm mwan pase, mon madanm ek mwan nou'n decide al war en *show Hamilton*, malerezman mon pa'n ganny sans al Kabare de Novann - mon espere ki Mr Raymond Clarisse a remet sa Pyes Teat - sa Pyes Mizikal ankor an senn byento, aköz mon konnen ki apre sa piblisite ki nou'n tande lo televizyon, bokou nou e mon koz pou mwan menm, nou ti a kontan vwar li.

Be bref nou'n al vwar *Hamilton*, ler mon sorti dan taksi, mon al dan laliny, mon realize ki mon'n kit mon telefonn dan taksi. Telefonn i mon telefonn Lasanble, ou kapab perdi ou ava aste en lot, bann lenformasyon ladan mon ava re gannyen, me mon tiket, mon *barcode* pou fer nou de antre dan sa *show* i lo mon telefonn.

Alor si mon pa ti ganny mon telefonn, nou pa ti pou kapab al vwar sa *show*. E vre nou'n fer tou sa ki ti nesese pou nou reganny nou telefonn e pou nou kapab al vwar nou *show*. Donk i en keksoz ki ou

aprann - i en keksoz ki ou garde aköz son lenformasyon ki ladan e son nesese e son bezwen ki ou bezwen li a tou moman.

Alor Mr Speaker, mon retourn lo kestyon ki mon demande, eski nou fer *baby steps*, oubyen eski nou decide enn fwa pour tou annan en program nimerik, ki pa zis Gouvernman me Gouvernman *is the biggest service provider* isi Sesel, me Gouvernman avek tou lezot antite pou enn fwa pour tou revolisyon iz nou laspe *virtual business* isi Sesel.

Mwan mon antouzyazme sak fwa ki mon al lo en *ATM* pou vwar ki mannyer i fasil pou pran larzan. Annefe ler mon vwayaze zanmen mon vwayaz avek okenn deviz, mon pa bezwen aköz nou kart e mwan mon annan en *debit card* mon napa en *credit card* e nou *debit card* i marse partou kot mon'n ale, pey tou sa ki ou anvi *everywhere*.

Donk biznes in vin fasil. Mon napa mon kart lo mon telefonn me i ti ava posib pou mwan met mon kart lo mon telefonn zis ki mon'n pares mon pa ankor fer li, me nou kapab bouze e al dan sa direksyon.

Me lekel ki pou fer sa Mr Speaker? Eski nou pou les *DICT* par egzamp fer sa li tousel avek tou sa ki i pe sey fer? Oubyen eski nou pou organiz

en - mon pa konnen mwan en konpetisyon, pas en Lalwa parey nou fek pase ozordi pou apel sa keksoz, pou *ride* lo sa Mosyon Onorab Mondon? Eski nou pou anmenn dimoun ansanm?

E la mon ava fer zot rapel ki i annan Seselwa ki annan en latitud ekstraordiner pou dan domenn vertyel. Kantite legzanp in ganny donnen depi bomaten bann dimoun ki'n fer platform taksi, bann dimoun ki'n fer platform tourizm bann dimoun ki'n fer tousala.

Me, me, enn bann dimoun ki annan de fwa nou bliye se Mr Marc Hoareau ki deza plis ki 10 an pase, 15 an menm 20 an pase, i ti'n *devise* en program pou bann lotel, bann *Travel Agency* eksetera servi e ki'n ganny servi isi pandan bokou. *Fidelio* tousala wi, me li i ti'n kapab arive *devise* en program pou Sesel?

E i pa tousel li en dimoun nou zenerasyon, me ozordi i annan en kantite zenn dimoun avek en kantite talan ki kapab anmenn nou dan sa domenn.

Deza nou an en kantite Mr Speaker. *GIS* lekel ki ti pou krwar - *in fact* parmi bann pei dan lemonn, nou, nou en kot ou anvi konnen en bout later parey ou konnen zis ou al lo *GIS* ou vwar son grander, ou war son limero e byento ler Biro Lanrezistremant in

digitize, nou pou kapab konnen lekel son propriyeter si i annan en *mortgage* lo la tou sa bann keksoz.

Sa i bann gran lavans ki nou pe fer, me eski nou pe fer li, eski nou le fer li sifizaman vit? E dan serten moman nou menm devan bokou pei dan lemonn antye e mon ava mansyonn zis enn, ki mon konnen ki i riske fer en pe kontrovers me *Travizory*; *Travizory*, i annan son problem, mwan mon pa en gran *fan Travizory, for the sake of Travizory*. Mon pa en partizan ki ou bezwen ganny pini si ou pa kapab anpli en form a ler eksetera, mon pa krwar ki sa i byen.

Me mon kontan son fason ki i permet ou ler ou ariv Sesel al vit atraver *Customs* e san ki ou bezwen ranpli bann form eksetera sak fwa ou pe ale, zis pou zot al anpli en *store Independence House*.

Sa se bann keksoz ki nou'n bouze. Nou *passport* biometrik parey in koze nou'n fer en kantite. Sa ki Mosyon pe demann nou se annou pa kay la. Annou pa dir wi, sa ki nou pe fer nou'n fer en kantite e nou ava kontinyen fer larestan.

Mon krwar sa ki Mosyon pe demann nou fer - *in fact* egzaktaman sa ki Mosyon pe demann nou fer me sa ki tou bann dimoun ki'n koze ozordi

pe osi demann nou fer se, *let's speed ahead*, annou al bokou pli vit ki nou pe ale ziska prezan.

Annou fer en fason ki ou pa pou bezwen ler mwan mon al Klinik Les Mamelles mon kart i dan en lot klinik ki sa dokter i kapab imedyatman access tou bann bann *bio data* e ou *medical data*. E ler mon al kot en Dokter Prive li osi i ti a kapab. Sa nou bezwen arive fer li.

Nou bezwen ki sak Minister i vin osi performan ki par egzantp *GIDS* ek bann lezot ki pe *digitalized*. E nou bezwen ki malgre ki ozordi par egzantp ou pa bezwen al kot en *Travel Agent* isi Sesel pou fer en *booking*, ou al lo *booking.com* ou al lo en lot sa bann keksoz e ou boukte sa in fer travay bon fasil.

Airbnb ou en destinasyon touris *Airbnb* in fer ki tou keksoz i ganny fer *online*, ou ganny peye konmisyon i ganny pran - *everything is so easy* Mr Speaker. Ler mwan mon anvi fer en transfer zis mon al lo mon *computer* - anfet bomaten mon'n fer enn e 2 minit pli tar larzan in ariv dan kont. *Juice* tousala se bann *steps* ki nou'n pran.

Me annou pa kay lo la Onorab Mondon pe demann nou. Annou pa dir akoz nou'n fer en kantite ki nou pa kapab fer lezot. *Let's join the dots*. Sa

ki Onorab Mondon pe demann nou fer se *let's join the dots*. Annou pa dir sa i mars byen, sa i mars byen, sa i mars byen, zot tou zot bezwen pe koz ek kanmarad. Zot tou zot bezwen pe perform alaoter pour ki avek en *device*, avek en *device whatever that device is*, nou a kapab akse tou bann keksoz ki nou anvi akse.

Onorab Sandy Arissol obor mwan la Mr Speaker, i servi son telefonn li. Mwan mon pa ankor ariv lo sa nivo me tou son keksoz ki i fer i servi son telefonn li in ariv en nivo bokou pli avanse ki mwan. Mon ankor pe trenn en *computer* akoz tanzantan mon bezwen regarde. E i pa tousel. Mon konnen i annan bokou dimoun me nou vwar nou pou arive.

Annou pa kay deryer. Annou fer sir ki tou bann akter pe koz ek kanmarad. Annou fer en *worldwide web* pou isi Sesel pour ki tou bann fasilite pe koz ek kanmarad pour ki avek en *devise*, avek en *click*, nou a kapab akse tou bann lenformasyon ki nou bezwen. *That's the destination* ki devan nou.

Onorab Mondon in met sa devan nou. In dir nou lala kote nou pe ale annou nou tou pa zis Gouvernman, Gouvernman i a fer son bout, pa zis *DICT*, *DICT* i a fer son bout, me annou sakenn nou

atraver bann program ledikasyon, atraver servi bann talan ki nou bann zenn i annan, atraver anmenn *outreach*, sa mo *outreach* i dan sa Mosyon annou fer *outreach* pour ki bann dimoun i a kapab akse sa bann fasilite.

Lontan lafen dimwan, nou tou nou ti vwar en laliny dimoun deor *Savings Bank* - nepli war. Dimoun in *computer savvy* ozordi. Menm bann tonton- bann tonton, bann tantin, zot larzan i vin lo labank, zot annan zot kart zot fer zot tranzaksyon. Sa se bann *steps* Mr Speaker dan en bon direksyon.

E mwan mon dir ek Onorab Mondon, Onorab Mondon, mersi ki ou'n anmenn sa Mosyon ozordi pou fer nou re mazin sa bann keksoz ki nou *take for granted* dan en fason, me ki nou pa *take for granted* dan en lot fason.

Akoz nou dir ok an mezir ki bann devlopman i arive nou ava *meet* zot, nou ava al a zot laresers non. *That's not the issue. The issue* ki Onorab Mondon pe dir nou, se pa annou pa esper keksoz arive, annou fer keksoz arive. Annou fer sa sanzman. *Let US be the change that we want to be* parey *saying* i dir.

Alor Mr Speaker, avek sa detrwa mo mon ti a kontan remersye Onorab Mondon

parey mon fek fer, me osi remersye Lasanble pou pa les sa Mosyon fini parey i ti paret ki i ti pou al fini midi pre ki zis 3, 4 dimoun ti'n koze, annou nou tou donn li son lanpler akoz i en Mosyon enportan,

Annou donn li tou son letan pour ki nou an mezir ki nou pe koze, nou reflexir lo ki mannyer nou, nou kapab fer nou bout pou fer sa rev ki Onorab Mondon in met devan nou arive.

Alor Mr Speaker, avek sa detrwa mo, mon remersye ou pou ou letan. Mon remersye mon bann koleg pou zot pasyans e mon reasir Onorab Mondon ki son Mosyon pou ganny nou sipor. Mersi Mr Speaker.

MR SPEAKER

Mersi Onorab. Onorab Henrie, ou annan laparol.

HON GERVAIS HENRIE

Mersi Mr Speaker. Bonn apre midi tou dimoun. Mr Speaker, mon'n lev mon lanmen letan ou'n antre la apre midi akoz bomaten mon pa'n dan Lasanble Nasyonal, anfet mon ti pe partisip dan en *forum* konsiltasyon organize par plizyer antite; -

ACCS, Ombudsman, AG's Office akoz i annan en Lalwa lo *Whistleblower* ki ladministrasyon i annan lentansyon entrodwi e koman

en Manm *Bills Committee* mon ti'n ganny envite pou partisipe. E la apre midi Onorab Hoareau pa la akoz i dan sa sesyon, donk alor mon'n rezerv mon drwa pou mon koze letan mon'n vini akoz mon pa ti la bomaten pou lev mon lanmen. Alor mersi pou donn mwan sa loportinite.

Mr Speaker, mon pou komanse lo en parol ki enterven an avan mwan *Leader of Government Business* in mansyonnen in dir sa mo reflexir, e sa Mosyon mon kontan in vini akoz koman en lenstitisyon enportan dan bann Brans Gouvernman ki nou annan, detanzaot i rol Lasanble Nasyonal pou nou pran en letan e reflexir lo en size ki konsern popilasyon ki konsern pei ki konsern devlopman, ki konsern lavenir ki direksyon nou pe ale.

E sa Mosyon i demann pou nou reflexir dan 3 *area* spesifik an sa ki konsern servis piblik e osi sekter prive petet osi *NGO* kot i konsern devlopman teknolozi, akse avek servis e osi kestyon *outreach*.

Donk sa ki nou pe fer ozordi, i pa pou nou pas zizman lo sa bann Antite si zot pe byen fer si zot pa pe- si zot pe mal fer pou kritik zot, me non, i zis en moman pou nou asiz en kou e koze, keksoz kekfw ki nou pa fer telman.

Nou koz en kantite nou, me selman souvandfwa nou pa pe reflexir dan sa fason ki nou merit pe fer lo sa bann size.

Donk, mwan mon ti ava prefere konsantre mon prezantasyon lo kestyon servis piblik akoz koman en Manm Lasanble nou annan *oversight* lo servis piblik nou donn zot en Bidze tou le-z-an e alor mon pli enterese vwar li bouz avek lavites ki nou anvi.

Akoz Sekter Prive li i annan en lavantaz zot dan en lemonn konpetitiv e toultan zot pe bezwen *one step ahead* akoz konpetisyon. Donk, zot *ok* zot lo zot menm zot konnen ki zot pe fer akoz zot pe fer e ki direksyon zot anvi ale e souvandfwa zot annan legzanp antre zot isi Sesel dan nou marse lokal me osi get dan lemonn eksteryer ki pe arive.

Me Tandis ki *public service* i kapab annan en pe letarzi ennler ki antre akoz ou Bidze i asire tou le-z-an, ou saler i asire. Letan ki ou'n dan en travay en kantite letan ennler i difisil pou sanze.

Be mon krwar la letan nou pe koze i annan en nesesite pou nou re angaz piblik, pou nou fer dimoun re eksite *about* keksoz bann servis ki servis piblik i ofer e sirtou avek en popilasyon zenn ki pe monte ki mannyer nou kontinyen angaz zot me pli enportan re donn zot sa

konfyans e konfidans dan servis ki *public service* i merit pe anmennen pou zot.

Lo keston teknolozi lenformasyon avek kominikasyon, nou bezwen avoue ki i annan en kantite keksoz ki pe pase ozordi dan pei e petet parfwa nou pa menm okouran, solman i annan en kantite keksoz ki pe arive. E wi nou responsabilite personnel dayer pou nou enform nou lekor lo ki pe pase, me i osi annan en nesesite ki sa bann lorganizasyon i dir nou ki zot pe fer.

E trwazyenmman nou *public broadcaster*, i bezwen fer letan pou zot al rod sa bann size e met a laporte nou piblik atraver Nouvel e bann lezot keksoz. I annan en kantite keksoz enteresan ki pe arive.

Par egzanp la kantite lorganizasyon ozordi ki dimoun i kapab fer peyman *online*, i pe kontinyelman ogmante. SRC, SLA, kot *Registrar* nou fek war la resaman lo televizyon, Lenstiti pou *Petite Enfance* zot kapab fer anrezistremman, zot kapab fer peyman ; *DICT* in devlop bann program ki apel *SeyID* e atraver sa ou kapab ganny ou kart idantite ou *driver's licence* e menm en "*e signature*" *online*, tousala pe arive.

Be la konmela letan nou vwayaze par egzanp *airport* eski nou pran kont, konmsi

nou nepli servi papye lo *airport* sa pti papye zonn ler nou pe ale, ler nou ti vini ti enn blan tou bann keksoz nou pe fer *online* konmsi. E ti annan en kantite rezistans avan, be la in fini nou'n fini abitye avek e telman abitye ki prezan in pas konmsi toultan i ti koumsa, be i pa ti koumsa li detrwa lannen pase.

E la i annan en keksoz ki pe arive ki pe ganny *champion* par Minister Finans, Komers e Planifikasyon Ekonomik, se en sistenm ki apel *Integration Financial Information System (IFMIS)* ki pou revolisyonniz planifikasyon egzekisyon e sipervizyon Bidze e i pou anmenn en kantite lefikasite dan Gouvernman. E dan bann mwan ouswa semenn ki pe vini, mon panse krwar ki nou a kapab ganny plis detay lo sa bann zafer koumsa.

E Mr Speaker, letan ki mon ti dan Sizyenm Lasanble ki mon ti *Chairperson COGA*, enn bann keksoz ki nou ti komans koz lo la se- e mon kontan tande ki Setyenm Lasanble la nouvo Komite pe *pursue* sa demars kot bann lasirans Gouvernman i kapab ganny swiv atraver en sistenm nimerik.

E sa nou kapab mazin en ki mannyer i pou anmenn lefikasite dan *service delivery* ki letan bann *MDAs* i vin la zot fer en promes e Lasanble i

kapab *follow* sa e annan en pli bon enteraksyon avek zot.

So tou sa bann ptipti keksoz, me ler nou met ansanm i pou sanz nou pei e son fason ki sitwayen i ganny servis e osi repitasyon nou pei koman en pei ki pe devlope. E lutilizasyon teknolozi lenformasyon avek kominikasyon, sertenman nou konnen efikasite ki i anmenn dan Gouvernman ki manner i redwir bann kou.

Akoz par egzantp kou loperasyon in fer redwir, lutilizasyon papye i tonbe get par egzantp dan Lasanble isi ki manner nou'n redwir lutilizasyon papye e par konsekans i anmenn en benefis pou lanvironnman, i redwir salte, bann problem *fungus* ki papye i kree a lonterm, lespas ki nou bezwen pou arshiv.

So tousala i anmenn bann keksoz pozitiv ki nou bezwen kontinyen ankouraze. Me pli enportan, enn bann keksoz ki mwan mon ti ava ankouraz bann *MDA* pou fer ozordi, se ki letan par egzantp piblik pe enterakte avek zot, i merit annan en sistenm nimerik ki en dimoun i kapab *trace* son bann dokiman kote i ete dan Gouvernman.

Ozordi zot dir mon sa i leka avek *parcel* aköz mwan mon en boug mon pa fer vini okenn bann zafer *parcel*, me

zot dir mwan ou kapab *trace* lo ki bato ki pozisyon i ete dan lemond.

Be annou mazin sa, en dimoun in anvoy en *email* ou ganny en *acknowledgement*, dan tan zour i donn ou en *update* i dir ou, ou dosye i kot tel landrwa.

Mon pe fer sa la aköz i annan en sityasyon ki mon pe dil avek pou en *constituent* dan mon distrik pou 1 mwan, mon'n *email* en antite premyerman zot pa'n *acknowledge* mon *email* e prezan la tou le Zedi mon *call* zot e mon dir zot mon pa pou aret fatig zot ziska ler mon ganny en larepons wi, ouswa non senpleman sa.

E si zot pa fer letan Bidze i vini, zot ava la mon kapab konfront zot poudir be get sa mon'n lev lanmen pou donn ou en Bidze pou ou travay be solman ou'n tret mon koumsa pandan lannen, aköz mon pou bezwen lev mon lanmen ankor? Konmsi nou pa pe fer arogan nou, solman nou oule ki sa bann keksoz nou tou nou mazin lo la ki manner nou kapab fer lavi fasil pou tou dimoun. E se sa lentansyon sa Mosyon e i ed nou pou reflexir.

E touzour dan domenn *ICT*, Gouvernman i konsyan e lenportans *ICT* dan son servis e in aktyelman ogmant son lenvestisman dan teknolozi dan Gouvernman.

Par egzanp enn bann keksoz ki Gouvernman in fer la resaman, se entrodwir 5 *fully funded scholarship* ki i pe donnen apartir sa lannen e sa i pou leka pou tou bann lannen ki devan nou. Akoz Gouvernman i rekonnèt ki devlopman dan Sekter Nimerik i sa ki pou akseler bokou lezot letap devlopman dan nou pei.

E bann etidyan ki *apply* i bezwen zis donn sa let *acceptance* sorti kot en liniversite e sa bann *scholarship* i pou par lao bann ki Gouvernman in deza bidzete tou le-z-an. Donk i en lenformasyon ouswa en keksoz eksitan, i dwatet eksitan pou bann zenn.

Mr Speaker, dezyenm vole sa Mosyon i koz lo akse avek servis. Ozordi dimoun pe gannyan akse avek servis, me solman i pa en move keksoz toultan pou nou dir be *ok* ki mannyer nou kapab amelyore, poz en kou, vir deryer, regarde kwa ki pa pe marse e demande ki sa i sanze.

E akse avek servis nou bezwen ankouraze sa, akoz bon servis i bon pou byennet popilasyon. I letan dimoun i ganny servi zot ganny plis lazistis koman dimoun ki viv dan sa pei e i ede dan lagrandisman nou nasyon an zeneral.

E enn bann keksoz ki i kapab mye ed bann *MDAs* pou vwar ki mannyer akse ek servis zot pe donnen se ki mwan mon ti ava ankouraz bann *MDAs* en fwa par an omwen annan koman dir en *AGM* pou zot bann lorganizasyon.

ICCS ozordi nou konnen i pran apepre 650 en, tro pti laba tro pti. Be selman pou bann *MDAs* i *ok*, alor zot vin la en fwa par an en Sanmdi bomaten ouswa en Sanmdi apre midi e zot annan en lesanz. *Management* i vini i prezant avek travayer plan lannen ki pe vini me partikilyerman ki mannyer sa lannen in pase e donn enkonmsi evalye zot performans, kot travayer i kapab met bann pwèn de lavan e sa mon krwar i kapab marse.

E si nou war bann lorganizasyon par egzanp *Credit Union* i fer son miting anyel pou son bann manm, *Savings Bank* i fer pou son bann manm, ki bann lorganizasyon ki annan par ki dimoun i annan par, *Seybrew* i fer be akoz en *MDA* li i pa kapab fer menm zafer?

Akoz mon krwar i pou kapab permet zot adres bann defi, bann loportinite ki zot santi poudir piblik ti ava kontan vwar zot sanze. E nou i vre ki nou koman Lasanble Nasyonan nou fer en pe

oversight lo sa bann lorganizasyon, nou annan sans enterakte avek zot.

Me pou zot antre zot, diskite, i pa neserman en move nide e sa i en keksoz ki nou ti ava kontinyelman ankouraze Mr Speaker.

Trwazyenm parti sa Mosyon i koz lo *outreach*, ankouraz bann lorganizasyon pou fer *outreach*. Dan bann mwan ki'n pase la mon'n ganny sans asiste enn de bann *fair*, lafwar, me solman in toultan kestryon zafer karyer, me solman letan mon'n laba mon'n dekouver en keksoz ki mon dir sa i fantastik.

Ou ganny sans zwenn bann profesyonnel dan diferan lorganizasyon travay e ou koz ek zot lo ki zot fer, aköz zot fer sa ki zot fer, ki mannyer satisfaksyon zot gannnen, ki mannyer piblik zot enterakte avek e nou aprann en kantite keksoz, kantite keksoz.

E alor ou kapab mazine zis par egzanp get dan sa legzibisyon ki pe fer la deor, pou bann dimoun kekfwa ki, pou bann Manm ki pa'n zanmen ouswa *staff* ki pa'n zanmen travay avek Komite COGA, ou tann nonm COGA, ou war son bann rapor lo televizyon, ou tann rapor ki fer dan Lasanble.

Me solman pou konnen vremen ou kapab pa pe antren be ler ou get sa legzibisyon la

ou apresye poudir en Komite enportan sa ki tou bann Lasanble ki swiv, mon krwar i ti komans dan Katriyenm Lasanble li, mon krwar i ti komans dan Katriyenm Lasanble, i bezwen kontinyen.

E sa kontinyasyon e ki nou'n war li telman enportan aprezan ki parti mazoriter in war li neser ki son Chair dezormen se Lopozisyon ki Chair e mon krwar sa i en presedans ki fodre ganny mentenir aköz i anmenn en benefis.

E se sa kalite dyalog ki pe fer la ozordi dan lentere piblik Seselwa, dan lentere nasyon aköz i form parti *the nation building* ki nou bezwen pou nou pei.

Bann *outreach program* Mr Speaker, i anmenn en kantite benefis aköz en lorganizasyon parfwa ler i retire avek piblik i kapab fer dimoun annan en persepsyon lo li ki pa neserman korek.

Donk zot ler zot prezan zot vin dan kominote, ou pou vwar poudir piblik zot lenpresyon lo sa lorganizasyon i kapab sanze aköz zot mye konpran ler zot annan sa enteraksyon enn lo enn avek en zofisye sorti dan sa lorganizasyon, zot mye konpran aköz ki sa lorganizasyon i egziste.

I permet dimoun konpran ki zot pe fer, zot rol e

zot fonksyon. I permet dimoun konpran kwa ki sa lorganizasyon kekfwa bann sanzman ki zot pe anmennen akoz zot oule anmenn sa bann sanzman, mye konpran zot vizyon e osi zot misyon ki zot met an plas pou zot kapab akonplir.

E i en loportinite osi pou zot anmas lenformasyon avek piblik, parski i normal pou piblik kapab donn zot *feedback* e pou zot kapab travay lo sa bann lenformasyon. En keksoz ozordi ki pa bokou *MDAs* ki annan se zisteman en mekanizm pou piblik donn zot *feedback*.

Sa ki mon konnen, mon konnen Minister Finans i annan enn se ki si ou'n annan en enteraksyon avek sa Minister ou kapab donn li en *feedback* e sa *feedback* la i pa neserman toultan i bezwen negativ, ou kapab dir; -

“Mon vini bomaten mon zwenn tel zofisye, sa resepsyonnis, ouswa sa gard sekirite, ouswa tel zofisye i ti byen servi mwan” ouswa menm “mon pa'n apresye poudir fason ki in koz ek mwan.”

Konmsi pou permet sa lorganizasyon kapab grandi i enportan sa e nou ti ava ankouraz bokou plis *MDAs* pou annan sa *feedback mechanism*, akoz i kapab ed

zot pou batir en meyer relasyon avek piblik. Nou konnen poudir zot tou ozordi zot annan zot *website*, bokou zot i annan en prezans lo bann platform *social media* tel ki *Facebook* eksetera.

Me solman en keksoz ki mon krwar ti ava byen i annan dan Sesel, mon pa konnen lekel lorganizasyon ki ava responsab pou fer se en *government portal* - en *website* kot ou ale ki tou bann *MDAs* i ganny liste lo la e zis ou *click* par egzanp pou a vwar *National Assembly* ou *click* lo li i anmenn ou lo *website* Lasanble Nasyonal.

Akoz souvandfwa si ou pe rod en keksoz ou bezwen ale *Google* pou ou kapab ariv laba, konmela *directory* telefonn nou nepli servi, rar ou pou war en dimoun pe servi akoz in *outdated* me ou bezwen ale *Google* pou ou kapab ganny limero telefonn.

So si ti annan en *government portal somewhere* - i kapab *DICT* ki fer i anmenn ou direk lo sa *website* e la i ava annan osi son bann paz rezo sosyal si en dimoun i anvi enterakte avek zot laba, me pli enportan i ava annan tou bann lenformasyon lo sa antite ki en dimoun pe rode.

Donk mon krwar ki i annan en kantite lespas, i annan en kantite lespas pou amelyorasyon par tou sa bann

MDAs partikilyerman dan Servis Piblik ki mon'n profite pou mon limit mon prezantasyon lo la.

Felisitasyon pou bann keksoz ki zot pe fer byen, me silvouple pran not bann kritik ki piblik i fer, e pa bezwen pran sa bann kritik malapropo, akoz nou konsyan poudir apre tou bann *public servant* ki nou fanmir, i nou zanmi, i nou konpanyi, i nou bann zanmi lekòl, nou bann ser ek frer dan menm legliz avek nou.

So pli enportan zot bann Seselwa parey nou, so bann kritik ki nou fer vizavi zot i senpleman pou ed zot *build up*, pour ki nou nasyon e nou pei i al avans devan.

Donk an konklizyon Mr Speaker, mon ti ava dir ki pou nou kapab grandi koman en nasyon e 2 an avan ki nou selebre nou Senkantyenm Lanniverser koman en pei endepandan nou bezwen dezormen annan en servis piblik, nou bezwen annan en sekter prive e en Sekter Lantrepriz Piblik e osi Sekter Non-Gouvernmental ki *forward thinking*, ki pare pou travay avek tou bann partner anndan ou an deor zot sekter respektif.

Akoz ler zot fer sa zot pour pe ed pei fer lezot keksoz - parmi promouvwar la demokrasi akoz letan dimoun

i santi poudir i kapab enterakte avek en lorganizasyon, i kapab met en konplent de lavan, i ganny en servis dan en dele letan ki rezonnab e akseptab, i byen pou nou. E sa bann antite zot bezwen met lanfaz direk e bokou lanfaz lo enteraksyon avek sitwayen, me pli enportan ankouraz zot sitwayen partisip dan deroulman rod sa bann lorganizasyon.

Donk mon krwar i en bon Mosyon ki nou pe diskite lo la e mon krwar bann rekomandasyon ki ava sorti kot Lasanble Nasyonal ki ava al kot bann sekter konsernen, i ava ed zot partikilyerman pou zot kekfwa resanz en pe zot bann target ki zot pe met dan Bidze.

Akoz la letan nou pe koze zot dan staz Bidze, osi zot bann *challenges*, zot bann sa ki zot pou vin avek nou dan Lasanble byento, ki i pa ava en legzersis *copy and paste* ki nou'n vwar avek bokou bann *MDAs* me ki nou ava vwar vremen i annan en leksitasyon pou *revamp* sa bann lorganizasyon ki la pou deservi piblik e nou pei Sesel. Mersi Mr Speaker.

MR SPEAKER

Mersi Onorab. Mon ava apel bann Manm ki reste pou koze pou limit zot pou 15 minit.

Onorab Woodcock, ou annan laparol.

HON WAVEL WOODCOCK

Mersi Mr Speaker. Mr Speaker, mon pou koz an faver sa Mosyon ki pe demande pou lenplimantasyon e amelyorasyon servis *digital* nimerik dan sekter piblik e osi dan sekter prive angiz avek bi pou amelyor *service delivery* dan nou pei.

Mosyon devan nou i met lanfaz lo bezwen pou annan bann sistenm nimerik ki *reliable* e efikas dan nou pei dan bann Minister, departman e lazans, Gouvernman, *MDAs* e menm dan sekter prive, bann biznes pou met an plas bann *mechanism* pou fer akse pli fasil pou manm piblik e osi pou anbark lo en programm sansibilizasyon lo servis nimerik e benefis ki i pou anmennen pou nou sitwayen, pou nou zabitan.

Mr Speaker, en tel linisyativ i esansyel pou progres ek devlopman nou nasyon, nou pei. E dan sa lemonn enter konekte ozordi ki nou'n *coin* en *global village*, servis *digital* i nepli en *luxury* me i plito en nesese. I founi en fondasyon pou operasyon efikas, transparan en aksesib, ki enportan pou non selman bann lenstitisyon piblik me osi bann biznes prive.

Premyerman, enplimantasyon sistenm *digital* permanan e aktiv dan tou landrwa travay pou amelyor lo bokou lo lefikasite sa bann diferan landrwa travay, sa bann diferan parey mon'n dir bann *MDAs*.

Dan sekter piblik sa pou redwir e redwir birokrasi e pou ranforsi prosedir e redwir letan pou delivre servis avek nou sitwayen. Par egzanp i pou ede lo kote *digitalize* bann *records* e prosedir dan Biro Gouvernman pou permet akse pli vit avek lenformasyon. I pou redwir nesese servi papye e minimiz lerer imen.

I pou fer *service delivery* vin pli vit e ogmant satisfaksyon piblik lo bann diferan servis ki Gouvernman i donnen.

E Mr Speaker, pandan letan *COVID*, ler *COVID* ti tape, *COVID* in osi fors en pe nou lanmen; in ede osi dan en serten sans pou fer ki bokou bann servis Gouvernman in forse pou *move online* pli rapidman, pli vit. E ozordi nou war dan plizyer *MDAs* peyman in bouz *online* menm dan sekter piblik osi dan sekter prive.

Onorab Gervais Henrie, in koz lo ozordi i annan plizyer bann departman, bann lazans kot ou kapab *submit* bann diferan laplikasyon *online*, menm si mon pa tronpe

Planning osi konmela ou kapab *submit* ou plan *online*, ou kapab *submit* ou *tax return online*, i annan plizyer bann lezot servis kot *Registrar* partou ki ozordi zot servis in bouz *online* kot ou kapab *submit* ou bann diferan aplikasyon.

Bann *online services* in ogmante dan nou pei sirtou apre ki nou'n pas atraver pandemik *COVID-19*. Ozordi Mr Speaker, menm lokalman Sesel ou kapab *order* bann prodwi *online*.

Konmela i menm annan bann diferan pti *take aways*, bann restoran ou kapab *order* bann manze *online* e i annan bann *scooter* ki *deliver* sa bann keksoz kot ou lakour, kot menm pou bann diferan prodwi lokalman ou kapab *order online* ou kapab *order* lo rezo sosyal. E i annan menm bann pti biznes ki ozordi i pe kre bann *App* kot ou kapab al *online* e ou *request* bann diferan servis.

E menm zisteman resaman ti annan en vizit ki Komite pou *Communicable Diseases HIV/AIDS and Sexual Reproductive Health & Rights Committee*, ti fer en vizit Praslin zot ti pas kot Klinik Grand Anse Praslin.

E dan sa vizit nou ti osi ganny dir poudir sa nouvo sistenm sa *Health Information System*, byento i pe ariv lo

Praslin kot i pou ed en kantite akoz ou pa bezwen *request* en *file* ler en pasyan ki sorti Grand Anse i al Baie Sainte Anne ou bezwen *request file* sorti Grand Anse.

Kot *online* tou bann lenformasyon i pou *online* dan en *database*, ki pou fer li pli fasil pou en Dokter zis tap ou non lo *computer* e deswit tou ou bann rikord medikal i pou aparet devan li olye ki nou ti bezwen servi sa bann papye fer desann *file* isi laba.

E sa i met bokou retar e parfwa *file* i disparet, ouswa menm parey mon'n koz lo la pli boner i annan en bann *human errors* kot kekfwa serten lenformasyon ki'n ganny mete dan sa bann *file* i pa neserman azour, ouswa i annan serten lenformasyon ki manke.

Dan sekter prive, sistenm nimerik i ede dan zesyon e *management* bann resours. I pou amelyor servis ki kliyan i gannyen e ogmant konpetitivite. Biznes ki adopte sa transformasyon *digital* pou kapab optimizm zot operasyon, pran desizyon baze lo *data* e ofer servis pli efikas e amelyor servis ki kliyan i gannyen ki sa bann biznes i donn zot kliyan.

Sa pa zis benefisye bann biznes Mr Speaker, me zot osi ankouraz inovasyon e osi ede

dan krwasans lekonomi nou pei Mr Speaker an zeneral.

So Mosyon pe osi demann Gouvernman pou etabli *mechanism* pou asire ki piblik i kapab fasilman ganny akse avek sa bann servis nimerik *digital*.

E sa i en laspe enportan akoz sikse sistenm nimerik i depan lo zot *usability*, lo si i *user friendly*. Si tou dimoun i kapab ganny akse avek si i aksesib e si i fasil pou dimoun servi. Akoz i annan diferan kous nou popilasyon sa ki zenn, sa ki aze e sa ki *middle age*, sa ki petet lo kote son ledikasyon i en pti pe pli eleve.

So bann lenstitisyon piblik ek antrepriz prive, i devret asire ki zot platform *digital* i frazil pou servi e osi pli enportan se ki i osi *secure*, kot i pa pou *easily* ganny *hacked*, kot lenformasyon piblik, lenformasyon en endividi i kapab war dan piblik son bann lenformasyon prive.

Sa i bann keksoz ki ou bezwen fer sir ki ler ou pe ofer sa bann servis nimerik i bann lenformasyon ki ganny *uploaded* i *secure*, i *safe*, ki demen i pa pou ganny *leaked* lo rezo sosyal ouswa lezot dimoun i ganny akse avek bann lenformasyon prive.

E i enportan ki servis nimerik i osi vin pli enkliziv kot tou dimoun parey mon'n dir, i kapab ganny akse avek

irelevan ki zot stati, irelevan ki zot laz, irelevan ki zot stasyon dan lavi, irelevan ki zot nivo akademik.

E bann sistenm nimerik parey mon'n dir i merit *cater* pou tou laz e abilite e ofer plizyer langaz e asir mezir sekirite pou protez *data* e lenformasyon bann kliyan.

An plis ki sa, pwen dakse piblik parey koman e i bezwen enportan pou piblik kapab akse sa bann servis, akoz kekfwa pa tou dimoun ozordi ki annan akse avek *internet*. Sa en keksoz ki mon krwar nou pou bezwen get ladan an mezir ki pri *internet* Sesel i vin pli abordab, plis dimoun i kapab ganny akse avek.

Me pour bann kekfwa ki pe ganny difikilte, ki pa toultan pe ganny akse avek *internet*, mon krwar i pou enportan pou ou osi annan bann sant bann *public access* kot dimoun i kapab ale parey dan serten Biro Gouvernman, kot sant kominoter, *library*.

E kot nou annan en sistenm en pe parey ki ozordi nou war sirtou bann *Telecommunication Companies* pe servi sa ki nou apel bann *digital kiosk*, kot i annan bann *kiosk* ki parey *Cable* ek *Airtel* ozordi i servi, kot ou kapab ale, fer ou peyman.

E menm ozordi *Airtel*, *kiosk* e osi *Cable* zot ofer bann lezot servis kot ou kapab fer

peyman ou bil elektrisite, bil delo e plizyer servis e *Intelvision* osi.

E *why not* dan serten landrwa piblik osi i annan sa bann Gouvernman, i kapab mazine pou met sa bann *kiosk* dan serten landrwa piblik, kot dimoun i kapab ale e ganny akse avek serten sa bann Servis Piblik.

E menm kot bann Biro Gouvernman ki ou met sa bann *kiosk*, olye ki dimoun i bezwen al met en laliny zis i ale lo la parey nou'n war parey mon'n dir kot *Cable* ouswa *Airtel* ou al kot sa bann *kiosk* e ou *input* ou bann lenformasyon.

E si ou bite i toultan annan en dimoun la, ki en dimoun konpetan, ki konpran ki mannyer pou servi sa sistenm kot i kapab ed bann dimoun ki vini ki petet pa ofe avek mannyer pou servi sa bann sistenm *digital*, sa bann *kiosk*, sa dimoun i kapab eksplik zot en pti pe ki mannyer pou servi, *obviously* avek tou konfidansyalite san ki i pe ganny akse avek lenformasyon sa bann kliyan.

So sa Mr Speaker, i pou amelyor akse avek sistenm nimerik e asire ki tou sitwayen - parey mon'n dir menm avek zot diferan stati sosyoekonomik, i kapab benefisye avek sa bann servis nimerik.

So mon'n osi koz lo-mansyonn program sansibilizasyon; i enportan ki bann program sansibilizasyon i efikas akoz i esansyel pou ankouraz dimoun pou servi plis sa bann servis *digital* nimerik. Sa bann program i devret konsantre - bann program sansibilizasyon i devret konsantre lo edik piblik lo disponibilite e benefis servis nimerik *digital*.

Osi byen ki fourni lenformasyon lo fason pou servi sa bann diferan servis, i kapab ganny fer parey mon'n dir dan plizyer fason atraver bann *workshop* ki'n organize, atraver bann *seminar*, bann *tutorial online* bann pti *spot* lo televizyon, bann *Facebook reels* i kapab ganny organize pou amelyor *digital literacy* - literas nimerik parmi nou popilasyon.

An plis ki sa partenarya avek lenstitisyon ledikasyon i kapab ganny etabli pou entegre literasi *digital* dan *curriculum* lekòl, pou asire ki zenerasyon fitir i byen prepare pou en lemonn *digital* e en lemonn *AI*. Ozordi lemonn pe bouz ver en *essentialized network* parey Onorab Loze in koze boner in koz lo *boxing* teknolozi.

Yer nou fek debat lo en *Bill* lo *Virtual Asset* Mr Speaker. So zefor

sansibilizasyon i devret osi enkli konpanyi targete pou ariv osi kot bann ki dimoun ki otreman kapab, pou asire ki personn pa ganny kit deryer dan sa revolisyon nimerik.

I enportan pou kre en kiltir enklizyon *digital*, nou kapab donn pouvwar tou sitwayen pou partisip totalman dan lekonomi ek en sosyete *digital* Mr Speaker.

Ozordi en zanfan koman i ne dam laz 1 an, 2 an ou war li pe kapab servi en *tablet* e i kapab servi en *smartphone* e sa i direksyon ki pei pe evolue pe bouze.

So i en Mosyon enportan ki plizyer Manm lo nou kote latab in koz lo la, Onorab Loze sel Manm ki'n koze lo sa Mosyon lot kote latab e in fer bann pwen valid sirtou lo ledikasyon nou zenn nou servis nimerik lo *AI*, lo *decentralized network* e lezot topik ankor.

Mon konnen ki lo Zil Pros nou bezwen plis sa bann servis - mon ti'n war Onorab Uranie lev lanmen boner mon prezimen ki i ti pe al koz lo konteks Zil Pros, me apre in met son lanmen anba.

E ozordi nou pe koz lo *working vacation* - lo *business leisure* ki *combine work* ek *travel*. Travay dan en lot *setting* en *setting* pli *relax* e Sesel i kapab ankouraz sa ki i pou osi ed nou *tourism* Mr

Speaker, ed sa Sekter Tourizm grandi avek bann dimoun ki vin lo *working vacation*.

An konklizyon Mr Speaker, Mosyon devan nou i adres en bezwen kritik pou nou nasyon par soutenir sistenm nimerik, permanan e aktiv ki pou fer li fasil pou manm piblik ganny akse avek bann diferan servis.

An mezir ki nou kontinyen met lanfaz lo bann program sansibilizasyon efikas, nou pe pran en pa enportan Mr Speaker, ver modernizasyon nou servis e amelyor kalite servis, e amelyor kalite lavi nou sitwayen, nou pep, nou zabitan Sesel.

Avek sa 2 mo Mr Speaker, mon pou siport sa Mosyon akoz i enn ki mon santi i annan bokou merit e ki nou tou dan sa Lasanble nou merit siport sa Mosyon. Avek sa 2 mo mon dir ou mersi Mr Speaker.

MR SPEAKER

HON FRANCOIS ADELAIDE

Mon a dir zot mersi. Mersi pou zot konprenezon yer ki zot in les mwan ale bomaten. Be ozordi apre midi mon vreman kontan, pou mwan kapab adres Mosyon Onorab Mondon, vi ki Onorab Mondon osi i sorti dan sid, parey mon ti dir dan enn mon koze ki mon pou travay pou rezyon sid was.

E sa Mosyon letan mon pe gete, i pou benefisye nou

sirtou bann rezyon sid was ki, nou pa pe dir ki nou parey zot ti dir lontan nou reste dan bwa, non. I annan bokou loportinite kot nou.

Me selman akoz nou en pti gin en pe lwen avek petet bann servis, vi ki oparavan devlopman ti antre zis dan lavil. E la tou dernyerman nou war bann devlopman ki pe konsantre dan sid was.

Menm parey nou pe get nou semen, nou lalimyer, nou pe vin pli byen ki anvil. E i enportan osi ki nou ganny sa bann servis parey Onorab Mondon in dir dan son Mosyon, pou ki nou osi nou kapab bouze.

Akoz nou osi annan bokou parey mon pe dir, i annan bokou bann biznes, bokou bann sitwayen ki vreman entelizan e osi sa bann zafer platform nimerik i en keksoz ki nou servi bokou. So, Mr Speaker, ler mon pe gete, ankor mon pou koz lo rezyon sid was. Tou le bomaten ler ou pe desann pe vin anvil i en problem.

Dan Lasanble detrwa fwa nou'n anmennen sa Mosyon, pou ki nou redwir abouteyaz konsesyon sorti dan sid, sid les sirtou akoz nou perdi bokou letan dan laliny transpor, laliny trafik.

E sa i fer nou ariv anvil en pe an retar, menm par ler mon annan bann travayer ki

ganny bokou problemn avek zot bann dimoun ki ansarz zot. Akoz zot krwar nou fer ekspre, me non nou pa fer ekspre, me problemn i egziste depi en pe letan.

E atraver sa Mosyon ki Onorab Mondon in anmennen, byensir i pou redwir en kantite sa bann lanbarasman, ki ozordi nou pe fer fas avek Mr Speaker. Sa Mosyon letan mon pe gete, mon'n kas li an detrwa bout, avek bi amelyor servis. Byensir, servis kot i merit amelyore mon krwar i enportan.

E nou konnen ki aktyelman nou annan en Gouvernman ki vremen dinamik la, e zot pe fer sir zot pe fer tou keksoz pou kapab adres sa size. Akoz menm si nou'n tann Prezidan Larepublik dan son 3 *State of the Nation Adress*, sa zafer servis pou delivre dan domenn servis piblik i en problemn.

E nou tou nou'n avoue ki vremen sa i en problemn pou nou pei. I pa vedir ki nou pe blanm travayer. E petet *mindset* i devret sanze. E si nou annan en Gouvernman ki dinamik, mon krwar entrodwir sa bann *platform* nimerik, mon krwar i pou ede pou ed bokou bann dimoun sirtou bann platform nimerik, mon krwar i pou ede.

I pou ed bokou bann dimoun sirtou bann ki ganny

bokou fristrasyon akoz keksoz pa marse amwen ki *MNA* i telefonnen. La ou tande poudir papye ti la, papye fek sorti in al lot kote.

Me si ou annan sa bann platform, dimoun a kapab pli kominike avek Departman Gouvernman *be it* Gouvernmental ouswa prive, pou ki i ava annan sa *2 way communication*. E dimoun a vremen konnen kote i sitye li. E ki i ekspekte e kan ki i ekspekte petet i annan bann ki dan biznes, i annan bann ki pe rod en travay, i annan bann ki pe rod en lenformasyon.

E ler zot ava annan en platform ki zot a pe kominike, i ava menm kapab kit rikord pou a lavenir si i annan okenn ka i ava pli fasil pou bann dimoun kapab... ki bann dimoun i ava pli kapab swa rod rekour ouswa okenn keksoz. Me selman i ava annan rikord.

Aprè sa Mosyon Mr Speaker, mon pe gete i pe dir nou pou fer bann program *outreach*, mon krwar sa i enportan, konnen akoz menm mwan letan mon ti fek komans mont lo rezo sosyal ouswa pou servi bann platform nimerik mwan osi mon ti en pe dan dout, akoz ou pa zanmen konnen lekel ki kapab akse ou bann lenformasyon. Lekel ki kapab petet pe fer bann lezot keksoz ki ou, ou pa ti ava

kontan ki i pe arive avek ou. E sa osi pou bann piblik ki petet premye kou zot pe antre dan bann rezo sosyal, ouswa lo bann platform nimerik, tou kou i annan en krentif.

E la sirtou si ou pe koz lo bann kote bann tranzaksyon finansyel parey mon bann koleg in dir, sa tou kou i annan en kalite mefyans, petet zot krwar i pa ase an sekirite. E petet zot kapab perdi sa ki zot in travay bokou letan pou zot gannyen. Menm ki laplipar dimoun i dir nou zot rezo i *safe*, me tou kou nou tande poudir i annan bann *hacker*, i annan bann mannev ki sey detourn sa bann dimoun.

E par ler i annan sa bann dimoun ki perdi zot bann byen. E mon krwar i enportan dan bann program *outreach* ki swa Gouvernman, swa prive nou fer sir ki nou donn piblik bann lenformasyon ki vreman itil e vreman *up-to-date* pou ki nou kapab kre sa konfidans. Pou ki dimoun a kapab servi sa bann platform nimerik.

Mr Speaker, par egzanp mon pou donn en legzanp osi kote i pou ede. Nou, nou krwar petet zis nou pe koz bann dimoun ki dan biro, ouswa petet en pti gin en pe pli - mon pa kapab dir - en pe pli edike ouswa pli malen, me selman zot konpran mwan. Mon pa pe dir ki sa sekter petet bann dimoun pa edike. Mon konnen

zot byen edike, aköz zot kapab fer bann keksoz ki nou, nou pa kapab fer.

Mon annan en Lasosyasyon Peser Baie Lazare, pa mwan ki annan. So, nou'n ede pou nou kapab met en Lasosyasyon Peser e i pe marse. Me selman ti annan en konplent ki zot ti dir mwan, sak fwa zot bezwen sorti pou al lapas si zot oule sorti Dimans swar zot pa kapab sorti, zot bezwen esper 8 er edmi bomaten aköz zot bezwen enform Lotorite Lapas pou dir zot pe sorti.

E sa i fer ki par ler menm si i depan ki kalite mare ler zot pe espere pou telefonnen, telefonn pa pran; mare ba i fini arive zot pa kapab sorti pou zot al lapas. Me par egzanp, si ou ti annan ou en platform nimerik, mwan mon pe koz lo sa nivo - en peser i anvi al lapas, i pa kapab ale, aköz i bezwen telefonn kot Seksyon Lapas pou li enformen.

Me si i ti annan en fasilite, e mon konnen poudir tou peser konmela bann Baie Lazare zot annan zot *iPhone*, zot annan zot *Android* e zot kapab fer sa bann kontak pou ki zot kapab sorti pli boner. E menm ler zot pe retournen, zot kapab enform bann dimoun ki kalite pwason osi zot in gannyen. E sa osi i ede dan fer desann pri lavi parye nou pe dir. Ler nou peser i laba nou

fini konnen ki nou pe al kwi se nou. Nou'n fini rod nou zepis boner, e ler i vini nou ganny nou pwason.

So, i bann keksoz tre, tre senp ki nou kapab ki ler nou pe get sa Mosyon petet ler bann dimoun i gete i war sa Mosyon en pe konplike. Me non i en Mosyon ki pou vreman fasilite nou lavi si nou tou... Mon konnen Gouvernman, prive e mon kapab admet osi poudir bann endividi osi en i bezwen osi en keksoz ki bann endividi osi i pran li o serye.

E pou ki si nou tou nou mazin pou nou viv en lavi pli konfortab, pli *easy*. Mon krwar sa ti devret en topik ki nou pou adrese. Mr Speaker, sa size i enn ki vreman enportan parey nou pe dir *time is money* si nou perdi bokou letan byensir nou pou ganny pti gin larzan. E si nou kapab vin pli efektiv mon krwar ki nou kapab fer, nou kapab fer en pli bon keksoz.

Mr Speaker, sa Mosyon parey mon dir i en bon Mosyon. Me selman mwan osi mon krwar petet i annan enn de bann pti dezavantaz ki si petet nou pa fer li byen, i annan enn de bann pti keksoz ki petet i annan enn de bann dimoun pa pou kontan. La parey mon pe mazin poudir ler nou pe al lo sa sistenm nimerik, petet platform

mizikal, petet osi pou annan enn de bann *job* ki pou bezwen, ki pou bezwen perdi.

E la mon pe mazin mon zanmi faktor, mon pe mazin mon zanmi faktor la ki si vreman nou bouz lot *digital*. E... wi, wi (*Laughter*). Si nou bouz lo *digital* byensir petet bann zafer let byensir nou pou koup en bon pe. E petet osi i ava en lavantaz pou zot, zot a kapab viv en pe pli lontan akoz bokou zot ti ganny morde avek lisyen. E la petet la i ava redwir sa bann aksidan ki arive.

Mr Speaker, i annan son lavantaz i annan son dezavantaz. Me mon krwar parey tou mon bann koleg in dir fodre nou kapab aksepte. E nou pou bouze e fodre nou bouze pou ki nou tou nou kapab konpran lo ki sans nou pe vini. E petet ki mannyer nou kapab ede, ki mannyer nou kapab ede kanmarad pou nou kapab vreman aksepte sa nouvo sanzman ki pe vini.

Mr Speaker, zis mazin nou fek sorti dan *COVID 2019/2020*. E petet si tou dimoun nou bezwen mazin si nou ti napa bann platform nimerik kot bann dimoun kantmenm zot ti kot zot, zot ti kapab *work from home*. Kantite larzan petet pei ti'n kapab perdi, e pa akoz ozordi ki tou keksoz in eklersi ki nou bezwen bliye ki sa pratik ti egziste.

E nou bezwen kontinyelman ankouraze pou ki sa osi parey nou pe dir nou pe koz fer desann pri lavi, *time is money* pou ki nou bann dimoun pa pe sorti dan distrik e pe desann pe vin anvil en ta letan dan laliny trafik. E menm bann keksoz ki zot ti kapab fer kot zot, i vin sitan prodiktiv ki ler zot pou dan biro. E ki zot osi zot kapab fer sa bann keksoz pou ki pei i benefisyé, e zot osi zot benefisyé zot fanmir i benefisyé.

Mr Speaker, en lot keksoz ankor ler mon pe mazin ankor en kou lo la. Mon pe koz bann keksoz ki pou benefisyé mon bann dimoun dan distrik parey mon pe dir sid was ler nou pe get parey sa kart bis. Tou dimoun ti per, zot ti vin dan Lasanble la ti fer en ta kankan zafer kart bis wi, pa pou kapab isi. Be ozordi preski napa ditou konplent, aköz konmela tou dimoun pe servi zot kart bis. *SPTC* pe anmas en pe plis larzan, e dimoun i satisfé nou pa bezwen trenbal en ta larzan en ta Roupi. Me zot annan en kart, zot antre dan bis zot pase zot ganny zot servis zot kapab anbark dan bis.

So, par ler i annan enn de bann dimoun ki en pe negativ lo bann nouvo lide ki vini. Me selman i normal ki tou dimoun par ler i annan son krentif ki i

annan lespas pou li kapab koze, pou li kapab *voice out* son krentif. E bann *expert*, zot kapab gid nou, zot kapab ankouraz nou pou ki tou dimoun i kapab *embrace* sa bann teknolozi ki vini. E i ava fer nou lavi en pe fasil.

So, Mr Speaker, parey mon'n dir sa Mosyon i en Mosyon ki vreman i dan bon direksyon. Mon remerci mon koleg, mon konnen ki lo osi i *hustle* en bon pe. Parey mon dir i sorti dan sid ek mwan, i konn bann problem nou bann dimoun dan distrik. E sa ou a dir mwan an boug ki konekte.

E mwan mon pou donn li mon sipor, pou ki mon ava kapab donn en koudmen mwan osi pou anmenn lavwa bann dimoun sirtou bann dimoun parey mon pe dir pa dan bwa, avek bann dimoun en pe dan lakanpany kot i annan bokou devlopman kot nou pe anbras bokou devlopman.

Me selman zis aköz konsantrasyon avan ti fer tou biro preski anvil, so, ki nou bezwen vwar nou pe pey lepokase. Me selman mon konnen poudir avek nou lekip ki dan sid was mon krwar nou pou fer en bon program pou ki finalman avek sa bann Mosyon ki nou pe anmennen sirtou parey sa enn ki Onorab Mondon i anmennen ki sa

bann servis i ava vin posib, a vin posib dan nou distrik menm kantmenm dan ou salon ou a kapab fer ou biznes. E sa byensir i ava anmenn plis larises pou ou avek ou fanmir e pou pei an zeneral. Avek sa 2 mo Mr Speaker, mon remersi ou e mon dir mon koleg kont lo mwan pou en sipor. Mersi bokou Mr Speaker.

Mr Speaker, Sesel napa en Polisi Nasyonal spesifikman pou *digitalization* pou le moman. Me selman depi ko pandemik *COVID-19* in fer nou koman en pei reflesir lo lafason ki nou fonksyonnen, ki swa koman en Gouvernman oubyen bann biznes prive in annan en sirkiler ki *Public Service Bureau* ansanm avek *DICT* in fer sorti boner sa lannen, ki pe demann tou bann Minister e Departman Gouvernman pou devlop e soumet zot plan *digitalization* avek lotorite konsernen.

E dan zot plan zot pou bezwen spesifye ki mannyer zot pou entegre teknolozi dan zot bann loperasyon avek le bi amelyor lafason ki lenformasyon i ganny *manage* avek lentansyon pou ankouraz inovasyon e alors ogmant produktivite.

An 2021 Mr Speaker, en Komite Nasyonal o nivo ti ganny kree pou devlop *digital economy* kot lasistans teknik

Plan modernizasyon par Labank Santral i tonm dan sa domenn *digital economy* kot bann modalite peyman in ganny amelyore. E sa in fer ki in annan rediksyon dan bann *fees* lo *SEFT payment* Mr Speaker. Sa i zis en legzanp, i annan plizyer lezot legzanp ki'n ganny site avan par mon bann koleg ki'n entervenir lo zefor ki Gouvernman in deza pe antreprann dan sa laliny *digitalization*.

Onorab Georges in koz lo *GIS*, i fer mwan mazin lensidan Cascade Mr Speaker, le 7 Desanm ler bann marmay sorti anba kot *Planning* ti vini pou al lo teren deswit boner sa zour, son landmen pou al vizite bann lakour ki ti'n ganny afekte. Zot ti'n devlop en *app* byen vit ki ler zot ariv kot en lakour deswit i dir zot ki sa *parcel number* lekel propriyeter sa lakaz.

E ki deswit lakantite domaz ki sa letan zot ti pe klas

li par 3 kategori *severe*, *moderate* apre pli ba ki deswit zot konnen poudir lakour Philip Monthy in ganny tel grad domaz. E ki apre sa lenformasyon i ganny pase avek SIA pou ki bann lezot *follow up* i ganny fer e ki bann lasistans i ganny donnen.

I annan pe dir olye kart bis ti ava met lo telefonn. Nou'n komans par kart Mr Speaker, pa tou dimoun ki annan en *smartphone* pou le moman.

Petet pli tar ler popilasyon tou dimoun i ava annan en *smartphone*, nou ava transfer li lo telefonn. Me pou le moman sa travay in ganny fer. *Health Information System* ki lezot koleg in koz lo la, kot bann file kliyan ennler i perdi oubyen ou annan bann lasanm ki ganny ranpli zis avek bann file fizik ki tousala i ganny eliminen tou lenformasyon i ganny *store digitally*.

I annan plizyer lezot domenn ki *digitalization* i kapab antre ladan, e fasilite akse avek lenformasyon. E se sa ki Mosyon pe demande Mr Speaker, so ki sa bann zefor ki pe ganny fer i akselere. E ki dan tou sekter piblik menm dan biznes prive parey Mosyon pe fer referans, sa i ganny fer ki pou ki akse a lenformasyon i vin en keksoz pli fasil.

Enn bann pli gro defi Mr Speaker, ki'n nou'n tann koz lo la konmela se servis piblik. Parey ler mon'n komans mon lentervansyon mon'n dir. E souvan sa bann defayans i bann defayans imen. E mon santi ki Mosyon Onorab Mondon si i al dan sa laliny i pou ede retir en kantite sa ki nou dir fristrasyon dan servis piblik ki serten nou bann zabitan i manifeste. Ki sa i pou ganny tire avek *digitalization*.

Mon pa pou long lo la Mr Speaker, Mosyon i enn ki fer sans ki bouz pei de lavan. E ki Gouvernman depi ki nou, nou'n vin o pouvwar pou

annan en *e-Government* i en priyorite, bokou travay pe ganny fer ladan. Bokou plis i demann ganny fer avek en pe plis rapidite pou ki sa bann diferan servis i ganny vin a disponibilite nou bann zabitan. E alor mon vwar ki Mosyon li menm i annan son merit tre enportan pou lavenir e devlopman Sesel.

E ede ki servis ki ganny ofer par a nou zabitan i ganny ofer a en fason pli senp, pli fasil, pli direk pou fer ki zot lavi i vin pli fasil Mr Speaker. Avek sa detrwa mo, mon pou donn mon sipor sa Mosyon anmennen par Onorab Mondon. E mon espere ki Gouvernman i ekoute tou sa ki pe ganny dir. E kot neser plis zefor i ganny fer pou amelyor sa sekter Mr Speaker. Mersi.

Mersi Onorab. Bon mon annan ankor 2 Manm ki pou koze, Onorab Cosgrow ek Onorab Pillay. Amwen ki i annan lot Manm ki anvi entervenir. Mon a ferm lalis la, e nou a pran en poz e nou a rebran 4 er. So, tre byen nou ava pran en poz.

(BREAK)

MR SPEAKER

Bon, nou a rebran lo deba. Laparol pou Onorab Cosgrow.

HON WALLACE COSGROW

Mersi Mr Speaker. Bonn apre midi Mr Speaker. Bonn apre midi tou dimoun. Mr Speaker, mon pran laparol lo Mosyon apre midi la pou mwan fer sorti enn de bann pti pwen, ki petet mon santi ti ava enportan ki bann manm piblik e nou menm bann Manm Lasanble Nasyonal nou pran konsiderasyon ler ki nou pe debat lo sa Mosyon.

Annefe Mr Speaker, ler mon get sa Mosyon mon tir omwen 3 pwen esansyel ladan, enn, se ki Onorab Mondon pe demann pou amelyor servis. Dezyenm, i pe demande ki asire ki i annan sistenm nimerik pou asire ki i annan en sistenm nimerik. Amelyor servis atraver sistenm nimerik. E trwazyenm, ki piblik i ganny akse fasil avek sa bann servis.

Dan li menm Mr Speaker, sa bann demann ki Onorab in fer dan atraver sa Mosyon mon krwar i enn ki zistifyab. E i enn ki fer sans dan lafason kot petet nou anvi bouze koman en pei, koman en nasyon an sa ki konsern servis nimerik dan bann aktivite ki swa biznes ou menm atraver servis piblik.

Mr Speaker, me selman ler mon asize mon'n ekout bann entervenans ki'n koz avan mwan, sirtou bann

entervenan lo kote latav, lot kote latav entervenan *LDS* i fer mwan realiz en keksoz Mr Speaker. Tou sa bann lavansman e sa zistans kot nou'n arive ozordi i vedir en keksoz Mr Speaker. Pou mwan i vedir ki pandan sa 43 an, nou pa'n ditou en kales kase parey serten in fer nou krwar.

Akoz ozordi ler mon'n ekout bokou sa ki bann Onorab lot kote latav in dir, zot in koz lo tou bann lavansman, tou bann posibilite ki annan, tou bann fasilite ki ozordi i annan Sesel pou nou kapab bouz lo en sistenm nimerik, en lekonomi nimerik li menm pli vit posib. E pou nou ariv lo sa lot letap ki petet nou anvi arive e petet ki nou devret arive Mr Speaker.

Mr Speaker, finalman ozordi Mr Speaker, nou'n tande ki i annan en kantite bon keksoz parey mon'n dir ki'n permet penetrasyon teknolozi dan Sesel. In permet penetrasyon teknolozi pou nou kapab annan bann diferan lavansman ki nou'n tann bann Manm pe koz lo la.

Zot in koz par egzanp lo *e-commerce*, kot ozordi nou war bokou sirtou bann zenerasyon en pe pli zenn, pe fer komers atraver bann platform nimerik, atraver par egzanp *Facebook*, *Instagram*, bann *Apps* e bokou lezot

platform ankor. E sa ozordi Mr Speaker, i fasilite en kantite bann pti mwayen lantrepriz pou zot kapab fer en perse dan sa ki ti *otherwise* en bann marse tradisyonnal, ki ti ganny kategorize par egzanp par bann *physical* laboutik, bann marsan ki ti'n deza etabli. E bann gro, gro biznes ki zot ti kontrol marse e ti difisil petet pou si ou napa kapital pou ou antre e al fer serten perse dan sa bann marse.

Me ozordi platform nimerik i permet nou, i permet zenn avek en pti morso kapital en pti *starter capital*, ozordi i kapab fer en perse avek son biznes *e-commerce*. Zot in koz Mr Speaker, lo bann lakonpanyen *Internet*. Onorab Georges in koz lo 3 lakonpanyen *internet Cable & Wireless*, *Airtel* e osi *Intelvision*.

Mr Speaker, sa se bann baz ki'n ganny mete parey mon'n dir pou kapab permet sa penetrasyon teknolozi ek lavansman teknolozi. Zot in koz osi Mr Speaker, lo lakantite *users of internet* e kantite dimoun ki servi *mobile phone* enkrwayab letan zot pe koz lakantite dimoun ki servi *mobile phone* plis ki nou popilasyon. Annefe petet i annan dimoun ki annan 2 telefonn, i annan telefonn lakonpanyen.

Me selman ler ou pe gete *per head*, par tet dabitant in enkrwayab, i bokou. Dimoun in adopte in *embrace* teknolozi *mobile phones* e nou konnen poudir avek *internet*, avek *mobile phones* tou i posib, tou i posib. Boner Onorab Loze in koz lo dan plas fer en kart bis, akoz nou pap ti al *all the way* pou nou fer sistenm *digital* parey bokou pei Lerop, Lazi pe fer.

Ou pran telefonn ou vini ou poz lo sa masin dan bis, i vini i dir i retir lakantite larzan ki ou bezwen peye, i dir ou konbyen i reste lo ou kont ou kapab *top up*, ou kapab *recharge* ou *account*. So, posibilite avek telefonn i enkrwayab. E ozordi nou annan sa loportinite, akoz nou annan statistik lo lakantite telefonn ki annan dan pei e kantite Seselwa ki pe servi *smartphones*.

E nou konnen Mr Speaker, nou annan statistik ki poudir i annan lakonpanyen *internet* ki pe *provide internet*. E deplizanpli *internet* Mr Speaker, i pou bezwen i napa lot swa *internet* pou bezwen vin pli abordab e i pou bezwen pli aksesib dan sans *speed* e lafason ki i ganny delivre kot bann lakour e bann telefonn.

Mr Speaker, zot in osi koz lo bann diferan platform *digital* ki'n ganny kree. Partou

apre *COVID* i annan bann dimoun ki'n kre bann platform parey mon'n dir pou fasilite biznes. I annan bann biznes zot menm, bann *main businesses* ki la ki'n antre dan lekonomi Sesel, zot osi zot pe bouz *digital* akoz zot in war lavantaz pou pep Seselwa pou zot bann kliyan *consumers* isi me osi pou zot bann enteraksyon ek zot bann *consumers*, zot bann *suppliers or consumers* aletranze.

Me tousala Mr Speaker, in parey mon'n dir boner i bezwen annan en komansman - i bezwen annan en komansman en baz ki'n permet tousala arive. Sa komansman sa baz Mr Speaker, sa i enportan. Dan nenport ki pei ki pe bouz ver lekonomi nimerik sa ki mon pe al dir la dan sa bann keksoz la i labaz parey Angle i dir, *it's the backbone of a digital economy*.

Mr Speaker, letan nou koz lo *backbone of digital economy* i annan *Information Technology Infrastructure*. Ozordi Sesel nou annan nou en bon lenfrastruktir teknolozi ek telekominikasyon. Nou annan *internet*, nou annan telefonn, nou annan nou 3 lakonpanyen ki solid. E nou annan bann lenfrastruktir telekominikasyon ki kapab konekte nou avek *everywhere* kot nou anvi ete dan lemonn.

I annan Manm ki'n dir taler mon kapab dan en pei deor, mon ganny tou mon lenformasyon tou mon detay atraver mon *service provider* Sesel. Mr Speaker, nou annan nou - me selman avan mon al lo la Mr Speaker, *next step* prezan si nou dir nou anvi bouze sa ki la i bann lenfrastruktir ki nou koman en Gouvernman nou ti mete.

Me si nou anvi bouze ozordi, mon *challenge* Gouvernman LDS ozordi mon dir zot *brings to the next step*. *Starlink*, annou pa peze si nou anvi, nou senser avek sa Mosyon ki Onorab Mondon in anmennen pou nou fer lekonomi vin pli nimerik, pou nou avans teknolozi dan bann biznes sekter prive avek Gouvernman annou bouz pli devan.

E nou konnen ki poudir *Starlink* ozordi i en fason, bann pei pe adopte. I en fason ki mannyer nou bouze, nou ganny *internet* pli vit, e dimoun i ganny lendepandans pou zot kapab fer zot bann travay, zot bann biznes dan en fason pli efektiv e pli efikas. So, mon *challenge* Gouvernman ozordi, annou asize get en kou *Starlink* met lo latab get en kou posibilite i annan pou nou kapab bouz pli vit avek sa bann zafer nimerik e teknolozi.

Mr Speaker, i osi annan sa bann *issues* par egzanp sa bann zafer par egzanp *storage*, *cloud storage* kot bann biznes i bezwen en kantite *storage* pou zot bann lenformasyon, pou zot bann keksoz ki zot prodwir or ki zot bezwen stoke, *store*. Nou bezwen annan bann fasilite pou bann *storage*, *sorry* - ki nou pa bezwen investir en kantite dan bann *physical infrastructure is the next step* pou nou bouze.

Nou pa bezwen investir en kantite dan bann *infrastructure*, *servers and everything* nou al dan *cloud*. Mr Speaker, *cyber security* ozordi i enportan. Taler en Onorab in dir pou dir ler i ti komans servi bann *digital platform*, bann par egzanp *Facebook* i pa ti tro sir akoz i ti pe mazin sekirite son bann lenformasyon.

Nou annan ozordi en *Cyber Security Law*. So, tousala i bann keksoz ki'n ganny met an plas, in ganny fer labaz prezan annou servi sa bann platform, sa bann zafer ki'n fini ganny met an plas pou nou bouze pou nou al anver sa ki Mosyon Onorab Mondon pe demann nou. Mon lot pwen Mr Speaker, i sa ki nou apel *digital skills* avek *education*.

Ozordi nou annan nou en kantite zenn, *middle age*

Seselwa ki'n ganny *train* dan sa domenn atraver ledikasyon lokal. Me osi atraver ledikasyon eksteryer kot zot in ganny *train* a en o nivo. E nou annan osi bann zenn ki edik zot lekor dan sa domenn e zot vin bann dimoun tre doue - pa neserman al dan bann laklas formel, me zot in edik zot lekor atraver kiryozite, atraver pasyon ki zot annan pou sa domenn.

Ozordi i annan dimoun pe fer *Apps*, i annan dimoun pe fer *coding*, *programing you name it* - mon pa tro, tro ofet ek sa zafer. Me selman mon konnen i annan dimoun ki pe fer. E zot pe fer en kantite keksoz petet pa tou ki nou tandé, me i enportan ki nou fer levanter e nou realize ki poudir potansyel ki sa bann dimoun i annan.

Sa Mr Speaker, sa ki mon'n koz lo la i en pti pe *the backbone of* ki mannyer nou pou kapab bann keksoz ki'n ganny met an plas ki pou vin parey en *spring board* pou nou kapab bouz dan sa lot letap ki nou devret ozordi pe bouze. Mon a donn 3 legzanp Mr Speaker, kot lafors nimerik li menm i kapab vin en lavantaz pou nou sitwayen.

Premye legzanp Mr Speaker ki mon pou donner, i an relasyon avek bann *digital platform* par egzanp pou bann artis. Ozordi si ou en artis ki

par egzanp dan lanmizik, i annan *Sportify*. I annan *Apple Music*, i annan *YouTube music*. Ou nepli bezwen asize avek en *CD* ouswa en *pendrive* ouswa esper radyo zwe pou ou ganny en pti *royalty*, ou kapab al lo sa bann platform e i *available* pou Seselwa. I *available* mon krwar i annan artis ki pe deza servi sa bann platform pou kapab fer larzan, pou ou kapab anvoy ou lanmizik.

E lo sa bann platform ou lanmizik i kapab ariv partou dan lemond. E pou kwa pa nou war nou bann artis pe fer bann perse parey bann artis *Afrobeat* pe fer Lerop partou. I en posibilite sa Mr Speaker. Mr Speaker, *YouTube* ozordi i en nou tou parfwa nou antre lo *YouTube* nou al rod en pti lenformasyon en pti *video* en pti zafer.

YouTube i enportan Mr Speaker, i fantastik; enkrwayab ki mannyer ou kapab asize kot ou avek *YouTube* Mr Speaker. Par egzanp, ou asize dan ou salon dan ou sofa ou met *on*, ou war Konvansyon *LDS* pe pase, ou war napa preski ditou dimoun dan lasal ...

... an konparezon avek en *rally US*, en *rally US 40* ekek mil *views* dan Anse Aux Pins avek

YouTube Mr Speaker. E ou vwar li, ou vwar li byen. So, sa bann loportinite ki teknolozi Mr Speaker, ozordi i donn nou. Ou konpran Mr Speaker? E la Mr Speaker, nou konpran ki poudir parey Onorab Henrie in dir nou konpran ki poudir *Election Commission* pe rod bann fason ki manner pou adopte teknolozi dan Sistenm Eleksyon.

A fer sir... (non) ou'n dir eleksyon, pa ou'n dir eleksyon me prezan mon pe eksplike ki manner eleksyon...

(Interruption)

MR SPEAKER

Onorab, silvouple les Onorab Henrie.

HON WALLACE COSGROW

... fotespere avek en *platform digital* pou eleksyon, letan i dir ou le 28 Septanm 2025 *US* i ganny laviktwar atraver *platform digital* Mr Speaker. E mon asir ou ki sa pou arive Mr Speaker! Mr Speaker, en trwazyenm legzanp ki mon pou donner i bann laplikasyon ouswa sa ki nou apel *Apps* ki bann pti biznes, bann *SMEs* i kapab servi pou zot kapab *advertise* zot bann biznes e fer marse zot bann biznes.

Selman sa i enportan, e mon krwar sa i en lakle. Par egzanp sirtou bann biznes ki

fer *delivery* or bann dimoun ki - or menm bann lezot biznes ki vann keksoz. Sa ki enportan mon krwar nou bezwen annan en sistenm *digital advertising system* kot i fer pli fasil kot sa *app* i kapab servi sa sistenm ladres pou kapab *locate* ou, pou kapab fer *delivery*. E pou fer keksoz bokou, bokou pli fasil.

Petet menm i kapab ganny servi par bann *taxi*, nou pa konnen demen bomaten *Uber* **IBBS* ouswa *Uber* Transpor li menm i kapab antre Sesel, *Just IT*. Tousala i kapab posib Mr Speaker, or nou kapab annan nou prop laplikasyon Sesel ki fer menm parey sa ki *Uber* i fer oubyen sa ki *Just IT* i fer.

So, sa i bann legzanp kote teknolozi nimerik i kapab anmenn nou dan le fitir. E Mr Speaker, i fasinan i emerveyman ki manner, ki potansyel kote ki zistans nou kapab arive.

Me selman *at the same time* Mr Speaker, ler nou pe koz lo demokratizasyon servis ouswa lizaz sistenm nimerik nou bezwen senser. Nou bezwen senser dan sa demars Mr Speaker, akoz nou pa anvi ki ler nou'n ouver laport, nou'n dir avek nou sitwayen ale investir fer, koze, dir kot i byen, dir kot i mal apre nou ser keksoz Mr Speaker avek tro bokou regilasyon.

Sa i enportan, nou pa kapab larg keksoz apre ser keksoz avek tro bokou regilasyon. Nou bezwen kapab...

(Interruption)

MR SPEAKER

Onorab, mon regret ou pa'n pran laparol pli boner. Me selman mon'n met en limit 15 minit.

HON WALLACE COSGROW

Mon pe al fini la mon Mr Speaker.

MR SPEAKER

Mersi. *Ok.*

HON WALLACE COSGROW

Mon pe al fini, ankor dan 1 minit mon fini.

MR SPEAKER

Ok.

HON WALLACE COSGROW

So, nou pa tro anvi ki i annan tro bokou regilasyon ki apre nou war nou sitwayen i pri. En legzanp Mr Speaker, regilasyon. Ozordi nou konnen i annan en Lalwa *Penal Code* ki pe vini, konsernan ki mannyer dimoun i koze lo *Facebook*. Nou anvi ki dimoun i koze lo *social media*, nou anvi ki dimoun i koze partou, me fodre pa ki nou siprim son

lekspresyon atraver regilasyon.

Tousala nou bezwen gete Mr Speaker, akoz nou pa kapab zis lo en kote nou large. Be lot kote apre nou anmare. So, letan nou pe dir large, so nou large pou ki Seselwa i kapab debourye e fer keksoz. So, Mr Speaker, mwan mon annan konfyans ki poudir ozordi nou'n ariv en kantite zistans avek sa zafer teknolozi e nimerik.

Me par kont nou ankor annan en kantite potansyel koman en pei, koman en pti pei pou nou kapab benefisye avek sa ki lemonn teknolozi, e lemonn nimerik ozordi i annan pou ofer. E mon demann tou dimoun, tou biznes, tou Seselwa e mon demann Gouvernman pou osi met an plas bann nouvo striktir si fodre.

Yer nou'n koz lo *crypto currency*, nou'n koz lo *Virtual Asset Law* - met tou bann keksoz posib pou ki Seselwa i kapab antre dan sa domenn Mr Speaker. Avek sa Mr Speaker, mon pou remerisi ou. E pou mwan sa Mosyon i en pa dan en direksyon kot mon krwar Sesel i devret pe ale Mr Speaker. Mersi.

MR SPEAKER

Mersi. Mersi Onorab. Laparol pou Onorab Pillay.

HON SEBASTIEN PILLAY

Mersi Mr Speaker. Pandan sa lazournen, plizyer Manm in entervenir lo en Mosyon ki okenn dimoun ki pou lir li pou konpran son lideal, e lesansyel ki sa Mosyon i anmennen. E bokou nou, nou'n koz lo bann laspe pozitiv ki annan pou fer ek sa Mosyon e son lentansyon. Premyerman, nou bezwen realiz teknolozi i la pou fer nou lavi pli fasil.

E dan en fason pli senp pou nou konpran li, kot lontan ou ti bezwen oule kontakte ou fanmir ki reste aletranze, ou bezwen ekrir li en let. Pa tou dimoun ki ti annan akse ek telefonn. Ozordi atraver *WhatsApp* ou kapab *video call* li, war li ler ou pe koz ek li. So, sa i montre ou ki mannyer teknolozi i kapab fer nou lavi bokou pli fasil, gard nou konekte.

Me i osi bezwen fer keksoz vin pli efikas. Par egzantp dan bann Antite ki donn bann servis i devret pli fasil pou en dimoun kapab fer son laplikasyon, san ki i bezwen fizikman al dan sa bann biro, ganny en larepons dan en dele letan, ranpli bann form, donn bann lenformasyon.

Me lo son kote negativ, pa negativ me son problem ki nou annan se ki ou bezwen osi etabli sa kapasite pou *filter* sa bann lenformasyon, etabli

bann mekanizm pou kapab donn bann larepons dan bann letan ki neser.

Kot par egzantp en dimoun ki fer laplikasyon pou en proze kot *SIB*, i bezwen donn menm lenformasyon en lot landrwa, donn menm lenformasyon lot landrwa. Ou vwar plizyer fwa diplikasyon lenformasyon oubyen triplikasyon lenformasyon, ki si ou pe koz lavansman teknolozi pa neserman fer sans. Ou bezwen annan en fason pou dil ek sa.

E nou bezwen aksepte poudir Sesel kot in arive ozordi, i pa'n ariv zis koumsa menm in ariv atraver travay plizyer dimoun. Mon felisit Gouvernman ki'n la avan, Gouvernman *US* ki'n kontribye pou zisteman fer nou ariv sa zistans.

In fact Mr Speaker, ler mon pe get lo Nasyon mon vwar ki an se Prezidan Faure ki ti siny sa lagreman pou en dezyenm *submarine cable*.

Me ler mon get Nasyon resaman, se Prezidan Ramkalawan ki ti pe koup riban pou sa *submarine cable*. Konmsi, mon pwen i se ki nou *build* lo sa ki pas avan. *We stand on the shoulder of giants*, akoz i annan dimoun ki'n vini ki'n kontribye ki'n fer nou ariv sa zistans.

Menm si mon rapel byen dan Sizyenm Lasanble, *LDS*

son mazorite pa ti tro, tro an faver dezyenm *submarine cable* ler ti ganny anonse dan Lasanble.

In fact, zot ti apel sa koman en zot ti konsider sa koman en keksoz *farfetched*, pa realistik. Me mon war li pe koup riban, so i montre en pti pe nou lespri, nou lentansyon. Rezon mon dir sa Mr Speaker, se akoz malgre nou'n ariv sa zistans ki nou'n arive i annan ankor pou nou fer - nou bezwen al pli lwen. Nou bezwen kapab etabli lezot mekanizm pou nou kapab fer serten keksoz.

E mwan mon pou reste *focus* lo ki rol bann lenstitisyon Leta dan asire ki lavansman teknolozi i ganny fer dan en fason e dan en lanvironnman ki pozitiv. Pa dan en lanvironnman restren. Onorab Cosgrow ki'n koz avan mwan in mansyonn *over regulations of the technology sector*. I pe vini e tre byento nou pou war Leta fer *state capture* an sa ki konsern teknolozi si nou sitwayen, si bann parti prenan, bann politisyen parey nou menm, pa debout akote sitwayen pou defann bann drwa a lekspresyon e bann drwa a akse avek teknolozi.

Par egzanp sa *Penal Code* ki'n ganny gazete, ki nou vwar pa pe kapab ariv devan Lasanble. Nou tande i annan

let ki serten antite in ekrir Lasanble ki nou pa pe kapab vwar. Tousala i montre ou ki mannyer zistans ki Gouvernman i oule ale, ler in fer en fot kot in restrikte akse, i pa le les nou konnen kwa egzaktaman ki pe pase.

E sa i montre ou en pti pe karakter Gouvernman parfwa, kot i santi poudir ozordi teknolozi petet i pa son meyer zanmi ki mon vwar sa en kwensidans drol akoz se en Manm lo kote mazoriter ki'n anmenn sa Mosyon. Ki pou mwan dan mon lopinyon i en Mosyon ki montre ou lideal kote en pei an zeneral i devret ale.

Mr Speaker, i osi montre ou ki mannyer nou koman politisyen nou benefisye atraver teknolozi. Atraver teknolozi nou kapab *reach* plizyer dimoun, bokou plis dimoun. Bokou bann politisyen i servi bann *Facebook accounts*. I annan politisyen ki servi bann *fake accounts*, atraver ou Onorab Woodcock i konpran en pti pe sa bann keksoz, i konverzan ek *Facebook*. I konpran byen bann sityasyon bann *fake accounts*, kot i ganny servi.

So, i annan bann diferan aktivite ki ganny fer atraver teknolozi pou ki dimoun i kapab pas zot bann lopinyon. Mwan mon konsider sa en pti pe *cowardice*, akoz si ou

annan en keksoz pou dir en dimoun, ou dir li fran ou pa bezwen al anba en non oubyen en profil ki pa pou ou.

Me sa i bann keksoz ki teknolozi i permet nou fer, pou nou *reach* en lodyans pli larz kot nou kapab fer nou bann komantr.

E sa lodyans pli larz i ganny sans war bann diferan keksoz ki pe ganny fer, ki sityasyon bann parti politik kot nou pe ale. E sa ki nou politisyen en keksoz enportan. So, i en keksoz ki nou bezwen siporte, lavansman teknolozi i dan lentere gard nou zabitan enformen.

Mr Speaker, par egzamp yer nou'n atraver teknolozi atraver *YouTube*, nou'n kapab gard Seselwa enformen kan Minis i dir nou to mortalite dan pei in desann, me nou vwar lakantite dimoun ki pe mor Sesel i kontinyen ogmante. Ou konpran? Se sa atraver teknolozi, atraver *YouTube* nou'n kapab fer dimoun war sa.

Par egzamp, nou'n kapab fer dimoun war kot letan, kote *US* ti annan en Mosyon lo *Order Paper*, ki ti pe koz lo zisteman sor bann vye dimoun, e donn zot en meyer kondisyon. Petet al ver logmantasyon dan Sekirite Sosyal Lasanble ti blok sa kestasyon. E sa Mosyon ozordi

pa pe kapab pase ziska lot term.

Me nou vwar dan Konvansyon *LDS*, malgre ti napa bokou dimoun dan sa Konvansyon, Prezidan pe koze ki mannyer lannen prosenn zot pou donn zot pou fer monte Sekirite Sosyal, zot pou fer sa bann keksoz.

Tousala, nou kapab war atraver teknolozi ki permet nou ganny akse a lenformasyon. E se sa lesansyel ki nou pe dir ozordi, teknolozi i permet nou pou vwar en kantite keksoz ki pa ti neserman ti fasil pou nou vwar. Me ki teknolozi osi i permet nou? Par egzamp nou kapab lavansman dan domenn dan ledikasyon, kot teknolozi i ganny entegre dan laprantisaz pou fer ki zanfan i devlop plis.

Par egzamp la mon regard en program, mon mazin en program ki ti komanse anba Gouvernman *US* sa Program *myON* ki ozordi i en program ki permet bann zanfan ganny akse avek en *online library*, kot zot kapab lir plizyer liv lo plizyer size, e partisip dan bann aktivite ki ede ek epanouisman *knowledge*, dan lepanouisman laprantisaz nou bann zenn.

Nou osi kapab vwar ki mannyer bann kour a zistans par egzamp, kot par lepase ti pli difisil pou fer kour a

zistans. Ozordi en etidyan Seselwa i kapab fer son kour a zistans atraver teknolozi ki permet li *acquire* en Degre, e atraver sa Degre al ver en louvraz ki a permet li ganny en pti pe plis larzan, devlop son kapasite pou li kapab sonny son fanmir pli byen.

Tousala posib atraver teknolozi. Be i annan bann *downside* ki arive. Par egzanp Mr Speaker, wi, nou'n entrodwir en *Health Information System*. Me eski bann kestyon par egzanp ki nou kapab demande letan ki pran pou fer antre lenformasyon dan sa sistenm pa pe fer ki bann *waiting time* dan bann klinik, dan bann landrwa dan bann sant lasante sirtou bann sant lasante mazer i fer ki bann *waiting time* i ogmante. Kot ou tann dimoun i dir ou i vin lopital tel ler, i pas li 4erdan, 5erdan pe espere.

Oubyen eski en lot problemm pli sistemik kot i annan en *failure* serye dan Sistenm Lasante. Tousala, i bann kestyon ki nou kapab demann nou lekor. Me lavansman teknolozi in permet nou pou fer sa, pou nou kapab annan en Sistenm Lenformasyon Lasante kot nou kapab met bann lenformasyon bann pasyan dan sa sistenm dan sa striktir.

En lot *area* enportan Mr Speaker, kot teknolozi in ed nou par egzanp se atraver sa *webGIS system* ki'n la pou en bon pe letan. Pa zis ler le 7 Desanm Cascade. Me in la pou en kantite lannen, e bann eksper ki'n travay lo la in fer en bon travay pou ki ozordi nenport ki, ki annan akse avek *webGIS* i met son nimerò later. E la i konnen kote sa later i sitye, i kapab war son bann *beacons*, i kapab war tou son bann lenformasyon.

Tousala, i bann lavansman ki'n permet nou fer lavi pli fasil atraver teknolozi. Me kwa ki'n *let* teknolozi down toultan se regilasyon, e striktir an plas ki *whilst* nou fer keksoz pli vit, nou osi rod en fason pou nou fer li pli restren. Kot nou met bann *approvals subject to plizyer layer*, nou kre bann birokrasi ki pa permet nou avans keksoz dan en fason parey nou'n avanse.

Sa ki nou, nou bezwen apresye koman politisyen, i se ki nou la pou nou defann lentere popilasyon ki'n met nou la. En Mosyon parey, i al dan lespri pou ed popilasyon fer en lavansman. Me fodre pa sa lavansman i ganny kontrole par okenn personn oubyen okenn lezot antite, ki oule kontrol lafason ki popilasyon i panse, lafason ki popilasyon i azir.

Alors i neser pou nou annan sa bann konversasyon. I neser pou nou kapab trouv bann mwayen ki mannyer nou fer lentegrasyon teknolozi vin en keksoz ki pa zis en keksoz koman en keksoz lanmod, me i vin en keksoz pratik dan nou lavi toulezour. E ki mannyer nou koman en pei, sirtou en pti pei nou kapab devlop sa ki nou apel bann *smart cities of the future*, kot lentegrasyon teknolozi i fer ki en kantite bann servis oubyen bann sistenm an plas i ganny fer atraver teknolozi.

Par egzanp Mr Speaker, pou kwa pa, nou annan nou en sistenm kot *emergency* kot si i ariv en lensidan kot ou annan en sistenm camera mon konpran Anse Royale pe fer debrouy pou met zot bann *cameras*. Mon felisit Onorab pou zefor ki in mete avek sa, e mon swete ki bann lotorite konsernen i donn li sipor pou fer sir ki son proze i realize. Kot si i ariv en lensidan dan distrik, sa sistenm i kapab alert par egzanp sant komann lapolis, oubyen alert lopital ki annan en nesosite pou *deployed* en lanbilans oubyen en lot servis ki neser a sa moman.

Provided byensir Mr Speaker, ki Gouvernman i get son *act together* e asire ki nou annan lanbilans pou *deploy* ler nou bezwen deplway

lanbilans pou al kot bann dimoun. En lot *area* enportan Mr Speaker, kot nou kapab entegre teknolozi se dan lafason ki nou *monitor* sanzman klima. Kot par egzanp nou kapab etablir bann *sensors* pou *monitor* sanzman dan kondisyon delo o bor lakot pou nou vwar nivo polisyon ki pe antre lo nivo lakot.

So, i annan tout en seri bann posibilite pratik ki nou kapab fer. Me dan tousala mon krwar, e mon konpran Onorab in met tou bann akter bann parti prenan. Enn bann parti prenan ki pou bezwen *lead the way* se li menm li Gouvernman. Me apre bann lezot dimoun pou bezwen fer li.

Resaman en dimoun ti pe koz mwan lo *cyber city* Moris, e Sesel ti annan plan pou etablir en *cyber city* ki malerezman i pa'n materyalize. Me nou bezwen vwar ki mannyer nou bann diferan antrepriz i fer antite dan nou pei, i osi rod fason pli fasil pou entegre teknolozi dan lafason ki zot fonksyonnen.

Lavansman en *POS system* atraver bann diferan *retailers*, i sipoze ed *SRC* an sa ki konsern koleksyon taks. Tousala i montre ou ki mannyer sa i kapab vin ede pou ki pei i vin pli efikas dan lafason ki i fonksyonnen. Enn bann keksoz selman ki reste

sagrinan dan tousala, i se ki *the cost of* sa teknolozi toultan i en keksoz ki fer li difisil pou tou dimoun kapab ganny akse avek.

E se sa ki nou bezwen rod en fason dan sa demokratizasyon teknolozi; parey nou'n sey demokratiz lenerzi renouvlab pou rod fason pou fer sir teknolozi pa zis ganny entegre, me i vin abordab pou lamazorite dimoun.

Me dan sa afordabilite Mr Speaker, e mon krwar Onorab Loze in mansyonn sa, fodre pa ki nou pei i vin en *dumping site* pou bann teknolozi, oubyen bann sistenm ki lezot dimoun in fini fer li vin absolli e prezan i ganny vin *dump* isi e apre nou bezwen vin son repositwar. I enportan sa Mr Speaker.

Akoz koman en pti marse, parfwa nou pa pou ganny latansyon parey en gran marse i gannyen. E nou pa pou ganny menm sistenm kontrol ki vin ver nou. E se pou sa rezon ki Onorab atraver son Mosyon e son rekomandasyon, ki mon prezimen bezwen demann Gouvernman pou fer, se pou ki i annan en sistenm kontrol ki ganny met an plas, pou asire ki kalite teknolozi ki antre i toultan sa enn ki avanse. Ki nou pa zanmen reste deryer sa

lavansman, akoz toultan nou pou bezwen zwe *catching up*.

Me byensir toultan i reste lefe ki *catching up* i en keksoz ki vin natirel avek lavansman teknolozi. Alors Mr Speaker, mon konpran lentansyon ozordi apre midi. Mon bezwen dir ki piblik Seselwa i tann mwan byen, ki a en moman donnen ti annan zis 2 Manm pou koze lo sa Mosyon. E ki finalman nou'n war kantite bann Manm lo kote *LDS* in lev lanmen.

E mon *share* sa avek piblik, akoz i enportan pou zot konnen ki lo *Order Paper* ti annan en lot Mosyon pou Onorab Vidot. E ki mon santi poudir Lasanble pa'n anvi sa Mosyon Onorab Vidot pase avan *recess*. E alors se pou sa rezon ki nou'n war plizyer Manm lot kote latab koze, menm bann ki'n koze ki'n dir ou i pa pe koz bokou letan. Ti pou koz 2 minit sepa 3 minit, me selman apre zot in koz pou en demi erdtan.

Sa i montre poudir en Mosyon ki annan pou fer avek lentere nou bann dimoun aze pa kapab pase, kan nou ti'n fini dil avek e lot kote ti'n eksprim sipor pou Mosyon Onorab Mondon ozordi. Alors Mr Speaker, sa i montre karakter nou Lasanble. I montre direksyon ki nou Lasanble i oule ale.

Mon oule felisit bann entervenans lo mon kote latab ki'n koze lo sa Mosyon. Mon krwar nou'n fer zistis Mosyon Onorab Mondon. Nou'n eksprim nou sipor pou son Mosyon. E nou'n montre atraver son Mosyon i kapab annan serten kantite keksoz pozitiv ki kapab sorti avek.

E nou swete, e la nou swete ki sa i ganny fer aköz i pa fer premye fwa Lasanble pou pas Mosyon. Me nou pa konnen ki arive ek sa bann Mosyon ler nou'n pase, aköz paret ki Gouvernman pa enterese pou ekout nou, aköz nou pa war naryen ki arive avek bann Mosyon.

Alors, ankor enn fwa mon lans en lapel avek Gouvernman ler Mosyon in pase pou pran konsyans sa ki'n ganny pase dan sa Mosyon e pou met an pratik bann rekomandasyon kot i kapab met an pratik bann rekomandasyon ki'n ganny prezante dan sa Mosyon.

Avek sa Mr Speaker, mon remerci ou pou letan ki ou'n donn mwan e pou Lasanble pou son latansyon. E pou piblik Seselwa ki'n ekout mwan pandan sa bref lentervansyon ki mon'n fer. Mersi Mr Speaker.

MR SPEAKER

Mersi Onorab. Laparol i prezan pou Onorab Mondon

loter Mosyon, pou reponn lo deba.

HON TERENCE MONDON

Mersi Mr Speaker. Mr Speaker, mon oule tou dabor remerci sa 10 Manm ki'n entervenir lo sa Mosyon. Sa i en Mosyon ki pe ankouraz tou antite piblik ou prive pou ralye deryer sa zefor nasyonal pou entrodwir bann sistenm nimerik ki pou fer lavi nou pep bokou pli fasil.

Bokou legzanp in ganny donner lo bann linisyativ ki plizyer antite in pran ki'n amelyor servis ki zot ofer piblik. Plizyer Manm in osi rekonnèt ki nou bezwen fer plis e plizyer legzanp in ganny donner.

Sa nivo partisipasyon lo sa Mosyon in ede an reisir deba e mon ekspekte ki dimoun ki pe ekout nou pou kapab sezi kote nou ete ozordi dan sa monn nimerik, kote nou anvi anmenn nou pei, e ki nou bezwen fer pou annan en lekonomi nimerik.

Mon'n apresye refleksyon ki plizyer Onorab in avanse dan sa direksyon. I bann pwen ki fer konsyan, ki malgre nou en pti pei avek serten spesifisite, nou pa kapab les nou ganny kit deryer. Nou bezwen prepar nou lafors travayer pou sa monn nimerik. Mr Speaker, aprezan mon pou pran enn de bann pwen ki

bann Manm in fer resorti dan zot entervansyon.

Mon komans avek Onorab Romain, kot in donn legzanp nouvo linisyativ ki *PUC* e Lakonpanyen *Telecom* in pran pou amelyor servis ki zot ofer zot kliyan. In osi dir ki bann Servis *Online* i devret pli *user friendly* pou bann dimoun sirtou bann ki pa konverzan avek teknolozi. E in sizer atraver program *tv*, e bann latelye spesifik.

In osi koz lo *job fair* ki Minister Lanplwa ti organize resaman kot i annan bokou lanfaz lo teknolozi e sistenm nimerik. Onorab Philip Arissol, in met lanfaz lo partisipasyon tou dimoun dan sa transformasyon nimerik. E in koz plennman lo konseps enklisivite ki devret kontinyen e ganny valorize. Onorab Labonte, in remersi e felisit Gouvernman pou bann linisyativ parey sa sistenm *cashless* ki *SPTC* in enplimante.

Sa *Health Information System* ki'n vin an operasyonnel depi 2021, i pe anmenn en Servis Swen Lasante lo en lot nivo. Onorab Loze, in fer sorti serten pwen pertinan ler in demande lekel teknolozi ki pou *lead* dan evolisyon nimerik. In koz lo *web 3* ek *blockchain* ki pe kre son prop idantite nimerik. Byensir sa lentegrasyon *AI* e

blockchain teknolozi i ozordi en lafors transformativ ki pou depas lezot teknolozi.

Onorab in dir nou, annou rod lavantaz sa lavansman dan sa nouvo zenerasyon teknolozi. Mon antyerman dakor sa size fitir lafors travayer i osi aparet anba sa stratezi devlopman nasyonal pou lannen 2024 a 2028. Sa volonte politik i la e Onorab Henrie in dir nou ki provizyon in ganny fer pou donn 5 *scholarship* pou letid avanse dan domenn nimerik.

Alor, mon krwar sa linisyativ i pou al tre lwen, pou ankadre nou lafors Seselwa dan lefitir dan domenn nimerik. Mon oule soulinyen osi ki reform Sistenm Ledikasyon pou akomod sa nouvo realite ki nou fer fas avek ozordi, i osi en priyorite stratezik ki'n ganny adopte dan sa stratezi devlopman nasyonal. Onorab Georges, Mosyon in dir ki Mosyon in vin a en moman apropiye. E Onorab in pran bann en legzanp *Starlink* koman en lenfrastruktir nimerik ki annan potansyel ranforsi servis *internet*. Mon krwar ki nou bezwen pran kont son lavantaz e dezavantaz en tel lenfrastruktir.

Mr Speaker, Onorab Henrie in koz lo teknolozi lenformasyon e telekominikasyon e in dir ki en

kantite keksoz pe arive dan nou pei. Legzanp ki kantite landrwa ki pe donn servis nimerik pe kontinyen ogmante. Plizyer nouvo sistenm pe ganny entrodwir, tou sa pe amelyor servis ki piblik pe gannye avek bann antite. In koz lo akse avek servis, e in met lanfaz lo sa program *outreach* kot in donn plizyer legzanp lo bann size ki nou devret pe reflexir pou anmenn nou servis piblik lo en lot nivo.

Onorab Woodcock, in dir ki sa Mosyon i annan bokou merit e ki nou bezwen kontinyen ek sa bann linisyativ pou donn en pli bon servis. In dir ki servis nimerik i nepli en *luxury* me plito en nesese. E in koz lo servis piblik kot nou bezwen ki sistenm nimerik pou ede redwir birokrasi, redwir letan ki en dimoun i pran pou ganny en servis, e redwir litalizasyon papye dan bann biro.

In donn plizyer legzanp kot *services delivery* in amelyore. Onorab Woodcock in osi koz lo sa *Health Information System* pou benefisy zabitan Praslin ler sa servis i ariv lo zot zil. In koz osi lo *kiosk* nimerik, pou ganny akse ek bann servis e lenformasyon enportan.

Onorab Adelaide, in koz lo zabitan sid was ki reste lwen avek plizyer servis enportan e

esansyel. E i dir ki bann dimoun ki reste lwen i devret pe ganny akse avek servis atraver sistenm nimerik, e sa i pou annan en reperkisyon osi lo sa problem trafik ki bann dimoun sa rezyon i fer fas avek toulezour.

Onorab Adelaide, in donn en legzanp kot i nesese pou annan en platform nimerik pou ed son zabitan. En legzanp en servis pou bann peser ki bezwen enform Lotorite Lapes sak fwa ki zot bezwen sorti pou zot al lapes, e zot pa pe ganny sa servis dan Dimans. E en servis *online* ti a vreman ed zot kapab ganny sa servis.

Onorab Philip Monthy, in fer resorti ki lenportans sa Mosyon dan sa travay ki nou bezwen fer koman en Manm Lasanble. E i dir ki akse avek en sistenm nimerik i ti ava ede e permet bann dimoun ganny akse avek zot prop lenformasyon, e pou konnen kote zot bann *case* i ete. I osi repas lo bann travay ki pe ganny fer pou kre en bann platform plis platform nimerik.

Lanfaz i lo lobzektif sa Mosyon pou ranforsi sa transformasyon nimerik dan tou landrwa travay. Mr Speaker, i annan bokou ki'n ganny dir e mon apresye tou sa bann kontribisyon ki bann Manm in fer. E mon oule a lafen dir ek Onorab Pillay, in
